Sabiduras And Other Texts By Gego:

Gego Monica Amor, 2023-01-01 An authoritative study of Gego whose distinctive modernist practice sits at the intersection of architecture design and the visual arts This important book is the first extended study of the life and work of German born Venezuelan artist Gertrude Goldschmidt 1912-94 known as Gego In locating the artist's contribution to postwar art and her important place in the global conversations around modernity Monica Amor explores her intermedial practice as a model of cultural complexity at the edge of modernity In situating Gego's work alongside other local archives and against her European education and global reception Amor offers a monographic model that complicates traditional approaches to history She investigates the full range of Gego's work including her furniture workshop her teaching at schools of architecture and design her seminal reticulæ and her lesser known prints Through rigorous archival research formal analysis theoretical relevance and deep exploration of historical context this essential book unpacks Gego's radical recasting of the modern sculptural project through her engagement with architecture craft and design pedagogy **Gego** Gego, Mari Carmen Ramírez, Museum of Fine Arts, Houston, 2006 German born Venezuelan artist Gego produced a wide range of line based abstract work This text traces her exploration of line and space and her attempts to make visible the invisible By manipulating the density of lines or by interrupting them she brought light shadow and feeling into her linear works

Jewish Latin American Artists, 2025-09-18 Jewish visual artists living and working in Latin America during the 20th and 21st centuries broaden an appreciation of the art of the Americas The anthology addresses an often underacknowledged Jewish presence as part of the aesthetic of the global south providing the general public and scholars with in depth insights The artists dynamic prints sculptures paintings and photographs explore aspects of modernist abstraction and at times indigenous materials sardonic commentary on consumerism and utopian ideals in their works of art The anthology begins to fill a void of the contribution of Jewish Latin American artists born in Europe who immigrated to Latin America and others born there Immanent Vitalities Kaira M. Cabañas, 2021-02-16 A new reality for the art object has emerged in the world of contemporary art it is now experienced less as an autonomous inanimate form and more as an active material agent In this book Kaira M Cabañas describes how such a shift in conceptions of art's materiality came to occur exploring key artistic practices in Venezuela Brazil and Western Europe from the mid twentieth century to the present Immanent Vitalities expands the discourse of new materialisms by charting how artists ranging from Gego to Laura Lima distance themselves from dualisms such as mind matter culture nature human nonhuman and even Western non Western in order to impact our understanding of what is animate Tracing migrations of people objects and ideas between South America and Europe Cabañas historicizes changing perceptions about art's agency while prompting readers to remain attentive to the ethical dimensions of materiality and of social difference and lived experience **Alfredo Boulton and His Contemporaries** Ariel Jiménez, 2008 Alfredo Boulton 1908-1995 was Venezuela's foremost cultural and aesthetic observer of the 20th century An art

Performance Drawing Maryclare Foá, Jane Grisewood, Birgitta Hosea, Carali McCall, 2020-09-03 What is performance drawing When does a drawing turn into a performance Is the act of drawing in itself a performative process whether a viewer is present or not Through conversation interviews and essays the authors illuminate these questions and what it might mean to perform and what it might mean to draw in a diverse and expressive contemporary practice since 1945 The term performance drawing first appeared in the subtitle of Catherine de Zegher s Drawing Papers 20 Performance Drawings in particular with reference to Alison Knowles and Elena del Rivero In this book it is used as a trope and a thread of thinking to describe a process dedicated to broadening the field of drawing through resourceful practices and cross disciplinary influence Featuring a wide range of international artists this book presents pioneering practitioners alongside current and emerging artists The combination of experiences and disciplines in the expanded field has established a vibrant art movement that has been progressively burgeoning in the last few years The Introduction contextualises the background and identifies contemporary approaches to performance drawing As a way to embrace the different voices and various lenses in producing this book the authors combine individual perspectives and critical methodology in the five chapters While embedded in ephemerality and immediacy the themes encompass body and energy time and motion light and space imagined and observed demonstrating how drawing can act as a performative tool The dynamic interaction leads to a collective understanding of the term performance drawing and addresses the key developments and future directions of this applied drawing process
