Scripture and Exegesis in Early Imāmī-Shiism Me'ir Mikha'el Bar-Asher,1999 An examination of the features and methods of Imami exegesis

Scripture and Exegesis in Early Imāmī Shiism Meir M. Bar-Asher,2021-09-20 Since the publication in 1921 of Ignaz Goldziher's *Die Richtungen der islamischen Koransauslegung* which includes a discussion of Imami exegesis no comprehensive work on this topic has appeared In the intervening years important Imami commentaries on the Qur'an have become available making possible a reappraisal of the subject The present study aims to contribute to this task primarily by examining the features and methods of Imami exegesis Principally it offers a description and analysis of the major tenets of Imami doctrine as reflected in the earliest Imami works of exegesis and related sources up to the Major Occultation of the twelfth Imam in 329/941 These include among others the belief in a primordial covenant between God and the Shāh and the superhuman and mystical qualities with which the Imams were graced such as their God-given infinite knowledge their intercession on behalf of their community their immunity from sin and error etc Other tenets relate to the attitude of Imami Shiism to its enemies e.g. the duty to denigrate and dissociate from them These and similar ideas are constant motifs in Imami exegesis and are linked time and again with various Qur'anic verses Relying on classical and modern Arabic sources Sunni and Shāh alike as well as on a wide range of western research Meir Bar-Asher sheds new light on the Imami methods of exegesis and on the principal Imami doctrines as reflected in the early Imami exegetical corpus

Trial and Tribulation in the Qur'an Nasrin Rouzati, 2015-12-31 This book offers a critical analysis and re-examination of the notion of Divine trial first by providing a comprehensive typology and a contextual interpretation of the Qur'anic narratives pertaining to the concept Divine trial is then investigated through a historical review of prophetic tradition hadith and the exegetical literature tafsir followed by a discussion on Prophetology and an overview of bala in the lives of the prophets The book further develops key aspects of Muslim theology and mysticism through an examination of the works of Rumi and al-Ghazali Qur'anic Hermeneutics from the 13th to the 19th Century Georges Tamer, 2024-11-04 This project presents the hermeneutical approaches to the Qur'an of the most prominent Qur'anic scholars in Islamic intellectual history Not only scholars who wrote commentaries on the Qur'an in the narrow sense of the word tafsir are to be presented but also those who dealt hermeneutically with the Qur'an in various ways The Handbook of Qur'anic Hermeneutics is the first book that discusses all the hermeneutical fields of the Qur'an It will be published in seven volumes Between the Ideal and the Real Akeel Abbas, 2024-06-04 Between the Ideal and the Real describes why Iraq state building and democratic transformation failed by offering a very new and unusual perspective away from the usual blame assigned to the US that has become part of the conventional wisdom about Iraq and the Middle East Although the book acknowledges US failings in Iraq the main argument it presents is that the main causes of failure lie in a problematic alliance between Iraqi Shiite Islamist parties and the clerical establishment in Najaf led by Ayatollah Sistani To appreciate this new perspective the book takes you into the history of Iraqi Shiism both as a set of doctrinal and theological beliefs about the world and a lived experience by ordinary Iraqi Shias The book argues that this understanding hindered Shias from embracing many products of modernity such as nationalism individualism humanism and democratic rule by consolidating a primordial group identity that ties people to the past a particular kind of past based on doctrinal supremacy and historical victimhood Combined the two have the negative effect of depriving ordinary Iraqi Shias of a personal sense of agency and contributing to a general spirit skeptical of difference The book also documents people's push back against this restrictive approach to reality in a variety of contexts

Based on extensive historical and doctrinal research into the distant past of Shiism the book links the past to the present by examining the unfortunate consequences that grow out of the insistence to allow pre modern values determine the modern experience of life
