One Step Closer CJ Plogger,2016-12-31 A journey is a collaboration and culmination of many steps Sometimes our steps move us forward or backwards Sometimes we take steps to the left or to the right Our goal should be that our steps move us toward a definite destination We hope that our steps are taking us nearer to that which will make us stronger better or even be greater people As our steps are crucial our end point is as well If we want to have the life that God has in store for us we need to be walking toward Him daily God has a life of peace and joy for us Not problem free but one of peace Not without tribulations or trouble but one of triumph In order for us to possess this life God has to be our end destination He has to be the one that we are focusing and He has to be the one that we are depending upon In order for us to grow in the Lord and step closer to Him we must be intentional It would be wonderful if we could just wake up and be spiritually stronger than we have ever been before But that is not reality We must be systematic and strategic if we are going to grow in the Lord This book will help and lead you to grow spiritually Jesus said If we are to follow Him we are to take up our cross daily One Step Closer is a tool that will not only strengthen us now it will impact our eternity Behold the Mystery Mark Hart,2014-03-01 As Catholics the Mass should be a mountaintop experience for us Often though we go through the motions at Mass without an appreciation for what has really happened Popular speaker and author Mark Hart helps Catholics move beyond the repetition and ritual to see the Mass for what it really is a heavenly banquet a wedding feast in which heaven and earth meet In his engaging style Hart guides readers toward a deeper understanding of the Mass its roots in the Jewish Sabbath its sacrificial character and its signs and symbols As we are told to go in peace he inspires us to see the Mass as a place to be nourished so that we can further Christ s mission in the world In the last part of the book Hart provides pithy answers to frequently asked questions such as Why can t I leave right after Communion or Why did the words change Finally Hart offers ten things we can do to get more out of Mass **Can Virtue Make Us Happy?** Otfried Hoffe,2010-03-17 In Can Virtue Make Us Happy The Art of Living and Morality Otfried Hoffe one of Europe s best known philosophers offers a far reaching and foundational work in philosophical ethics Hoffe uses clear accessible language to present common understandings of happiness and freedom while illuminating the blind alleys in the history of philosophy What has priority good ends or right action Is freedom always anarchy Is it possible to think of a freedom enhanced by morality Is morality merely a euphemism for stupidity Does humanity have a good or a bad character Is there such a thing as evil Hoffe offers no simple formulas but provides enlightened philosophical reflection to fuel the reader s own examination of these questions Book Jacket What is Knowledge? Jose Ortega y Gasset,2002-01-01 Appearing in English for the first time this book comprises two of Ortega s most important works Qu es conocimiento and the essay Ideas y creencias This is Ortega s attempt to systematically present the foundations of his metaphysics of human life and on that basis to provide a radical philosophical account of knowledge In so doing he criticizes idealism and overcomes it Accordingly this book goes well beyond a treatise on epistemology in fact as

understood in modern philosophy this discipline and its questions are shown to be derivative and in that sense they are transcended here by Ortega's systematic effort. Written during the time of his maturity these works are representative of his fruitful and radical period. Both *Qu'es conocimiento* and *Ideas y creencias* are equally decisive not only for the understanding and radical completion of Ortega's work but also for their relevance to the work of continental philosophers during the same period and for years to come e.g. Husserl, Jaspers, Heidegger, Sartre and others.
