Sacred Discontent The Bible And Western Tradition:

Sacred Discontent Herbert N. Schneidau, 1977 **Poetic Prophecy in Western Literature** Jan Wojcik, Raymond-Jean Frontain, 1984 In this collection of twelve essays the editors attempt to define the poet as prophet in Western literature and to select the general attributes of prophetic writing The essays focus in the main on the prophetic tradition in the English speaking world as well as on a sufficient number of writers outside that tradition to prove that all prophetic writing shares common features Traditions in Transformation Frank Moore Cross, 1981 Symbolism in the song of Jonah Greenspoon L J The origin of the idea of resurrection Purvis J D The Samaritan problem Collins J J Patterns of eschatology at Qumran Collins A Y Myth and history in the book of Revelation **The Art and Vision of Flannery O'Connor** Robert H. Brinkmeyer, Jr., 1993-07-01 Flannery O'Connor believed that fiction must try to achieve something on the order of what St Gregory wrote about Scripture every time it presents a fact it must also disclose a mystery O'Connor's artistic vision was located squarely in her Catholic faith yet she realized that to view life only through the eyes of the Church was to ignore a large part of existence In her fiction therefore she explored a wider world employing voices that challenged conceptions of both self and faith ultimately enlarging and deepening both In *The Art and Vision of Flannery O'Connor* Robert Brinkmeyer presents an innovative study of O'Connor's fiction by exploring the dialogic forces at work in her writing Drawing on the insights of literary theorist Mikhail Bakhtin Brinkmeyer offers an explanation for the great depth and power of O'Connor's work paying particular attention to the ways her art and audience bear upon her regnant Catholic vision This pressure and resistance Brinkmeyer writes free O'Connor's vision from the limits of its perspective opening it to growth and understanding After a thorough discussion of the ways in which O'Connor's Catholic and southern heritage helped to form her artistic vision Brinkmeyer shows how dialogic encounters are at work in O'Connor's interaction with her largely fundamentalist narrators the stories they tell and her readers He focuses on several of her stories as well as her two novels *Wise Blood* and *The Violent Bear It Away* As the first analysis of the dialogical dynamics of O'Connor's art and vision this study offers an original approach to understanding O'Connor But the significance of the book extends far beyond O'Connor scholarship for Brinkmeyer presents a critical method that has value for exploring other writers particularly other modern Catholic writers

Allah Transcendent Ian Richard Netton, 2013-01-11 Examines the role of God in medieval Islamic philosophy and theology in a new and exciting way Renouncing the traditional chronological method of considering Islamic philosophy Netton uses modern literary modes of criticism derived from structuralism post structuralism and semiotics Philosophical Notes to My Friends John Elias, 1998 A study on Hegel Marx Nietzsche Sartre Foucault Habermas and Derrida **Henry Fielding** Scott Robertson, 2010 Literature and theology have long been conversation partners The great themes of human existence form the subject matter of their shared discussion However comedic literature has often been overlooked as a serious means to fostering such theological engagement This book seeks to rectify this imbalance By examining selected works of the

eighteenth century playwright and novelist Henry Fielding we are shown that a comedic world has much to say that is of true theological significance Recognizing the value of much traditional Fielding research the author departs from its inherent determinism which he believes stifles more fruitful opportunities for interdisciplinary dialogue Key to his desire to engage the comedic in this conversation he introduces the interpretative tool of misplacement By this is meant a continuous parting with the ineffable the perpetual recognition that in comedic writing there is always a fragile sense of the other Setting Fielding s fiction alongside works of contemporary philosophical theology and postmodern works of fiction the author allows common critical zones such as epistemology ethics mimesis canonicity and revelation to be investigated In all these areas the novel in Fielding s hands displays a powerful comic resonance with a less deterministic theology and subverts those assumed securities regarding the status of the individual in the world before God Ultimately the book offers the challenge of recognizing that the nature of the novel is inescapably theological and that theology itself is indeed fictive

Loving God with All Your Mind Gene Edward Veith Jr.,2003-10-07 Our world is alive with fascinating new ideas discoveries and technologies But for Christians this can also present problems especially when the values of postmodernism and secular university life conflict with basic Christian principles What should Christians do when their beliefs come under attack in the classroom or the public square Loving God with All Your Mind shows us that the answer is neither wholesale rejection of intellectual life and culture nor blind acceptance of it The answer lies in understanding that Jesus is Lord of all of life and that everything in life must be carefully viewed in the light of what Christ s lordship means Gene Edward Veith unfolds a dazzling critique of the postmodern intellectual world and culture He affirms the part that is good and true but he also shows crucial weaknesses that have such a hold over contemporary thought This book shows Christians how to survive and flourish in a postmodern world while affirming the truth of the Christian faith
