Rust In Peace South Pacific Battlefields Revisited:

Rust in Peace Bruce Adams, 1975 Photographs of Pacific battlefields military hardware 25 years after hostilities ceased with accounts of the actual battles and modern descriptions of the islands *Bulldozer* Francesca Russello Ammon, 2016-04-26 Although the decades following World War II stand out as an era of rapid growth and construction in the United States those years were equally significant for large scale destruction In order to clear space for new suburban tract housing an ambitious system of interstate highways and extensive urban renewal development wrecking companies demolished buildings while earthmoving contractors leveled land at an unprecedented pace and scale In this pioneering history Francesca Russello Ammon explores how postwar America came to equate this destruction with progress The bulldozer functioned as both the means and the metaphor for this work As the machine transformed from a wartime weapon into an instrument of postwar planning it helped realize a landscape altering culture of clearance In the hands of the military planners politicians engineers construction workers and even children s book authors the bulldozer became an American icon Yet social and environmental injustices emerged as clearance projects continued unabated This awareness spurred environmental preservationist and citizen participation efforts that have helped to slow though not entirely stop the momentum of the postwar bulldozer

The A to Z of World War II Anne Sharp Wells, 2009-09-28 World War II dominates world history today as it dominated world attention over 60 years ago In spite of the alliances that bound many of the same participants the war was essentially two separate but simultaneous conflicts one involved Japan as the major antagonist and took place mostly in Asia and Pacific and the other initiated by Germany and Italy was contested mainly in Europe North Africa the Mediterranean and the Atlantic The A to Z of World War II The War Against Japan traces the brutal conflict from Japan s seizure of Chinese territory in 1931 through the onset of war with the Western Allies in 1941 to the use of atomic weapons by the United States in 1945 It also addresses the aftermath of the war including the formation of the United Nations and the American occupation of Japan As the first of two volumes covering World War II this volume concentrates on the war in Asia and the Pacific so the user benefits from the comprehensive explanations of the people places and events that shaped much of that region s 20th century history

Historical Dictionary of World War II Anne Sharp Wells, 2023-12-15 World War II was the largest and most costly conflict in history the first true global war Fought on land on sea and in the air it involved numerous countries and killed maimed or displaced millions of people both civilian and military around the world In spite of the alliances that bound many of the same participants the war was essentially two separate but simultaneous conflicts one involved Japan as the major antagonist and took place mostly in Asia and the Pacific and the other initiated by Germany and Italy was contested mainly in Europe North Africa the Mediterranean and the Atlantic This book focuses on the lesser known war the war with Japan It begins with Japan s seizure of Manchuria from China in 1931 and covers Japan s ambitious attacks on Pearl Harbor and other territories ten years later the use of atomic bombs on Japan s cities and the end

of the Allied occupation of Japan in 1952 Although Japan renounced war in its 1947 constitution conflict continued across Asia as former colonies fought for independence and civil war engulfed other areas Historical Dictionary of World War II The War Against Japan Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on the military diplomatic political social economic and scientific aspects of the war in addition to the lives of the people who participated in and directed the war This book is an excellent resource for students researchers and anyone wanting to know more about the war against Japan during World War II **Science and the Pacific War** Roy M. MacLeod, 1999-12-31 In 1995 the fiftieth anniversary of the end of the Second World War occasioned many reflections on the place of science and technology in the conflict That the war ended with Allied victory in the Pacific theatre inevitably focussed attention upon the Pacific region and particularly upon the Manhattan project and its outcome It was in the Pacific that Western physics and engineering gave birth to the Atomic Age However the Pacific war had also proved a testing time and a testing space for other disciplines and institutions Extreme environments and operational distances and the fundamental demands of logistics required the Allies and the Japanese to innovate many scientific and technological practices Just as medicine and botany were called upon to fight tropical diseases and insect pests so engineers anthropologists and geographers were called upon to understand local conditions and climates and to work with local peoples whose traditional lives were changed forever by the experience At the same time the war played midwife to a host of new developments not least in scientific intelligence and in chemical and biological weapons which were to acquire far greater importance after 1945 **The War Against Japan, 1941-1945** John J. Sbraga, 2015-06-12 With over 5200 entries this volume remains one of the most extensive annotated bibliographies on the USA's fight against Japan in the Second World War Including books articles and declassified documents up to the end of 1987 the book is organized into six categories Part 1 presents reference works including encyclopedias pictorial accounts military histories East Asian histories historiographies Part 2 covers diplomatic political aspects of the war against Japan Part 3 contains sources on the economic and legal aspects of the war against Japan Part 4 presents sources on the military aspects of the war embracing land air and sea forces Religious aspects of the war are covered in Part 5 and Part 6 deals with the social and cultural aspects including substantial sections on the treatment of Japanese minorities in the USA Hawaii Canada and Peru **The Solomon Islands Campaign, Guadalcanal to Rabaul** Eugene L. Rasor, 1997-01-28 Beginning in August 1942 and continuing through the end of 1943 when the Japanese base at Rabaul was isolated and bypassed the Solomon Islands Campaign was conducted with combined Allied forces from the Southwest Pacific and Central Pacific commands and included several major amphibious landings a dozen naval battles and continuous air attacks A comprehensive bibliography on the Solomon Islands Campaign this book includes an historiographical narrative and an annotated bibliography of over 500 entries The historiographical section reviews the works in the bibliography section and provides appropriate cross references while the bibliography

provides descriptive and evaluative annotations The book provides a comprehensive survey of the literature on the Solomon Islands Campaign and also points to gaps in the literature and areas where further research is needed Including both popular and scholarly literature the work covers operations in all dimensions land water underwater air and combinations of these It also covers personnel and their experiences memoirs diaries autobiographies biographies and oral histories as well as intelligence matters diplomacy logistics and supply and cultural aspects such as journalism fiction film and art Archival research and library facilities and materials are also described The book also includes an introductory historical essay a chronology and comprehensive indexes *Routledge Library Editions: World War II in Asia* Timothy Hall, John J. Sbrega, 2021-03-11 The 4 volumes in this set originally published between 1980 and 1983 bring to light and focus on the conflict between Japan and Australia and Japan and the USA Timothy Hall's volumes richly illustrated with black white photographs used highly contentious documents as their sources and give fascinating insights into a period of Australian history which is sometimes less than glorious John J. Sbrega's tour de force is not only one of the most extensive annotated bibliographies on the USA and Japan in World War 2 ever published but it also provides invaluable information on lesser known but no less important aspects of the conflict LIGHTNING OVER BOUGAINVILLE R. Cargill Hall, 1991-05-17 Based on a retrospective at the Admiral Nimitz Museum in Texas this volume marshals the recollections of American and Japanese aviators and the thoughts of academics to address the military political ethical and historical issues of the famous and controversial wartime special operation that saw the US Air Force intercept and shoot down a bomber carrying the commander in chief of the Japanese Combined Fleet Annotation copyrighted by Book News Inc Portland OR **The Martyrs of Papua New Guinea** Theo Aerts, 1994 *Solomon Islands Bibliography to 1980* Sally Edridge, 1985 **The to Z of World War II** Anne Sharp Wells, 2009-09-28 Because of the enormity of World War II and the numerous geographic areas and belligerents involved this study has been divided into two volumes The first examines the war between Japan and the Allied powers It covers the conflict in Asia beginning with the Japanese seizure of Manchuria in September 1931 to Japanese surrender in September 1945 and the immediate post war years in Asia and the Pacific The second volume addresses the war against Germany and Italy **Australian Books in Print** ,1977 **A New Guinea Bibliography** ,1984 *Bibliographie de l'Océanie* ,1972 *Newsletter* American Committee on the History of the Second World War, 1979 National Union Catalog ,1973 Includes entries for maps and atlases *Australian Books* ,1976 Australian Books National Library of Australia, 1973 **A Subject Bibliography of the Second World War, and Aftermath** A. G. S. Enser, 1990 Books published in various countries in the English language arranged alphabetically by subject Lists 25 entries under Holocaust pp 120 122 and 76 under Jews pp 141 146
