Dutiful Love Elizabeth L. Hinson-Hasty,2021-08-17 Elizabeth L Hinson Hasty pursues places where care for people with serious mental illness and their families is unraveled in the United States She picks up threads of empowerment from the Christian tradition to address the distinctive circumstances of individuals and families affected by mental illness and draws upon her own experiences as the sibling of someone with serious mental illness SMI As

a scholar of theology and Christian ethics the author challenges the traditional theological explanations of disability and madness and the public policies that try to fit people with SMI into boxes and checklists made for those with minds and bodies society values as ideal Dutiful Love explores the distinctive relationship between self sacrificial love and caregiving when that duty to care extends over the course of an entire lifetime because of social limitations placed upon people with mental illness Hinson Hasty investigates how the Christian theological tradition shapes our Western understanding of normal and abnormal minds and bodies This approach to mental and physical impairment associates healing with curing but neglects the empowerment thread that is part of the gospel narrative The author encourages caregivers whether professionals friends or families to think about the concept of self giving as an alternative to self sacrifice In the context of families impacted by mental illness or degenerative disease healing is more synonymous with presence Intentional presence involves self giving listening contemplation prophetic truth telling and walking with another so that isolation stigma and shame no longer define the social realities of people with mental illness their siblings or their larger families The book includes discussion questions making it an ideal resource for individual reflection church study groups and college seminary and university classrooms

The

Radicality of Love Srećko Horvat, 2016-01-11 What would happen if we could stroll through the revolutionary history of the 20th century and without any fear of the possible responses ask the main protagonists from Lenin to Che Guevara from Alexandra Kollontai to Ulrike Meinhof seemingly naïve questions about love Although all important political and social changes of the 20th century included heated debates on the role of love it seems that in the 21st century of new technologies of the self Grindr Tinder online dating etc we are faced with a hyperinflation of sex not love By going back to the sexual revolution of the October Revolution and its subsequent repression to Che's dilemma between love and revolutionary commitment and to the period of 68 from communes to terrorism and its commodification in late capitalism the Croatian philosopher Srećko Horvat gives a possible answer to the question of why it is that the most radical revolutionaries like Lenin or Che were scared of the radicality of love What is so radical about a seemingly conservative notion of love and why is it anything but conservative This short book is a modest contribution to the current upheavals around the world from Tahrir to Taksim from Occupy Wall Street to Hong Kong from Athens to Sarajevo in which the question of love is curiously surprisingly absent

Understanding Rosenstock-Huessy Norman Fiering, 2022-03-17 The contributions of Eugen Rosenstock-Huessy 1888-1973 one of the most profound and original thinkers of the twentieth century span several disciplines in the humanities history philosophy sociology linguistics religion although his work is ultimately uncategorizable In 1933 immediately upon the ascent of Hitler he emigrated to the United States from Germany taught at Harvard for two years and then at Dartmouth College until 1957 His voice was prophetic urgent compelling and it remains relevant This collection of essays is by a retired professor of history who was a student of Rosenstock-Huessy's in the 1950s and found his lecturing transformative It is not a nostalgic book however It is written with the conviction that Rosenstock-Huessy still needs to be heard more urgently than ever for the betterment of humankind

Love and Christian Ethics Frederick V. Simmons, 2016-12-15 At the heart of Christian ethics is the biblical commandment to love God and to love one's neighbor as oneself But what is the meaning of love Scholars have wrestled with this question since the recording of the Christian gospels and in recent decades teachers and students of Christian ethics have engaged in vigorous debates about appropriate interpretations and implications of this critical norm In *Love and Christian Ethics* nearly two dozen leading experts analyze and assess the meaning of love from a wide range of perspectives Chapters are organized into three areas influential sources and exponents of Western Christian thought about the ethical significance of love perennial theoretical questions attending that consideration and the implications of Christian love for important social realities Contributors bring a richness of thought and experience to deliver unprecedentedly broad and rigorous analysis of this central tenet of Christian ethics and faith William Werpehowski provides an afterword on future trajectories for this research *Love and Christian Ethics* is sure to become a benchmark resource in the field

Love's Grateful Striving M. Jamie Ferreira, 2001-06-07 Søren Kierkegaard's *Works of Love* 1847 a series of deliberations on the commandment to love one's neighbor has often been condemned by critics Here Ferreira seeks to

rehabilitate Works of Love as one of Kierkegaard's most important works. He shows that Kierkegaard's deliberations on love are highly relevant to some important themes in contemporary ethics including impartiality, duty, equality, mutuality, reciprocity, self-love, sympathy, and sacrifice. Ferreira also argues that Works of Love bears on issues peculiar to a religious ethic such as the role of God as middle term and the possibility of preserving the aesthetic dimensions of love in a religious ethic of relation.

Sacrifice of Love Tandra Burke, 2010-02 Unfading Light Sergius Bulgakov, 2012-12-12

With its scholarly discussions of myth, German idealist philosophy, negative theology, and mysticism, shot through with reflections on personal religious experiences, *Unfading Light* documents what a life in Orthodoxy came to mean for Sergius Bulgakov on the tumultuous eve of the 1917 October Revolution. Written in the final decade of the Russian Silver Age, the book is a typical product of that era of experimentation in all fields of culture and life. Bulgakov referred to the book as *miscellanies*, a patchwork of chapters articulating in symphonic form the ideas and personal experiences that he and his entire generation struggled to comprehend. Readers may be reminded of St Augustine's *Confessions* and *City of God* as they follow Bulgakov through the challenges and opportunities presented to Orthodoxy by modernity.

Sacrifice Robert Petkovsek, Bojan Zalec, 2018

Various fundamental and vital areas and aspects of human life are in some way crucially interwoven with the ideas, ideals, and practices of sacrifice. As an attention-grabbing example of how importantly sacrifice may influence society, let us mention suicide terrorist attacks that by spreading sorrow, panics, and fear have changed the face of today's world. But the importance of sacrifice reaches broader and deeper. The authors of this book show that it is connected with the origins of human culture and its transformations. This interdisciplinary book brings the results of the research in the areas of humanities and social science. Various aspects of sacrifice are considered and connected. The book is an important contribution to the formation of a culture of sacrifice and offering appropriate for the modern world. Professor Robert Petkovsek is the Dean of the Faculty of Theology, University of Ljubljana. Research Professor Bojan Zalec is the Head of the Institute of Philosophy and Social Ethics at the Faculty of Theology, University of Ljubljana.

Arcane Love Sneha Anand, 2021-12-19

Arcane Love is an idea which was created to bring the love and sacrificial stories out there. It speaks of all the different colours of love and sacrifice, indulge in it. Being a strong topic, as it stands, it gives many aspects with various flavours with it. To me, this project holds the deepest love as it's the very first of my upcoming anthology. People say we can't define love with one simple definition, for that statement here, I thought of bidding all the definitions of love and sacrifice through Arcane Love. Learn to love, love will always find you.

The Love of God John C. Peckham, 2015-07-28

Theology has constantly wrestled with the nature of God's love and what it means for how God relates to the world. In this comprehensive canonical theology of divine love, John C. Peckham argues for an account that avoids the

errors of both voluntarist and experientialist theologies and faithfully represents the full biblical witness **Themes of Work and Love in Adulthood** Neil J. Smelser, Erik Homburger Erikson, 1980 Revised papers from a conference under the auspices of the Western Center of the American Academy of Arts and Sciences which was held May 8 9 1977 at the Center for Advanced Study of the Behavioral Sciences in Palo Alto California
