Alexander, 2015-06-25 Excerpt from *A Short Synopsis of the Most Essential Points in Hawaiian Grammar* As all former grammars of the Hawaiian language are out of print at the solicitation of friends I have revised and enlarged a brief synopsis of Hawaiian grammar which was originally written for my pupils and published in 1864 This little work does not pretend to be a philosophical treatise or to be a complete account of the structure and peculiarities of the Hawaiian branch of the Polynesian language But it is hoped that it may be of service to those who wish to study the genuine uncorrupted idiom as spoken by the older Hawaiians as well as to students of comparative philology The terms and divisions of European grammars have been retained for the convenience of students although they are only partially applicable to languages of a radically different type I have to acknowledge my obligations to Rev L Andrews Hawaiian Grammar to Dr Maunsell s New Zealand Grammar and to M Gaussin s able work on the Polynesian language About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
