The 1990s Teen Horror Cycle Alexandra West, 2018-06-05 Many critics and fans refer to the 1990s as the decade that horror forgot with few notable entries in the genre Yet horror went mainstream in the 90s by speaking to the

anxieties of American youth during one of the country's most prosperous eras. No longer were films made on low budgets and dependent on devotees for success. Horror found its way onto magazine covers, fashion ads, and CD soundtrack covers. Girl power, feminism, and a growing distaste for consumerism defined an audience that both embraced and rejected the commercial appeal of these films. This in-depth study examines the youth subculture and politics of the era, focusing on such films as *Buffy the Vampire Slayer* (1992), *Scream* (1996), *I Know What You Did Last Summer* (1997), *Idle Hands* (1999), and *Cherry Falls* (2000).

100 American Horror Films Barry Keith Grant, 2022-03-24. A well-plotted survey. Total Film. In *100 American Horror Films*, Barry Keith Grant presents entries on 100 films from one of American cinema's longest-standing, most diverse, and most popular genres, representing its rich history from the silent era (D. W. Griffith's *The Avenging Conscience* of 1915) to contemporary productions (Jordan Peele's 2017 *Get Out*). In his introduction, Grant provides an overview of the genre's history, a context for the films addressed in the individual entries, and discusses the specific relations between American culture and horror. All of the entries are informed by the question of what makes the specific film being discussed a horror film: the importance of its place within the history of the genre and where relevant, the film is also contextualized within specifically American culture and history. Each entry also considers the film's most salient textual features, provides important insight into its production, and offers both established and original critical insight and interpretation. The 100 films selected for inclusion represent the broadest historical range and are drawn from every decade of American film-making, from major and minor studios, examples of the different types or subgenres of horror, such as psychological thriller, monster, terror, gothic horror, home invasion, torture, porn, and parody, as well as the different types of horror monsters, including werewolves, vampires, zombies, mummies, mutants, ghosts, and serial killers.

Horror at the Drive-In Gary D. Rhodes, 2015-09-03. Drive-in movie theaters and the horror films shown at them during the 1950s, 60s, and early 70s may be somewhat outdated, but they continue to enthrall movie buffs today. More than just fodder for the satirical cannons of Joe Bob Briggs and Mystery Science Theatre 3000, they appeal to knowledgeable fans and film scholars who understand their influence on American popular culture. This book is a collection of eighteen essays by various scholars on the classic drive-in horror film experience. Those in Section One emphasize the roles of the drive-in theater in the United States and its cultural cousin, Australia. Section Two examines how horror operated at the drive-in, the rhetoric used in coming attraction trailers, horror film premieres at drive-ins, double features, and the preproduction, production, and marketing of *Last House on the Left*. Section Three addresses the effects of the Vietnam War and counter culture on *The Texas Chainsaw Massacre* and the Cold War on *Cat Women of the Moon*. Section Four explores gender issues and sexuality, two of the most common and most important subjects of horror film analysis. Section Five covers drive-in culture via *Hush*, *Hush*, *Sweet Charlotte* (2000), *Maniacs*, and the films of Mario Bava. Section Six investigates a variety of issues, such as the drive-in horror film's embrace of DNA, the use of cinematic form to create a non-Hollywood look in *Wizard of Gore*, and the many different prints and running times of *I Drink Your Blood*. **A**
