### **The Price of Principle** Alan

Dershowitz, 2022-07-12 In his fiftieth book *The Price of Principle: Why Integrity Is Worth the Consequences* Alan Dershowitz, New York Times bestselling author and one of America's most influential legal scholars explores the implications of the increasing tendency in politics, academia, media, and even the courts of law to punish principle and reward partisan hypocrisy. Alan Dershowitz has been called one of the most prominent and consistent defenders of civil liberties in America by *Politico* and the nation's most peripatetic civil liberties lawyer and one of its most distinguished defenders of individual rights by *Newsweek*. Yet he has come under intense criticism for living by his principles and applying his famed shoe on the other foot. *The Price of Principle* is about efforts to cancel Alan Dershowitz and his career because he has insisted on sticking to his principles instead of choosing sides in the current culture and political war dividing our country. He explains that principled people are actively punished for not being sufficiently partisan. Principle has become the vice and partisanship the virtue in an age when partisan ends justify unprincipled means such as denial of due process and free speech in the interest of achieving partisan or ideological goals. Throughout his narrative, Dershowitz focuses on three sets of principles that have guided his life: 1. freedom of expression and conscience; 2. due process, fundamental fairness, and the adversary system of seeking justice; and 3. basic equality and meritocracy. He documents the attacks on him and others like him for being guilty of refusing to compromise important principles to promote partisanship. He names names and points fingers of accusation at those who have led us down this dangerous road. In the end, *The Price of Principle* represents an icon in the defense of free speech and due process, reckoning with the challenges of unprincipled attacks, a new brand of McCarthyism, and insisting that we ask hard questions about our own moral principles.

### **Terror Tunnels** Alan

Dershowitz, 2014-09-10 The New York Times bestselling author has focused his internationally recognized expertise and clarity of vision on this evolving terrorist tactic: Benjamin Netanyahu. At a time when Israel is under persistent attack on the battlefield by international organizations and in the court of public opinion, Alan Dershowitz presents a powerful case for Israel's just war against terrorism. In the spirit of his international bestseller *The Case for Israel*, Dershowitz shows why Israel's struggle against Hamas is a fight not only to protect its own citizens but for all democracies. The nation-state of the Jewish people is providing a model for all who are threatened by terrorist groups such as ISIS, al-Qaeda, and Boko Haram. Having himself been in one of the Hamas terror tunnels, Dershowitz explains why Israel had no choice but to send in ground troops to protect its civilians against Hamas death squads. Dershowitz wrote this book to warn the world that unless Hamas's strategy of building terror tunnels and firing rockets from behind human shields is denounced and stopped by the international community, the media, the academy, and good people of all religions, ethnicities, and nationalities, it will be coming soon to a theater near you. Covering all the hot button issues from the BDS movement to the rise of anti-Semitism to the charge of war crimes to the prospects of peace, *Terror Tunnels: The Case for Israel's Just War Against Hamas* is a must-read for all who care about Israel's peace in the
