Gordon Melton,Martin Baumann,2010-09-21 This masterful six volume encyclopedia provides comprehensive global coverage of religion emphasizing larger religious communities without neglecting the world s smaller religious outposts Religions of the World Second Edition A Comprehensive Encyclopedia of Beliefs and Practices is an extraordinary work bringing together the scholarship of some 225 experts from around the globe The encyclopedia s six volumes offer entries on every country of the world with particular emphasis on the larger nations as well as Indonesia and the Latin American countries that are traditionally given little attention in English language reference works Entries include profiles on religion in the world s smallest countries the Vatican and San Marino profiles on religion in recently established or disputed countries Kosovo and Nagorno Karabakh as well as profiles on religion in some of the world

s most remote places Antarctica and Easter Island Religions of the World is unique in that it is based in religion on the ground tracing the development of each of the 16 major world religious traditions through its institutional expressions in the modern world its major geographical sites and its major celebrations Unlike other works the encyclopedia also covers the world of religious unbelief as expressed in atheism humanism and other traditions Understanding World Religions Irving Hexham,2011-03-22 Globalization and high speed communication put twenty first century people in contact with adherents to a wide variety of world religions but usually valuable knowledge of these other traditions is limited at best On the one hand religious stereotypes abound hampering a serious exploration of unfamiliar philosophies and practices On the other hand the popular idea that all religions lead to the same God or the same moral life fails to account for the distinctive origins and radically different teachings found across the world s many religions Understanding World Religions presents religion as a complex and intriguing matrix of history philosophy culture beliefs and practices Hexham believes that a certain degree of objectivity and critique is inherent in the study of religion and he guides readers in responsible ways of carrying this out Of particular importance is Hexham s decision to explore African religions which have frequently been absent from major religion texts He surveys these in addition to varieties of Hinduism Buddhism Judaism Christianity and Islam Eternal Wisdom M.D. Sharma,2025-05-26 This book offers a clear heartfelt introduction to San tana Dharma the timeless spiritual tradition often known as Hinduism presented not as a historical relic but as a living evolving guide for life in the modern world It brings together scattered elements like rituals philosophies symbols and ethical principles into one unified narrative Written for both lifelong practitioners and curious newcomers the book explores core concepts like dharma karma and mok a while showing how they are reflected in everyday practices festivals arts and social values It bridges ancient wisdom with contemporary issues such as environmental ethics mental health and social justice using accessible language and real life examples From yoga and mantra chanting to community service and temple architecture each chapter provides insights and practical tools for personal growth and global harmony With clarity and compassion the book invites readers to engage with San tana Dharma as a path of inner awakening and outer contribution **Dates and Meanings of Religious and Other Multi-ethnic Festivals 2002-2005** Shrikala Warriar,John G. Walshe,2001 This work provides a definitive guide to understanding and navigating the significant events of our muli cultural society It also provides the dates and background to the leading multi ethnic festivals *Sacred Verses, Healing Sounds* Deepak Choppa,1994 **Rig Veda-Sanhita, the Sacred Hymns of the Brahmins; Together with the Commentary of Sayanacharya** Friedrich Max Müller,1849 **The Sacred Books of the East: Vedic hymns, pt.
