

The book cover features a dark, atmospheric illustration. In the foreground, a young boy with dark hair is shown in profile, looking towards the right. He is wearing a dark jacket. Behind him, a large, ornate building with multiple domes and arches, likely a cathedral or church, is visible. The building is partially obscured by a large, bright, fiery explosion or fire that dominates the right side of the cover. The overall color palette is dark, with the fire providing a strong contrast in orange and yellow.

Shurika Story Of The Siege Of Leningrad:

The Legacy of the Siege of Leningrad, 1941-1995 Lisa A. Kirschenbaum, 2009-10-19 The siege of Leningrad constituted one of the most dramatic episodes of World War II one that individuals and the state began to commemorate almost immediately Official representations of heroic Leningrad omitted and distorted a great deal Nonetheless survivors struggling to cope with painful memories often internalized even if they did not completely accept the state's myths and they often found their own uses for the state's monuments Tracing the overlap and interplay of individual memories and fifty years of Soviet mythmaking this book contributes to understandings of both the power of Soviet identities and the delegitimizing potential of the Soviet Union's chief legitimizing myths Because besieged Leningrad blurred the boundaries between the largely male battlefield and the predominantly female home front it offers a unique vantage point for a study of the gendered dimensions of the war experience urban space individual memory and public commemoration *Shurik* Kyra Petrovskaya Wayne, 2007 A Russian actress and nurse tells of her experience caring for an orphan boy during part of the three year siege of Leningrad

Displaced Children in Russia and Eastern Europe, 1915-1953 Nick Baron, 2017-04-18 Across Eastern Europe and Russia in the first half of the twentieth century conflict and violence arising out of foreign and civil wars occupation revolutions social and ethnic restructuring and racial persecution caused countless millions of children to be torn from their homes Displaced Children in Russia and Eastern Europe 1915 1953 addresses the powerful and tragic history of child displacement in this region and the efforts of states international

organizations and others to replace uprooted and often orphaned children. By analysing the causes, character and course of child displacement and examining through first person testimonies the children's experiences and later memories, the chapters in this volume shed new light on twentieth century nation building, social engineering and the emergence of modern concepts and practices of statehood, children's rights and humanitarianism. Davis, Eugene P. Trani, 2012-10-05. During his career at the New York Times, Harrison Salisbury served as the bureau chief in post World War II Moscow, reported from Hanoi during the Vietnam War, and in retirement he witnessed the Tiananmen Square massacre firsthand. Davis and Trani's engaging biography of the two-time Pulitzer Prize winning journalist makes use of Salisbury's personal archive of interviews, articles, and correspondence to shed light on the personal triumphs and shortcomings of this preeminent reporter and illuminates the twentieth century world in which he lived. **Memoirs of a Piano** Kyra Petrovskaya, Wayne, 2007-09-04. MEMOIRS OF A PIANO is a whimsical chronicle of the vicissitudes of fortune of a French piano during more than a century of historical upheavals. In its own voice, Piano regales us with many stories, thus joining some of its famous predecessors such as Voltaire's bed, or Jonathan Swift's tub, or even Gogol's nose and Kafka's cockroach, who all talked. And what stories Piano tells! It tells us how it had almost ended up on the barricades during the French Commune. It describes Franz Liszt, who had used it at a concert. It meets young prodigy Claude Debussy and travels with him to Russia, where it becomes a house piano of the wealthy patroness of Tchaikovsky. Fate interferes with Piano's happy collaboration with Debussy, sending the young man back to France to become eventually world famous composer and the founder of Impressionism, while Piano becomes a witness to the mutiny on the battleship Potemkin on the Black Sea in 1905. Piano's adventures continue with the dramatic escape from the Red Revolution aboard the yacht Renaissance, belonging to a Russian Count. Safe in Turkey, the Count sells the yacht along with the piano to an eccentric American millionaire, who renames the boat and sails her among the Greek Islands, buying antiquities. The yacht and the piano barely survive vicious Atlantic storms on their way to New Orleans, where the ruined piano is discarded and abandoned on the beach. It is rescued by a group of black musicians, who repair it and move it to a club, where it has to learn the new music, Jazz. The saga of the French piano continues in America, eventually leading to Piano's vainglorious participation in the cruelest sport of the Great Depression, Marathon Dancing. The piano survives it all. Finally, when it ends up among the props at the MGM Movie Studio and is sold at the famous MGM auction in 1970, Piano is an old and wise instrument, which views its history with a touch of nostalgia. It still wants to serve Apollo, the god of light and music, but it has a secret desire to work with young musicians on the threshold of their fame, as it did once with Debussy at the start of his life. And at last, the great piano's desire is fulfilled. Political History and Culture of Russia, 2000.
