

A patient is lying on an operating table, undergoing shoulder arthroscopy. The patient's arm is positioned at their side, and the shoulder is the focus of the surgical procedure. A large, circular surgical light is visible in the background, illuminating the surgical site. The patient's arm is wrapped in a blue bandage, and a white tube is connected to the arm. A surgical instrument is visible, inserted into the shoulder joint. The overall scene is a clinical, sterile operating room environment.
