## **Sab And Autobiography:**

**Sab and Autobiography** Gertrudis Avellaneda, 2010-06-04 The first English translation of the major work of a privileged unconventional and somewhat neglected Cuban author Choice Eleven years before Uncle Tom's Cabin fanned the fires of abolition in North America an aristocratic Cuban woman told an impassioned story of the fatal love of a mulatto slave for his white owner's daughter So controversial was Sab's theme of miscegenation and its parallel between the powerlessness and enslavement of blacks and the economic and matrimonial subservience of women that the book was not published in Cuba until 1914 seventy three years after its original 1841 publication in Spain Also included in the volume is Avellaneda's Autobiography 1839 whose portrait of an intelligent flamboyant woman struggling against the restrictions of her era amplifies the novel's exploration of the patriarchal oppression of minorities and women A worthy addition to scholarship in Latin American studies useful in comparative literature and social history courses covering such writers as Harriet Beecher Stowe Jorge Isaacs Alejo Carpentier or Ramon del Valle Inclán Choice **The Merchant of Havana** Stephen Silverstein, 2021-04-30 LAJSA Book Award Winner 2017 Latin American Jewish Studies Association As Cuba industrialized in the nineteenth century an epochal realignment of the social order occurred In this period of change two seemingly disparate yet nevertheless intertwined ideological forces appeared anti-Semitism and abolitionism As the antislavery movement became organized in Cuba the argument grew that Jews participated in the African slave trade and in New World slavery and that this participation gave Jews extraordinary influence in the new Cuban economy and culture What was remarkable about this anti-Semitism was the decidedly small Jewish population on the island in this era This form of anti-Semitism Silverstein reveals sprang almost exclusively from mythological beliefs **Autobiografía** Gertrudis Gómez de Avellaneda y Arteaga, Nina M. Scott, 1993 Eleven years before Uncle Tom's Cabin fanned the fires of abolition in North America an aristocratic Cuban woman told an impassioned story of the fatal love of a mulatto slave for his white owner's daughter So controversial was Sab's theme of miscegenation and its parallel between the powerlessness and enslavement of blacks and the economic and matrimonial subservience of women that the book was not published in Cuba until 1914 seventy three years after its original 1841 publication in Spain Also included in the volume is Avellaneda's Autobiography 1839 whose portrait of an intelligent flamboyant woman struggling against the restrictions of her era amplifies the novel's exploration of the patriarchal oppression of minorities and women **(Re)mapping the Latina/o Literary Landscape** Cristina Herrera, Larissa M. Mercado-López, 2016-08-10 This book broadens the scope of Latina/o criticism to include both widely read and understudied nineteenth through twenty first century fictional works that engage in critical discussions of gender race sexuality and identity The essays in this collection do not simply seek inclusion for the texts they critically discuss but suggest that we more thoughtfully consider the utility of mapping whether we are mapping land borders time migration or connections and disconnections across time and space Using new and rigorous methodological approaches to reading Latina

o literature contributors reveal a varied and textured landscape challenging us to reconsider the process and influence of literary production across borders

*Latinx Revolutionary Horizons* Renee Hudson, 2024-05-07 A necessary reconceptualization of Latinx identity literature and politics In *Latinx Revolutionary Horizons* Renee Hudson theorizes a liberatory latinidad that is not yet here and conceptualizes a hemispheric project in which contemporary Latinx authors return to earlier moments of revolution Rather than viewing Latinx as solely a category of identification she argues for an expansive historicized sense of the term that illuminates its political potential Claiming the x in Latinx as marking the suspension and tension between how Latin American descended people identify and the future politics the x points us toward Hudson contends that latinidad can signal a politics grounded in shared struggles and histories rather than merely a mode of identification In this way *Latinx Revolutionary Horizons* reads against current calls for cancelling latinidad based on its presumed anti Black and anti Indigenous framework Instead she examines the not yet here of latinidad to investigate the connection between the revolutionary history of the Americas and the creation of new genres in the hemisphere from conversion narratives and dictator novels to neoslave narratives and testimonios By comparing colonialisms she charts a revolutionary genealogy across a range of movements such as the Mexican Revolution the Filipino People Power Revolution resistance to Trujillo in the Dominican Republic and the Cuban Revolution In pairing nineteenth century authors alongside contemporary Latinx ones Hudson examines a longer genealogy of Latinx resistance while expanding its literary canon from the works of Jos Rizal and Martin Delany to those of Julia Alvarez Jessica Hagedorn and Leslie Marmon Silko In imagining a truly transnational latinidad *Latinx Revolutionary Horizons* thus rewrites our understanding of the nationalist formations that continue to characterize Latinx Studies

*The Poetics of Plants in Spanish American Literature* Lesley Wylie, 2020-12-08 *The Poetics of Plants in Spanish American Literature* examines the defining role of plants in cultural expression across Latin America particularly in literature From the colonial georgic to Pablo Neruda's Canto general Lesley Wylie's close study of botanical imagery demonstrates the fundamental role of the natural world and the relationship between people and plants in the region Plants are also central to literary forms originating in the Americas such as the New World Baroque described by Alejo Carpentier as *nacido de rboles* The book establishes how vegetal imaginaries are key to Spanish American attempts to renovate European forms and traditions as well as to the reconfiguration of the relationship between humans and nonhumans Such a reconfiguration which persistently draws on indigenous animist ontologies to blur the boundaries between people and plants anticipates much contemporary ecological thinking about our responsibility towards nonhuman nature and shows how environmental thinking by way of plants has a long history in Latin American literature

Pastor,2003 Though open public discussion of the oppression of women was precluded by the nature of Hispanic societies during the nineteenth century some Hispanic women among them the Cuban writer Gertrudis G meiz de Avellaneda subtly sought to promote ideas of emancipation Focusing upon her autobiographical letters and a selection of her novels and drawing on contemporary psychoanalytical feminist theory this book traces the evolution of Avellaneda s feminism showing how she developed a series of narrative techniques and stylistic resources to explore male and female self representation and subvert the existing textual tradition Fashioning Feminism in Cuba and Beyond establishes Avellaneda at the forefront of both Cuban and Hispanic nineteenth century literature and feminist thought **Transamerican Sentimentalism and Nineteenth-century US Literary**

**Women and Slavery in Nineteenth-century Colonial Cuba** Sarah L. Franklin, 2012 Scholars have long recognized the importance of gender and hierarchy in the slave societies of the New World yet gendered analysis of Cuba has lagged behind study of other regions Cuban elites recognized that creating and maintaining the Cuban slave society required a rigid social hierarchy based on race gender and legal status Given the dramatic changes that came to Cuba in the wake of the Haitian Revolution and the growth of the enslaved population the maintenance of order required a patriarchy that placed both women and slaves among the lower ranks Based on a variety of archival and printed primary sources this book examines how patriarchy functioned outside the confines of the family unit by scrutinizing the foundation on which nineteenth century Cuban patriarchy rested This book investigates how patriarchy operated in the lives of the women of Cuba from elite women to slaves Through chapters on motherhood marriage education public charity and the sale of slaves insight is gained into the role of patriarchy both as a guiding ideology and lived history in the Caribbean's longest lasting slave society Publisher's description *Encyclopedia of Feminist Literature* Mary Ellen Snodgrass, 2014-05-14 An accessible one volume encyclopedia this addition to the Literary Movements series is a comprehensive reference guide to the history and development of feminist literature from early fairy tales to works by great women writers of today Hundred

**Narrative Mutations** Rudyard Alcocer, 2005-08-16 Given the welcomed shift throughout the academy away from essentialist and biologically fixed understandings of race and the body it is a curiosity worth exploring that so many sophisticated and even radical narratives retain physical and behavioral heredity as a guiding trope The persistence of this concept in Caribbean literature informs not only discourses on race ethnicity and sexuality but also conceptions of personal

and regional identity in a postcolonial societies once dominated by slavery and the plantation In this book Rudyard Alcocer offers a theory of Caribbean narrative accounting for the complex interactions between scientific and literary discourses while expanding the horizons of narrative studies in general Covering works from Jean Rhys s *Wide Sargasso Sea* through contemporary fiction from the Hispanic Caribbean *Narrative Mutations* analyzes the processes and concepts associated with heredity in exploring what it means to be Caribbean

### **CCF Colonialism in Northern Saskatchewan** David

Quiring,2007-10-01 Often remembered for its humanitarian platform and its pioneering social programs Saskatchewan s Cooperative Commonwealth Federation CCF wrought a much less scrutinized legacy in the northern regions of the province during the twenty years it governed Until the 1940s churches fur traders and other wealthy outsiders held uncontested control over Saskatchewan s northern region Following its rise to power in 1944 the CCF undertook aggressive efforts to unseat these traditional powers and to install a new socialist economy and society in largely Aboriginal northern communities The next two decades brought major changes to the region as well meaning government planners grossly misjudged the challenges that confronted the north and failed to implement programs that would meet northern needs As the CCF s efforts to modernize and assimilate northern people met with frustration it was the northern people themselves that inevitably suffered from the fallout of this failure In an elegantly written history that documents the colonial relationship between the CCF and the Saskatchewan north David M Quiring draws on extensive archival research and oral history to offer a fresh look at the CCF era This examination will find a welcome audience among historians of the north Aboriginal scholars and general readers
