

The ant and the grasshopper

A little ant and a grasshopper lived together in a rocky green area. The little ant always got up early to collect and store grains for the winter. However, the grasshopper spent its time flying and jumping in the area. The little ant advised it many times to collect its food before the difficult winter, but the grasshopper didn't care and spent its time playing. The difficult winter came and the grasshopper didn't find enough food to eat.
