Narrative of a Pedestrian Journey Through Russia and Siberian Tartary from the Frontiers of China to the Frozen Sea and Kamtchatka Performed During the Years 1820-1823 John Dundas Cochrane, 1824 **The Trans-Siberian Railway** Deborah Manley, 2011-12-08 No railway journey

on Earth can equal the Trans Siberian between Moscow and Vladivostock It is not just its vast length and the great variety of the lands and climes through which it passes It is not just its history as the line that linked the huge territories which are Russia together It is a dream which calls countless travellers to the adventure of the longest railway in the world From the birth aboard of Rudolf Nureyev to the childhood obsession with the railway of Lesley Blanch to the weariness that eventually overcame Paul Theroux to the excitement of the author s own journey this revised and updated collection of travellers accounts brings together emotions descriptions and humour from a century of travel This new edition of a classic anthology takes us through the tremendous achievement of the railway s construction across harsh unsettled lands through the earliest journeys of Western travellers and the trains on which they travelled and their descriptions of fellow travellers food scenery domestic arrangements adventures on and off the train convicts revolution and war as the train carried them through a lonely lovely landscape The barrier of Lake Baikal was crossed by a British built ice breaker put together on the lakeside until the link around the deep water and through the first tunnels of the route was completed The railway played and still plays a

huge part in holding this vast country together

Before We Disappear into Oblivion Nina Bogdan, 2025-05-06 The October 1917 Russian Revolution and the subsequent Civil War triggered a mass exodus from Russia. Thousands boarded ships heading for California. *Before We Disappear into Oblivion* chronicles the struggles of members of the Russian diaspora in San Francisco and northern California as they built communities and negotiated their acculturation into American society. Nina Bogdan challenges the stereotype of the White Russian migr as an aristocrat in exile, revealing the diversity within California's Russian communities in terms of social backgrounds, political affiliations, and geographic origins. Bogdan details the historic Russian presence in northern California, particularly Fort Ross, and examines how migr s incorporated this presence into their strategies and tactics used to establish a foundation for community while developing their Russian American identity. Consulting Russian language sources generated by the diaspora alongside American public discourse and thousands of government documents, Bogdan traces the divergent paths Russian migr s took to become or not become middle class white Americans a century prior to the latest mass exodus of Russians from their homeland in 2022. Set against a backdrop of national and global events, the Great Depression, World War II, McCarthyism, and the Cold War, *Before We Disappear into Oblivion* explores the factors that shaped the Americanization of one ethnic group in an environment where cultural affiliation became submerged in favour of a constructed racial identity.

Emma Goldman and the Russian Revolution Frank Jacob, 2020-11-23 What impact did Bolshevik rule have on Emma Goldman's perception of the Russian Revolution of 1917, and why did she change her mind, going from defending the Russian Revolution to becoming a crusader against Bolshevism? The Russian Revolution changed the world and determined the history of the 20th century as the French Revolution had determined the history of the 19th century. Left wing intellectuals around the world greeted the February Revolution with enthusiasm as their hope for a new world and social order, and the end of capitalism seemed close. However, the joy did not last long as the ideals of February 1917 were replaced by the realities of October 1917, and Lenin crushed the revolution during the following Civil War. Emma Goldman, a famous Russian born American anarchist, was one of the intellectuals whose admiration for the revolution turned into frustration about its corruption. *Emma Goldman and the Russian Revolution* discusses her evolving perception of the revolution between 1917 and the early 1920s. The analysis of such an intellectual transformation process provides a case study of intellectual and revolutionary history alike, adding a closer reading to the research about the famous American anarchist Emma Goldman, her transnational life, and her role as a revolutionary intellectual.

The Lost Pianos of Siberia Sophy Roberts, 2020-08-04 This melodious mix of music history and travelogue reveals a story inextricably linked to the drama of Russia itself. These pages sing like a symphony. *The Wall Street Journal*: Siberia's story is traditionally one of exiles, penal colonies, and unmarked graves. Yet there is another tale to tell. Dotted throughout this remote land are pianos, grand instruments created during the boom years of the nineteenth century, as well as humble Soviet-made uprights that found their way into equally modest homes. They tell the story of how ever since

entering Russian culture under the westernizing influence of Catherine the Great piano music has run through the country like blood How these pianos traveled into this snowbound wilderness in the first place is testament to noble acts of fortitude by governors adventurers and exiles Siberian pianos have accomplished extraordinary feats from the instrument that Maria Volkonsky wife of an exiled Decembrist revolutionary used to spread music east of the Urals to those that brought reprieve to the Soviet Gulag That these instruments might still exist in such a hostile landscape is remarkable That they are still capable of making music in far flung villages is nothing less than a miracle The Lost Pianos of Siberia follows Roberts on a three year adventure as she tracks a number of instruments to find one whose history is definitively Siberian Her journey reveals a desolate land inhabited by wild tigers and deeply shaped by its dark history yet one that is also profoundly beautiful and peppered with pianos An elegant and nuanced journey through literature through history through music murder and incarceration and revolution through snow and ice and remoteness to discover the human face of Siberia I loved this book Paul Theroux **Russia in Travail** Olive Gilbreath,1918 Russia ,1917 Russia Benjamin Baker,1917 **North Korea News** ,1994 *Russian America Or (Alaska)* Frederick Whympers,1868 **Adventure** ,1917 *The Russian Review* ,1961 Includes section on book reviews **The Art of Dramaturgy** Anne Cattaneo,2021-09-21 An introduction to the mysterious theater role of a dramaturg by a legend in the field Anne Cattaneo was among the first Americans to fill the role of dramaturg one of theater s best kept secrets A combination of theater artist scholar researcher play advocate editor and writer s friend it is the job of a dramaturg to reflect light back on the elements that are already in play while bringing a work of theater to life Cattaneo traces the field from its beginnings in the eighteenth century to the present and chronicles the multitude and variety of tasks a dramaturg undertakes before during and after a production is brought to the stage Using detailed stories from her work with theater artists such as Tom Stoppard Wendy Wasserstein Robert Wilson Shi Zheng Chen and Sarah Ruhl as well as the discovery of a lost play by Langston Hughes and Zora Neale Hurston Cattaneo provides an invaluable manual to those studying working in and interested in this most fascinating profession Siberian Light Robin White,1998-11-10 Against the vivid backdrop of a country replacing corrupt communism with an equally corrupt capitalism the geologist turned mayor of Markovo becomes obsessed with a grisly murder Ordered to investigate Mayor Gregori Nowek no detective soon finds himself in a labyrinth of deception that nevertheless begins to yield clues that point first toward a scientist studying the nearly extinct Siberian tiger the beautiful Dr Anna Vereskaya and ultimately towards an American financed oil exploration venture **Transformative Sustainability Education** Elizabeth A.
