Shakespeare's cinema of love R. S. White, 2016-10-03 This engaging and stimulating

book argues that Shakespeare's plays significantly influenced movie genres in the twentieth century particularly in films concerning love in the classic Hollywood period Shakespeare's green world has a close functional equivalent in tinseltown and on the silver screen as well as in hybrid genres in Bollywood cinema Meanwhile Romeo and Juliet continues to be an enduring source for romantic tragedy on screen The nature of generic indebtedness has not gained recognition because it is elusive and not always easy to recognise The book traces generic links between Shakespeare's comedies of love and screen genres such as romantic comedy screwball comedy and musicals as well as clarifying the use of common conventions defining the genres such as mistaken identity errors disguise and shrew taming Speculative challenging and entertaining the book will appeal to those interested in Shakespeare movies and the representation of love in narratives Shakespeare and Accentism Adele Lee, 2020-12-28 This collection explores the consequences of accentism an under researched issue that intersects with racism and classism in the Shakespeare industry across languages and cultures past and present It adopts a transmedia and transhistorical approach to a subject that has been dominated by the study of Original Pronunciation Yet the OP project avoids linguistically foreign characters such as Othello because of the additional complications their aberrant speech poses to the reconstruction process It also evades discussion of contemporary global practices and underpinning the enterprise is the search for an aural purity that arguably never existed By contrast this collection attends to foreign speech patterns in both the early modern and post modern periods including Indian East Asian and South African and explores how accents operate as metasigns reinforcing ethno racial stereotypes and social hierarchies It embraces new methodologies which includes reorienting attention away from the visual and onto the aural dimensions of performance
