Dark Shadows Falling Joe Simpson, 1997 Concise objective account of the 1996 Everest debacle One of Simpson s most controversial and challenging books Short listed for the 1997 Boardman Tasker Award In 1992 an Indian climber was left to die alone high on the South Col of Mount Everest by other climbers who watched his feebly waving hand from the security of their tent thirty yards away Some film footage of his corpse was later shown on television Why did these onlookers not hold the dying man s hand and comfort him The answer appalls Joe Simpson who was himself left for dead in a crevasse at the foot of Siula Grande in Peru in 1985 It is an uncomfortable ethical question that he is forced to confront as he attempts a difficult new route on Pumori with a clear view of the whole South Col from close to the vantage point where Eric Shipton first spotted the way up the south side of Everest taken by Hillary and Tenzing in 1953 Now that Everest has become the playground of the rich where commercial operators offer guided tours to the top up fixed ropes camping amidst the detritus and unburied corpses of previous less fortunate climbers Simpson wonders if the noble caring instincts that once characterized mountaineering have been irrevocably displaced as in other facets of today s society On investigation he finds it a less black and white issue that at first it seemed I shall never forget the horror of dying alone

the awful empty loneliness of it he says Yet his empathy for the victims of storms altitude sickness or misjudgments is tested time and again as he explores anecdotally and in conversations with his companions on Pumori the moral climate of mountaineering in the 1990s

Glitter Up the Dark Sasha Geffen, 2020-04-07 Why has music so often served as an accomplice to transcendent expressions of gender Why did the query is he musical become code in the twentieth century for is he gay Why is music so inherently queer For Sasha Geffen the answers lie in part in music's intrinsic quality of subliminal expression which through paradox and contradiction allows rigid gender roles to fall away in a sensual and ambiguous exchange between performer and listener Glitter Up the Dark traces the history of this gender fluidity in pop music from the early twentieth century to the present day Starting with early blues and the Beatles and continuing with performers such as David Bowie Prince Missy Elliot and Frank Ocean Geffen explores how artists have used music fashion language and technology to break out of the confines mandated by gender essentialism and establish the voice as the primary expression of gender transgression From glam rock and punk to disco techno and hip hop music helped set the stage for today's conversations about trans rights and recognition of nonbinary and third gender identities Glitter Up the Dark takes a long look back at the path that led here

Dark Side of the Moon C. Sean McGee, 2014-05-14 Set to the music and lyrics and music of Pink Floyd's Dark Side of the Moon this is the story of Theodore the disenfranchised rabbit working tirelessly on the moon to dig a hole from one side to the other to let the sun through playing in a mundane rock band and having sex rampantly but without much zest

The Dark Arts Richard Herring, 2012-02-21 Richard Herring's first book introduces the readers into the wonderfully colourful world of boxing Herring for perhaps the first time ever looks not just at the excitement and brutality that is produced on fight night but rather instead focuses on the events that lead up to the fight

In every World Title fight that there has ever been both fighters and both fighters teams have taken every opportunity to do everything and anything they can to undermine the fighter and his preparations When Herring talks about The Dark Arts he looks at the psychological warfare that each fighter wages on the other and enlightens the reader to the unique mental strength that each man must possess not only to get to the top but to stay there The Dark Arts is set just before the fight of the year The champion Cornelius Max Power is boxings longest reigning and most feared Champion and is famed for coining the phrase for not only his ability to rough fighters up with an assortment of semi legal tactics but rather for his ability to completely psyche out an opponent before the first bell has even been rung His opponent Sugar Ray Reynolds is not an ordinary fighter blessed with a huge edge in height and reach blinding speed and freakish one punch power he is considered by one and all to be the heir apparent Something must give will the aging champion have too much for the young contender or will youth be served It is the immovable object against the irresistible force *Chasing the Dark* Kenneth L.
