 Taroutina,2018-11-26 In *The Icon and the Square* Maria Taroutina examines how the traditional interests of institutions such
 as the crown the church and the Imperial Academy of Arts temporarily aligned with the radical leftist and revolutionary avant
 garde at the turn of the twentieth century through a shared interest in the Byzantine past offering a counternarrative to
 prevailing notions of Russian modernism Focusing on the works of four different artists Mikhail Vrubel Vasily Kandinsky
 Kazimir Malevich and Vladimir Tatlin Taroutina shows how engagement with medieval pictorial traditions drove each artist
 to transform his own practice pushing beyond the established boundaries of his respective artistic and intellectual milieu She
 also contextualizes and complements her study of the work of these artists with an examination of the activities of a number
 of important cultural associations and institutions over the course of several decades As a result *The Icon and the Square*
 gives a more complete picture of Russian modernism one that attends to the dialogue between generations of artists curators
 collectors critics and theorists *The Icon and the Square* retrieves a neglected but vital history that was deliberately
 suppressed by the atheist Soviet regime and subsequently ignored in favor of the secular formalism of mainstream modernist
 criticism Taroutina s timely study which coincides with the centennial reassessments of Russian and Soviet modernism is
 sure to invigorate conversation among scholars of art history modernism and Russian culture **Russian Icons and**
