Metropolitan Boston Albert Perkins Langtry,1929 *The Catholic Historical Review* ,1928 *Baptism, Church and Society in Modern Britain* David M. Thompson,2007-01-01 This book is an enlarged version of the author's Hulsean Lectures in the University of Cambridge for 1983-4 It considers the main movements in the theology of baptism both that of infants and believers in Great Britain from the Evangelical Revival to the publication of the World Council of Churches Faith and Order Commission's consensus statement on Baptism Eucharist and Ministry of 1982 Thus as well as the shifts in the Church of England from evangelical to tractarian broad church to liberal catholic there is a survey of the views of Methodists Baptists and Congregationalists with reflections from the scene in Scotland and Ireland during the same period It offers a survey of popular belief and practice about baptism from the eighteenth century to the present because of the author's conviction that theological movements have to be seen in their historical context In the case of baptism in particular a

consistent difference has persisted between popular perceptions and the Churches expectations which poses significant challenges to the understanding of the Churches mission in contemporary society

Anglican Confirmation 1820-1945 Phillip Tovey, 2024-06-03 This book focuses on Anglican Confirmation in theology liturgy and practice from 1820 to 1945 This was a period of great change in the ways Anglicans approached Confirmation The Tractarian movement transformed the Communion and its ideas were carried overseas with the missionary movement The study examines the development of a two stage theology and its reception It analyses the wave of liturgical revision expressed in England in the 1928 Prayer Book It explores the episcopal changes in practice from the eighteenth century paradigm to a new way of confirming The revolution of the time has left a legacy that still informs practice while doubts about theology and its liturgical application have left an existential crisis The author reflects on how the current situation in various provinces has its roots in this period and the diffusion of ideas in the Communion The book offers a fresh systematic examination of the neglected ecclesial practice of Confirmation providing a more holistic view and clarifying developments to help us better understand the present It will be of particular interest to scholars of Christian theology liturgy ecclesiology and church history

The Theology and Ecclesiology of the Prayer Book Crisis, 1906-1928 Dan D. Cruickshank, 2019-09-12 This book considers the doctrinal and ecclesiological trends that were present during the construction of the revised Book of Common Prayer of 1927 Through the use of the records of both Convocations and of the National Church Assembly it examines the debates that led to the revised Book and the doctrinal shifts that were present in these debates It challenges the idea that the revision process stalled in the First World War by showing how the birth of the National Assembly that took place during the war was born out of the revision process Through the Assembly records it shows the integral role the laity played in the revision process It examines the attempts to get the revised Books through Parliament the difference between pro and anti revision speakers and the radical ecclesiological thinking that followed the rejections

The Study of Liturgy Cheslyn Jones, Geoffrey Wainwright, Edward Yarnold, 1978 Completely revised to incorporate new scholarship and many important developments in liturgical renewal this standard text remains an essential tool for students of theology and liturgy It treats the development of the liturgy historically beginning with Jewish antecedents then covering the New Testament Patristic Medieval and Reformation periods and concluding with the increasing interest in liturgy in all churches today The text deals definitively with the five central rites of Christian worship Initiation the Eucharist Ordination the Daily Office and the Calendar A special section on liturgical settings examines in detail the historical importance of music and singing in the liturgy and the role of hymnody in Christian worship Reflecting the continuing trend towards ecumenism the editors represent the Anglican Roman Catholic and Protestant traditions while the Orthodox tradition is represented by the team of contributors which includes many of the best known liturgical scholars

A Pontificio Instituto biblico: Volumen 8, *The London Quarterly Review* William Lonsdale Watkinson, William Theophilus Davison, 1928 *London Quarterly Review*, 1928 *Eucharist Shaping and Hebert's Liturgy and Society* Andrew Bishop, 2016-03-31 The contemporary Church of England is wrestling with issues around the relationship between its worship and mission and relating both to wider society Much of this hinges on an understanding of the nature of the Church Gabriel Hebert's seminal book *Liturgy and Society* 1935 took as its subtitle *The Function of the Church in the Modern World* For many this book inspired engagement with Eucharistic worship with new patterns emerging paving the way for further liturgical reform in the second half of the twentieth century *Eucharist Shaping and Hebert's Liturgy and Society* re-examines Hebert's work doing so uniquely in the light of the current dialogue about Church liturgy and mission Andrew Bishop argues that Hebert's contribution has been overlooked latterly and that a re-appreciation opens up fruitful ways of thinking and acting making this book a distinctive contribution to a lively debate If the options are reaction or novelty *Eucharist Shaping and Hebert's Liturgy and Society* shows how Hebert's thinking subtly undermines both
