Selected Antitrust Cases Irwin M. Stelzer, 1955 **Selected Antitrust Cases** Irwin M. Stelzer, Howard P. Kitt, 1986
Explains with interesting concrete problems the manner in which economic theory is reflected in antitrust policy The leading decisions covered here have been edited to manageable proportions but retain the original language of the court Only those cases are given that truly represent landmark opinions The author explains the law as it stands now and provides information on the historical development of the attitude of the courts on the various legal economic issues In addition the author also includes dissenting opinions in order to provide a better understanding of the inherent complexities of the economic issues faced by the courts ISBN 0 256 03222 X 18 95 **Selected Antitrust Cases**, 1966 Selected Antitrust Cases Irwin M.
