Russian Made Easy Alan Moray Williams, 1945 [A History of Russian Literature](#) Andrew Kahn, Mark Lipovetsky, Irina Reyfman, Stephanie Sandler, 2018-04-13 Russia possesses one of the richest and most admired literatures of Europe reaching back to the eleventh century A History of Russian Literature provides a comprehensive account of Russian

writing from its earliest origins in the monastic works of Kiev up to the present day still rife with the creative experiments of post Soviet literary life The volume proceeds chronologically in five parts extending from Kievan Rus in the 11th century to the present day The coverage strikes a balance between extensive overview and in depth thematic focus Parts are organized thematically in chapters which a number of keywords that are important literary concepts that can serve as connecting motifs and case studies in depth discussions of writers institutions and texts that take the reader up close and personal Visual material also underscores the interrelation of the word and image at a number of points particularly significant in the medieval period and twentieth century The History addresses major continuities and discontinuities in the history of Russian literature across all periods and in particular brings out trans historical features that contribute to the notion of a national literature The volume s time range has the merit of identifying from the early modern period a vital set of national stereotypes and popular folklore about boundaries space Holy Russia and the charismatic king that offers culturally relevant material to later writers This volume delivers a fresh view on a series of key questions about Russia s literary history by providing new mappings of literary history and a narrative that pursues key concepts rather more than individual authorial careers This holistic narrative underscores the ways in which context and text are densely woven in Russian literature and demonstrates that the most exciting way to understand the canon and the development of tradition is through a discussion of the interrelation of major and minor figures historical events and literary politics literary theory and literary innovation **A comparative view of the Russian discoveries with those made by captains Cooke and Clerke** William Coxe,1803

Shakespeare's comedy Love's Labour's Lost has perplexed scholars and theatergoers for over 400 years due to its linguistic complexity obscure topical allusions and decidedly non-comedic ending According to traditional interpretations it is Shakespeare's French play based on events and characters from the French Wars of Religion This work argues that the play's French surface conceals a Russian core It outlines an interpretation of Love's Labour's Lost rooted in diplomatic and trade relations between Russia and Elizabethan England during the dramatic decades following England's discovery of a northern trade route to Muscovy in 1553 Drawing on original research of 16th century sources in English Latin and French the text also surveys Russian sources previously unavailable in translation This analysis provides new explanations for some of the play's previously most enigmatic elements such as its unconventional ending the significance of its secondary characters linguistic anomalies and the Masque of the Muscovites itself Phoenix from the Ashes Cameron Scott Mitchell,2009-12-01

The continued existence of the Russian defence and arms industry OPK was called into question following the disintegration of the Soviet Union in 1991 Industry experts cited the lack of a domestic market endemic corruption and excess capacity within the industry as factors underpinning its predicted demise However the industry's export customers in China India and Iran during those early years became the OPK's saving grace Their orders introduced hard currency back into the industry and went a long way to preventing the forecasted OPK collapse Although pessimistic predictions continued to plague the OPK throughout the 1990s the valuable export dollars provided the OPK the breathing space it needed to claw back its competitive advantage as an arms producer That revival has been further underpinned by a new political commitment various research and development initiatives and the restoration of defence industry as a tool of Russian foreign policy The short term future of the Russian OPK looks promising The rising domestic defence order is beginning to challenge the export market as the OPK's most important customer Meanwhile exports will be safeguarded by continued foreign demand for niche Russian defence products Although the long term future of the OPK is more difficult to predict Russia's solid research and development foundation and successful international joint military ventures suggest that the current thriving trend in exports is likely to continue Russia represents the next generation of affordable and rugged military equipment for the arsenals of the developing world Coupled with Russia's growing ability to rearm itself through higher oil prices and a more streamlined defence industry the future of the OPK looks bright *Vilnius between Nations, 1795-2000* Theodore R. The inhabitants of Vilnius the present day capital of Lithuania have spoken various languages and professed different religions while living together in relative harmony over the years The city has played a significant role in the history and development of at least three separate cultures Polish Lithuanian and Jewish and until very recently no single cultural

linguistic group composed the clear majority of its population Vilnius between Nations 1795 2000 is the first study to undertake a balanced assessment of this particularly diverse city Theodore Weeks examines Vilnius as a physical entity where people lived worked and died as the object of rhetorical struggles between disparate cultures and as a space where the state attempted to legitimize a specific version of cultural politics through street names monuments and urban planning In investigating these aspects Weeks avoids promoting any one national narrative of the history of the city while acknowledging the importance of national cultures and their opposing myths of the city s identity The story of Vilnius as a multicultural city and the negotiations that allowed several national groups to inhabit a single urban space can provide lessons that are easily applied to other diverse cities This study will appeal to scholars of Eastern Europe urban studies and multiculturalism as well as general readers interested in the region Field & Stream ,1989-04 FIELD STREAM America s largest outdoor sports magazine celebrates the outdoor experience with great stories compelling photography and sound advice while honoring the traditions hunters and fishermen have passed down for generations *The 29 Laws of Negotiation* Hector Hernandez,2002-02-01 This book is unlike others written on negotiation It does not expect you to get by with basic tactics rather it provides you with a blueprint to help you obtain a desired result The 29 Laws of Negotiation is a powerful book for anyone in the business world but indispensable for the success of sales and purchasing professionals Covering all aspects of the negotiation process this book will show you how to Maximize profits in every negotiation Discover the other party s bottom line Ask better questions Create trust Improve communication Prepare for any negotiation Present information effectively Increase your power and leverage Develop a winning strategy Master the art of human persuasion

Fisher, Jr.,2008-09-30 China s rise to global economic and strategic eminence with the potential for achieving pre eminence in the greater Asian region is one of the defining characteristics of the post Cold War period This work offers a basic understanding of the military strategic basis and trajectory of a rising China provides background and outlines current and future issues concerning China s rise in strategic military influence The next decade may witness China s assertion of military or strategic pressure on Japan the Korean Peninsula India the South China Sea the Taiwan Strait

Central Asia or even on behalf of future allies in Africa and Latin America While conflict is not a foregone conclusion as indicated by China s increasing participation in many benign international organizations it is a fact that China s leadership will pursue its interests as it sees them which may not always coincide with those of the United States its friends and allies Until now no single volume has existed that provides an authoritative comprehensive and concise description of China s evolving geo strategy or of how China is transforming its military to carry out this strategy Fisher examines how China s People s Liberation Army PLA remains critical to the existence of the Chinese Communist government and looks at China s political and military actions designed to protect its expanded strategic interests in both the Asia Pacific and Central to Near Asian regions Using open sources including over a decade of unique interview sources Fisher documents China s efforts to build a larger nuclear force that may soon be protected by missile defenses modern high technology systems for space air and naval forces and how China is now beginning to assemble naval air and ground forces for future power projection missions His work also examines how the United States and other governments simultaneously seek greater engagement with China on strategic concerns while hedging against its rising power Although China faces both internal and external constraints on its rise to global eminence it cannot be denied that China s government is pursuing a far reaching strategic agenda *Korea Review* ,1904
