Sadat And His Statecraft:

Sadat and His Statecraft Felipe Fernández-Armesto, 1983 **Sadat and the Art of Statecraft: "Great Men Dedicated to Peace and Progress."** ,1997 This essay examines the 1972-1974 period of Anwar Sadat's leadership as President of Egypt with a focus on his abilities as a statesman and his skill as a practitioner of the art of statecraft. The author shows that Sadat was an adept statesman particularly during the key policy event of this period: the October 1973 Arab-Israeli War. He successfully created and harnessed this event using all the means of statecraft to secure the national interests and objectives he wanted for his country. Though the Arab-Israeli war is one way to highlight Sadat's skill as a statesman, it was the 1973 Arab-Israeli peace that shows the true expertise of Sadat's statecraft because war was only one tool used by Sadat to reach his overall objectives. In this case, the art of war worked closely with the art of diplomacy to fashion a synergistic Egyptian foreign policy that would attain a better state of peace. This examination of the structure and success of Sadat's grand strategy begins by looking at Egypt's national interests and the threats to those interests. Next is an assessment of Sadat's perception of Egyptian power and a look at the opportunities available to him in the context of the environment he faced. The essay assesses Sadat's effectiveness in adapting to the unexpected and marshaling the tools of statecraft to secure a better peace and presents the lessons others can learn from his example.

A History of Social Justice and Political Power in the Middle East Linda T. Darling, 2013-05-02 From ancient Mesopotamia into the 20th century, the Circle of Justice as a concept has pervaded Middle Eastern political thought and underpinned the exercise of power in the Middle East. The Circle of Justice depicts graphically how a government's justice toward the population generates political power, military strength, prosperity, and good administration. This book traces this set of relationships from its earliest appearance in the political writings of the Sumerians through four millennia of Middle Eastern culture. It explores how people conceptualized and acted upon this powerful insight, how they portrayed it in symbol, painting, and story, and how they transmitted it from one regime to the next. Moving towards the modern day, the author shows how, although the Circle of Justice was largely dropped from political discourse, it did not disappear from people's political culture and expectations of government. The book demonstrates the Circle's relevance to the Iranian Revolution and the rise of Islamist movements all over the Middle East and suggests how the concept remains relevant in an age of capitalism. A must-read for students, policymakers, and ordinary citizens, this book will be an important contribution to the areas of political history, political theory, Middle East studies, and Orientalism.

[The Modern Middle East](#) Mehran Kamrava, 2011-01-03 Since it was first published in 2006, this concise overview of the making of the contemporary Middle East has become essential reading for students and general readers who want to gain a better understanding of this diverse region. Writing for a wide audience, Mehran Kamrava takes us from the fall of the Ottoman Empire to today, exploring along the way such central issues as the dynamics of economic development, authoritarian endurance, and the Israel-Palestinian conflict. For this new, thoroughly revised edition, he has

brought the book fully up to date by incorporating events and issues of the past few years The Modern Middle East now includes information about the June 2009 Iranian presidential elections and their aftermath changes precipitated so far by the Obama administration Israel s attack on Gaza in 2008 the effects of globalization on economic development and more

Building Air Bases in the Negev Frank N. Schubert,1992 Building Air Bases in the Negev is a remarkable story of the U S Army Corps of Engineers role supporting national diplomatic initiatives overseas while managing a major construction project in Israel Frank N Schubert has written a superbly organized account tracing from the spring of 1979 to the summer of 1982 the development and completion of two ultramodern air bases at a cost that only exceeded original estimates by less than 3 percent As Schubert suggests the air base program helped bring peace between two long term antagonists Israel and Egypt Schubert s work serves as an important case study for analyzing not only engineering project management and construction practices but also demanding sociopolitical cultural and business conditions in sovereign foreign lands

Sadat's Jihad Lt. Col. (Ret.) Shimon Mendes,2018-06-27 SADATs JIHAD is the fruit of seven years research The author describes the real reasons in his opinion that led the Israel Defense Forces to be utterly surprised in the Yom Kippur War Israeli Intelligence had concluded with direct assistance of Sadat himself that he was illiterate politically and militarily impotent Admittedly Sadat ultimately showed himself as a political intellectual and military strategist a visionary leader who gazed back 7000 years yet stared forward into Eternal History The Egyptian surprise that carried out successfully conducted by the Egyptian President Nevertheless despite the sophisticated brilliant gambit that preceded the war Israel succeeded to turn the table on Egypt and Egypt almost suffered a crippling defeat again Shimon Mendes introduces Anwar al Sadat as The First Muslim Pharaoh Within the multiple stratagems that preceded his war Sadat had chosen to interlace Old and New Consequently Israeli Intelligence could not read him He started the war as a Moslem Caliph and ended the war as a Modern Pharaoh

Historical Dictionary of Egypt Arthur Goldschmidt, Jr.,2023-07-25 Egypt is the world s oldest continuous country with a recorded past of over 6 000 years Often invaded conquered and occupied by foreign armies Egypt has never lost its identity The Egyptians of today although they have changed their language once and their religion twice descend mainly from the Egyptians who built the Giza Pyramids and the Temple of Karnak who served Alexander the Great and his heirs who submitted to Augustus Caesar and raised much of the grain that fed the Roman Empire who started Christian monasticism and the veneration of the Virgin Mary and who advanced and sustained Muslim learning in what is now the world s oldest functioning university It was and is one of the most important countries in the world Historical Dictionary of Egypt Fifth Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 600 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Egypt

A Superpower Transformed Daniel J. Sargent,2015 Geopolitics and globalization collided in the 1970s and their

collision produced difficult challenges for the makers of American foreign policy *A Superpower Transformed* explains how policymakers across three administrations worked to manage complex international changes in a tumultuous era and it explores the legacies of their efforts to accommodate American power to new forces stirring in world affairs **The Modern Middle East, Third Edition** Mehran Kamrava, 2013-10-05 From the fall of the Ottoman Empire through the Arab Spring this title offers a classic treatise on the making of the contemporary Middle East remains essential reading for students and general readers who want to gain a better understanding of this diverse region **A Brief History of Egypt** Arthur Goldschmidt, 2008 Chronicles the history of Egyptian politics economics social and cultural developments from ancient times to the present **Egypt And The Arabs** Joseph P Lorenz, 2021-11-28 As the Arab states come to grips with new realities in the Middle East the shifts in political and economic power in the region the growing ascendancy of fundamentalist Islam over Nationalist and pan Arab ideologies of the past and the changing dynamics of the Palestinian problem the course that Mubarak charts for Egypt has become a factor of key importance In this book a career Foreign Service officer examines the changes that are taking place in Egyptian attitudes and policies toward the Arab world from three perspectives the ways in which Egypt pursued its regional interests under Nasser and Sadat the policy constraints imposed by political economic and social forces within Egypt and the dynamics of Egyptian Arab relations since the October War [In Search of a Peace Settlement](#) M. Gat, 2012-06-28 This is the first examination of the Israeli and Egyptian peace process between 1967 1973 which highlights the rise and fall of Soviet influence after the Six Day War and explores how the increasing importance of America's political leadership affected the region **Political Psychology And Foreign Policy** Eric Singer, Valerie M Hudson, 2020-02-24 First published in 1992 One of the issues of particular interest to political psychologists centers around how foreign policy decisions are made The psychological phenomena that political psychologists examine have to do with how individuals perceive interpret feel about and react to their environment The political factors have to do with the activities involved in governing or the making of public policy that is with how the material and human resources of a collectivity are allocated The research presented in this volume addresses 6 key questions that link psychological and political processes and the chapters are organized around three conceptual clusters perception studies personality studies and studies of group dynamics **Shaping Strategy** Risa Brooks, 2018-06-05 Good strategic assessment does not guarantee success in international relations but bad strategic assessment dramatically increases the risk of disastrous failure The most glaring example of this reality is playing out in Iraq today But what explains why states and their leaders are sometimes so good at strategic assessment and why they are sometimes so bad at it Part of the explanation has to do with a state's civil military relations In *Shaping Strategy* Risa Brooks develops a novel theory of how states' civil military relations affect strategic assessment during international conflicts And her conclusions have broad practical importance to anticipate when states are prone to strategic failure abroad we must look at how civil military relations affect the analysis of those strategies

at home Drawing insights from both international relations and comparative politics *Shaping Strategy* shows that good strategic assessment depends on civil military relations that encourage an easy exchange of information and a rigorous analysis of a state's own relative capabilities and strategic environment Among the diverse case studies the book illuminates Brooks explains why strategic assessment in Egypt was so poor under Gamal Abdel Nasser prior to the 1967 Arab Israeli war and why it improved under Anwar Sadat The book also offers a new perspective on the devastating failure of U S planning for the second Iraq war Brooks argues that this failure far from being unique is an example of an assessment pathology to which states commonly succumb *The Middle East In Global Perspective* Judith Kipper, Harold Saunders, 2019-06-19 Well before events in the Soviet Union and Eastern Europe dramatized the rapidity with which a new political world is evolving and before the Gulf War sharpened the focus on the Middle East agenda scholars and policymakers alike were searching for different concepts for addressing the intractable problems facing the Middle East Even though the re **Arab-Israeli Peace Process** Aftab Kamal Pasha, 2000 The Arab Israeli Peace Process Is As Old As The Conflict Itself Which Can Be Traced To The Balfour Declaration If Not To The Basle Conference Numerous Attempts Have Been Made To Find Solutions To The Conflict This Volume Presents A Comprehensive Review And Critical Assessment Of The Us Attempts To Sideline The Palestinian Issue Under Israeli Jewish Pressure And Factors Leading To The Camp David Accords The Book Focuses On Some Of The Contentious Issues Like The Involvement Of Gulf States In The Peace Process Israeli Settlements In West Bank And Plo Peace Strategies Since Its Creation In 1964 Furthermore It Discusses The Fahd Fez Reagan Plans And The Saudi Role In The Peace Process Factional Fights Within The Plo And Outside Interference Especially Israeli And Syrian To Influence Developments In The Palestinian Movement Impact Of Palestinian Presence In Lebanon Factors Which Propelled Israel To Invade Lebanon And Plo Strategy To Push Israel Out Of That Country *An American Political Scientist in Israel* Paul Eidelberg, 2010-08-20 An American Political Scientist in Israel recounts the author's meetings with some of Israel's political and intellectual leaders after he immigrated to Israel in 1976 His book reveals for the first time the flawed mentality of these elites and how this affects their foreign policy As a political scientist and student of the America's Founding Fathers he provides a professional critique of Israel's ideological and institutional flaws Eidelberg also provides a detailed account of Israel's economic and technological contribution to the United States Contrary to conventional opinion dollar for dollar the United States receives more from Israel than Israel receives from the United States Finally Eidelberg offers a remedy for Israel's woes He first shows that although Israel is a democracy from a sociological perspective it is not a democracy from a political institutional perspective Not only does Israel lack a written Constitution with institutional checks and balances but members of the legislature are not individually accountable to the voters in constituency elections Operating in Israel is not representative government so much as multi party cabinet government dominated by the prime minister Eidelberg has therefore drafted a Constitution that empowers the people and is consistent with basic Judaic principles Journal of South

Asian and Middle Eastern Studies ,1999 The Diplomats, 1939-1979 Gordon A. Craig, Francis L. Loewenheim, 2019-01-15

This volume offers a unique perspective on a turbulent and dangerous age by focusing on the activities and accomplishments of its diplomats. Its twenty-three interconnected essays discuss the politics of ambassadors, foreign ministers, and heads of state from Acheson and Adenauer to Sadat and Gromyko, as well as the special problems of the professionals in the foreign offices and the role of the media in modern diplomacy. Among its contributors are such distinguished international scholars as Akira Iriye, Michael Brecher, Stanley Hoffmann, W. W. Rostow, and Norman Stone. Expanding the field of inquiry covered by its acclaimed predecessor *The Diplomats, 1919-1939*, which concentrated on Europe and the coming of the Second World War, these essays showcase the major diplomatic practitioners of the period against the broader background of the problems and crises that confronted them: among others, the Polish question at the end of World War II, the onset of the Cold War, the defeat of EDC in 1954, the Suez crisis, Khrushchev's Berlin note in 1958, the Middle East War of 1967, and the oil shock of 1973, the Iranian revolution, and the Soviet invasion of Afghanistan. This account of the pendular swing from crisis and detente and back again is given a global perspective by careful treatment of the diplomacy of new nations like India, Communist China, and Israel, and the transformation of the Middle East and Japan. Among the new perspectives offered here are Geoffrey Warner's critical view of Ernest Bevin's attitude toward the United States, John Lewis Gaddis's judgment of Henry Kissinger's detente policy, W. W. Rostow's analysis of the diplomatic method of Paul Monnet, Rena Fonseca's assessment of Nehru's policy of nonalignment, Shu Guang Zhang's fresh look at the relationship between Zhou Enlai and Mao, and Paul Gordon Lauren's critique of U.N. crisis management from Trygve Lie to Perez de Cuellar. Highly original also are Steven Miner's portrait of Molotov, Michael Brecher's pioneering study of the diplomacy of Abba Eban, and James McAdams's analysis of German Ostpolitik. Originally published in 1994, *The Princeton Legacy Library* uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905. *Peaceful Territorial Change* Arie Marcelo Kacowicz, 1994

Whispering the Secrets of Language: An Emotional Quest through **Sadat And His Statecraft**

In a digitally-driven world where displays reign supreme and instant connection drowns out the subtleties of language, the profound strategies and emotional subtleties concealed within phrases often get unheard. Yet, nestled within the pages of **Sadat And His Statecraft** a fascinating literary value blinking with organic emotions, lies a fantastic journey waiting to be undertaken. Written by a skilled wordsmith, that marvelous opus attracts visitors on an introspective journey, lightly unraveling the veiled truths and profound influence resonating within the cloth of each and every word. Within the emotional depths of the touching review, we shall embark upon a sincere exploration of the book's primary subjects, dissect their charming publishing design, and yield to the effective resonance it evokes seriously within the recesses of readers' hearts.
