Russian Foreign Policy In The Post Soviet Era Reality Illusion And Mythmaking

Vaughn P. Shannon, Paul A. Kowert

Russian Foreign Policy In The Post Soviet Era Reality Illusion And Mythmaking:

Russian Foreign Policy in the Post-Soviet Era B. Lo, 2002-08-12 In the first comprehensive treatment of its kind Bobo Lo examines the course of Russian foreign policy in the decade following the Soviet collapse Adopting a conceptual approach he identifies the principal ideological and institutional factors that have influenced the thinking of decisionmaking behind the policies Bobo Lo challenges many of the conventional assumptions that have dominated much of the preceding literature on Russian foreign policy

Russian Foreign Policy in the Post-Soviet Era, *Russian Foreign Policy in the Twenty-First Century and the Shadow of the Past* Robert Legvold, 2007-03-27 Because the turbulent trajectory of Russia's foreign policy since the collapse of the Soviet Union echoes previous moments of social and political transformation history offers a special vantage point from which to judge the current course of events In this book a mix of leading historians and political scientists examines the foreign policy of contemporary Russia over four centuries of history The authors explain the impact of empire and its loss the interweaving of domestic and foreign impulses long standing approaches to national security and the effect of globalization over time Contributors focus on the underlying patterns that have marked Russian foreign policy and that persist today These patterns are driven by the country's political makeup geographical circumstances economic strivings unsettled position in the larger international setting and above all its tortured effort to resolve issues of national identity The argument here is not that the Russia of Putin and his successors must remain trapped by these historical patterns but that history allows for an assessment of how much or how little has changed in Russia's approach to the outside world and creates a foundation for identifying what must change if Russia is to evolve A truly unique collection this volume utilizes history to shed crucial light on Russia's complex occasionally inscrutable relationship with the world In so doing it raises the broader issue of the relationship of history to the study of contemporary foreign policy and how these two enterprises might be better joined

Vladimir Putin and the Evolution of Russian Foreign Policy Bobo Lo, 2008-04-30 Almost three years after the first voluntary handover of power in Russian history this book examines Putin's management of this complex agenda and considers how Moscow's current approach to international relations resembles and differs from that under Yeltsin Examines Putin's management of Russia's foreign policy two years after the first voluntary handover of power in Russian history Considers how Moscow's current approach to international relations resembles and differs from that under Yeltsin Analyses whether changes in foreign policy have been qualitative or largely cosmetic Explores growing talk of a strategic partnership with the US and the West Assesses the realism of such hopes and considers whether we are indeed witnessing a strategic shift in the mentality and conduct of such Russian foreign policy

Russian Foreign Policy Nikolas K. Gvosdev, Christopher Marsh, 2013-08-22 In a truly contemporary analysis of Moscow's relations with its neighbors and other strategic international actors Gvosdev and Marsh use a comprehensive vectors approach dividing the world into eight geographic zones Each vector chapter looks at the dynamics of key bilateral relationships while highlighting major topical issues oil and energy defense

policy economic policy the role of international institutions and the impact of major interest groups or influencers demonstrating that Russia formulates multiple sometimes contrasting foreign policies Providing rich historical context as well as exposure to the scholarly literature the authors offer an incisive look at how and why Russia partners with some states while it counter balances others

Misunderstanding Russia Magda Leichtova, 2016-07-22 Well argued and balanced Leichtova provides an alternative and more constructive understanding of what drives Russian foreign policy The book is based on the concepts of constructivism and orientalism in international relations to analyse the policies of the Russian Federation This book highlights that Russian foreign policy is a complex phenomenon constructed from internal as well as external developments perceptions and expectations At the same time it also highlights that Western states are the most significant Other in construction of the Russian foreign policy and even Russian identity and at the same time actively create an image of Russia in international politics which is widely based on their own Western assumptions about the country The author introduces the reader to an alternate portrayal of relations between Russia and the West which all analysts should take into consideration before drawing conclusions

Russia and its Near Neighbours M. Freire, R. Kanet, 2012-05-15 Russia has recently re emerged as the dominant political economic and military actor in former Soviet nations Kanet and Freire bring together a stellar cast of contributors to consider Russia's recent return as a major regional and international actor and its likely future policy toward its neighbours

Axis of Convenience Bobo Lo, 2009-08-01 Few relationships have been as misunderstood as the strategic partnership between Russia and China Official rhetoric portrays it as the very model of international cooperation Moscow and Beijing claim that ties are closer and warmer than at any time in history In reality however the picture is highly ambiguous While both sides are committed to multifaceted engagement cooperation is complicated by historical suspicions cultural prejudices geopolitical rivalries and competing priorities For Russia China is at once the focus of a genuine convergence of interests and the greatest long term threat to its national security For China Russia is a key supplier of energy and weapons but is frequently dismissed as a self important power whose rhetoric far outstrips its real influence

Axis of Convenience cuts through the mythmaking and examines the Sino Russian partnership on its own merits It steers between the overblown interpretation of an anti Western particularly anti American alliance and the complacent assumption that past animosities and competing agendas must always divide the two nations Their relationship reflects a new geopolitics one that eschews formal alliances in favor of more flexible and opportunistic arrangements Ultimately it is an axis of convenience driven by cold eyed perceptions of the national interest In evaluating the current state and future prospects of the relationship Bobo Lo assesses its impact on the evolving strategic environments in Central and East Asia He also analyzes the global implications of rapprochement between Moscow and Beijing focusing in particular on the geopolitics of energy and Russia China U S triangularism

Spheres of Influence in International Relations Susanna Hast, 2016-04-01 Current events happening around the world especially the humanitarian interventions by NATO and the

West within the context of the so called Arab Spring make the understanding of the role of spheres of influence in international politics absolutely critical. Hast explores the practical implications and applications of this theory challenging the concept by using historical examples such as suzerainty and colonialism as well as the emergence of a hierarchical international order. This study further connects the English School tradition post war international order the Cold War and images of Russia with the concept of the sphere of influence to initiate debate and provide a fresh outlook on a concept which has little recent attention.

North Korea and Northeast Asian Regional Security Simon Xu-Hui Shen, 2016-04-14 With its unstable and intermittent nuclear weapon project and the recent leadership succession issue Democratic People's Republic of Korea DPRK has been a source of insecurity for the past decade in this region in addition to the delicate international relations among the powerful China United States Japan and Russia. The essence of DPRK issue lies in the instability and uncertainty of nuclear development that even the slightest miscalculation by any one power could disturb the sensitive balance of relationships creating a butterfly effect with a catastrophic result. Drawing on various perspectives on the interaction over DPRK and other regional powers this volume seeks to explore the role of DPRK in Northeast Asia and its implication to regional security as a whole. The volume does not confirm a particular position over DPRK's nuclear showdown rather it invites scholars to provide assessments from the viewpoints of neighbouring powers in order to present a more complete understanding of the leading issue in Northeast Asia. The volume will serve as an invaluable resource for policymakers students and scholars of North Korean politics and international relations. This book was published as a special issue of the Journal of Comparative Asian Development.

Eurasia's Ascent in Energy and Geopolitics Robert Bedeski, Niklas Swanström, 2012-08-06 The Sino Russian relationship has experienced several permutations in recent decades as both states have undergone radical domestic changes including the end of Soviet communism and the abandonment of Maoism. This volume brings together scholars to address the current status of Sino Russian relations in the political military energy and trade sectors. In this comprehensive new volume authors offer a detailed account on the both the historical context and current status of relations between Russia and China and the geo political realignments in Eurasia. This analysis of the evolving relationship addresses global strategy energy politics national security human security and Central Asian links. Individual chapters examine key issues such as China's economic ascendancy military relations the geostrategic position of Mongolia Japan's views and historical background. With authors representing a broad range of current active experts and researchers working in Europe the US Central Asia China and Japan this book offers a long term and in depth analysis of the relations and potential developments in both bilateral and international relations. This work will be of great interest to scholars of international relations Asian security and the Eurasian region.

Russia's European Agenda and the Baltic States Janina Šleivyte, 2009-12-16 This book analyses recent Russian European interaction including Russia's relations with the Baltic States. It discusses the development of Russia's approach to the new security architecture in Europe resulting from

the enlargement of both the EU and NATO and assesses the prospects for greater Russian engagement in European security frameworks

Strategic Partners Jeanne Wilson, 2015-06-11 Russia's foreign policy experience in the first post Soviet decade was marked by disappointments as well as surprising turns. Expectations that Russia would join the Western powers as an equal partner were frustrated while relations with the People's Republic of China warmed considerably. Today Russia's relationship with China is an important component of its overall foreign policy orientation as the two states one greatly diminished the other clearly on the rise have found themselves sharing an interest in curbing the power of the United States. In analyzing Russia's evolving foreign policy vis-à-vis China the author takes into account the legacy of Soviet era precedents the simultaneous processes of economic policy change and integration into global economic structures and military relations. By shedding light on the role of political realism decision makers and exogenous factors in Russian foreign policy this analysis of an important bilateral relationship contributes to the larger project of understanding international relations and the dynamics of domestic and foreign policy change.

The Ukraine Conflict Derek Averre, Kataryna Wolczuk, 2018-10-19 It is not hyperbole to suggest that the foundations of post cold war security in Europe have been badly damaged by the conflict in Ukraine since 2014. Russia's annexation of Crimea and intervention in eastern Ukraine appear to have created a simmering conflict which may take years to resolve and have profound consequences for the European security environment. This volume explores the various political economic and social aspects of these profound changes and their wider significance for Europe bringing together contributions by scholars from across the continent and in various disciplinary fields to offer an authoritative in depth examination of the complex causes of the Ukraine crisis and the consequences for Ukrainian statehood Ukraine's relations with Russia Russia's own domestic governance and Russia's relations with Europe. This book was originally published as a special issue of Europe Asia Studies.

Russia as a Great Power Jakob Hedenskog, Vilhelm Konnander, Bertil Nygren, Ingmar Oldberg, Christer Pursiainen, 2013-07-04 After a period of relative weakness and isolation during most of the 1990s Russia is again appearing as a major security player in world politics. This book provides a comprehensive assessment of Russia's current security situation addressing such questions as: What kind of player is Russia in the field of security? What is the essence of its security policy? What are the sources capabilities and priorities of its security policy? What are the prospects for the future? One important conclusion to emerge is that while Russian foreign policy under Putin has become more pragmatic and responsive to both problems and opportunities the growing lack of checks and balances in domestic politics makes political integration with the West difficult and gives the president great freedom in applying Russia's growing power abroad.

First the Transition, then the Crash Gareth Dale, 2011-09-12 The 1989-91 upheavals in Eastern Europe sparked a turbulent process of social and economic transition. Two decades on with the global economic crisis of 2008-10 a new phase has begun. This book explores the scale and trajectory of the crisis through case studies of the Czech Republic Hungary Latvia Poland Russia Ukraine and the former

Yugoslavia The contributors focus upon the relationships between geopolitics the world economy and class restructuring The book covers the changing relationship between business and states foreign capital flows financialisation and asset price bubbles austerity and privatisation and societal responses in the form of reactionary populism and progressive social movements Challenging neoliberal interpretations that envisage the transition as a process of unfolding liberty the dialectic charted in these pages reveals uneven development attenuated freedoms and social polarisation

Psychology and Constructivism in International Relations Vaughn P. Shannon, Paul A. Kowert, 2012 Psychology and constructivism together offer new ways of understanding international relations

Identity and Politics in Central Asia and the Caucasus Mohammed Ayoob, Murad Ismayilov, 2015-02-20 The multicultural region of Central Eurasia is living through its early post independence years and as such serves as an ideal case to study and analyse theories of identity and foreign policy in a non European context Looking to re introduce identity as a multidimensional factor informing state behaviour this book analyses the experiences of the different Central Eurasian states in their post independence pursuits The book is structured into two broadly defined sections with the first half examining the different ways in which the combination of domestic regional international and trans national forces worked to advance one national identity over the others in the states that comprise the region of post Soviet Central Eurasia In the second half chapters analyse the many ways in which identity once shaped affected foreign policy behaviours of the regional states as well as the overall security dynamics in the region The book also looks at the ways in which identity by doing so enjoys an intricate mutually constitutive relationship with the strategic context in which it bears its effects on the state and the region Finally given the special role Russia has historically played in defining the evolutionary trajectory of the regional states the book discusses the ways in which Russia itself and its post cold war policies towards its former colonies have been conditioned by factors associated with Russia s evolving post Soviet identity Placing the region firmly within existing theories of identity and state practices the book will be of interest to students and scholars of Central Asian Politics Security Studies Foreign Policy and International Relations

Re-emerging Russia Anuradha M. Chenoy, Rajan Kumar, 2017-09-06 This book examines the evolution contexts and politics of the structures and institutions that shape contemporary Russia It analyses the Soviet dissolution revealing the combination of structural and agency factors It traces the re emergence of Russia from a unique perspective that is neither Western nor Eurasian but specifically Indian located in the global South The book looks at key theoretical concepts and practices like democratic centralism that produced an overly centralised and rigid hierarchy within the Communist Party This book assesses the continuities and changes with the Soviet past and the way the Russian regimes of the past two decades have reinvented and reshaped them This book provides a multifaceted interpretation of contemporary Russia for general readers and specialists

International Security and the United States Paul Bellamy, Karl DeRouen Jr., 2007-12-30 Shaped by often very dramatic events international security and the international system have changed significantly in recent years The

conclusion of the Cold War the emergence of new political systems the growth of significant threats such as terrorism and the development of new security doctrines have driven global transformation These volumes provide detailed information on countries from every geographic region and continent on the globe evaluating their relationship with the United States and measuring the potential security threats posed by each The contributors consider factors such as geography and history the political systems of each state their human rights records the ability to maintain law and order and provide security within their own borders the impact of current administrations rulers or regimes on a nation s foreign policy and the regional factors that often dictate local politics in order to make their assessments All of the entries in this set follow a standardized outline and present a concise but detailed assessment of each country Each entry begins with a discussion of geography through which the contributors identify the state s natural resources environmental issues and the extent of its territorial jurisdiction The focus then shifts to social and political organizations Populations are broken down by not only numbers but by ethnic and religious affiliations access to health care education housing and income All of those aspects are often a reflection of the system of government in place Like the United States those governments are comprised of different parties or leaders with various interests The contributors assess those entities and interests within each country They measure the ways in which factors of religion nationalism and globalism impact and shape not only domestic policies but also foreign policy and ultimately the country s relationship to the United States Other areas such as military organizations and activities records on human rights and justice recognition of and adherence to international conventions and national attitudes towards security are also considered Every entry also includes an assessment of current and potential security issues and an analysis of current terrorist threats that may already be in place or that are beginning to develop in various nations Each entry concludes with a summary of current relationships with the United States Those relationships are defined by the identification and brief analysis of formal trade aid or military treaties in place between the United States and other nations the general attitude of a nation s citizenry and its government towards the U S and finally identifying any social and cultural links between nations and the U S migration patterns language economies Finally possible changes and trends that will impact security issues are identified by the contributors Taken in their entirety these encyclopedias contain a wealth of information in a concise format that will serve as a valuable reference guide not only for specialists but general readers as well

Russian Foreign Policy In The Post Soviet Era Reality Illusion And Mythmaking Introduction

In the digital age, access to information has become easier than ever before. The ability to download Russian Foreign Policy In The Post Soviet Era Reality Illusion And Mythmaking has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Russian Foreign Policy In The Post Soviet Era Reality Illusion And Mythmaking has opened up a world of possibilities. Downloading Russian Foreign Policy In The Post Soviet Era Reality Illusion And Mythmaking provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Russian Foreign Policy In The Post Soviet Era Reality Illusion And Mythmaking has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Russian Foreign Policy In The Post Soviet Era Reality Illusion And Mythmaking. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Russian Foreign Policy In The Post Soviet Era Reality Illusion And Mythmaking. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Russian Foreign Policy In The Post Soviet Era Reality Illusion And Mythmaking, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites

they are downloading from. In conclusion, the ability to download Russian Foreign Policy In The Post Soviet Era Reality Illusion And Mythmaking has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Russian Foreign Policy In The Post Soviet Era Reality Illusion And Mythmaking Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Russian Foreign Policy In The Post Soviet Era Reality Illusion And Mythmaking is one of the best book in our library for free trial. We provide copy of Russian Foreign Policy In The Post Soviet Era Reality Illusion And Mythmaking in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Russian Foreign Policy In The Post Soviet Era Reality Illusion And Mythmaking. Where to download Russian Foreign Policy In The Post Soviet Era Reality Illusion And Mythmaking online for free? Are you looking for Russian Foreign Policy In The Post Soviet Era Reality Illusion And Mythmaking PDF? This is definitely going to save you time and cash in something you should think about.
