***New Perspectives on Healing, Restoration and Reconciliation in John's Gospel*** Jacobus Kok, 2016-10-05 In *New Perspectives on Healing Restoration and Reconciliation in John* Jacobus Kobus Kok investigates the depth and applicability of Jesus healing narratives in John's gospel Against the background of an ancient group oriented worldview it goes beyond the impasse of most Western approaches to interpreting the Biblical healing narratives to date He argues that the concept of healing was understood in antiquity as in some parts of Africa in a much broader way than we tend to understand it today He shows inter alia why the interaction between Jesus and the Samaritan woman could be

interpreted as a healing narrative illustrating the ancient interrelationship between healing restoration and reconciliation

The African Transformation of Western Medicine and the Dynamics of Global Cultural Exchange David

Baronov, 2010-05-14 Beginning with the colonial era Western biomedicine has radically transformed African medical beliefs and practices Conversely in using Western biomedicine Africans have also transformed it The African Transformation of Western Medicine and the Dynamics of Global Cultural Exchange contends that contemporary African medical systems no less biomedical than Western medicine in fact greatly enrich and expand the notion of biomedicine reframing it as a global cultural form deployed across global networks of cultural exchange The book analyzes biomedicine as a complex and dynamic sociocultural form the conceptual premises of which make it necessarily subject to ongoing change and development as it travels the globe David Baronov captures the complexities of this cultural exchange by using world systems analysis in a way that places global cultural processes on equal footing with political and economic processes In doing so he both allows the story of Africa's transformation of Western biomedicine to be told and offers new insights into the capitalist world system
