None but India (Bharat) the Cradle of Aryans, Sanskrit, Vedas, & Swastika Jagat K. Motwani Ph.D,2011-01-20 The divide between the North Indians and the South Indian Dravidians was created by the two British initiated theories of the Aryan invasion of India AII and the Indo European family of languages IE Both the theories AII and IE were mischievously engineered by the British with their colonial and missionary agenda guided by their world known notorious policy Divide and Rule According to the AII Aryans invaded India in about 1500 B C and got settled in North and forcibly pushed dark skinned Dravidians to South Aryans brought Sanskrit and composed the Vedas The Dravidian Tamil Telugu Kannada and Malayalam are the native languages of India not Sanskrit With abundant historical irrefutable evidence it has been established that the alleged invading Aryans were originally from Aryavarta India who had gone overseas earlier than 1800 B C for trade and had established their Vedic kingdoms in several countries Even Greece was colonized by the Indo Aryans When in trouble in about 1500 BC some of them attempted to return to India the land of their ancestors The rest were culturally absorbed The returning Aryans were mistaken as invaders because they were traveling in armored horsed driven chariots It was their return to not invasion of India Because of long cohabitation between Sanskrit speaking Aryans and Europeans as the result of Indian colonization Sanskrit influenced several European languages particularly Greek and Latin Resulting philological resemblances prompted Sir William Jones to theorize the IE that Sanskrit and European languages have a common origin It has been proved that Sanskrit and European languages do not have a common origin and that there is significant resemblance between Sanskrit and the Dravidian languages much more than between Sanskrit and

European languages A Latin Syntax for Schools Edward Adolf Sonnenschein,1915 *French & English : A comparison* Philip Gilbert Hamerton,2023-07-11 In *French English A Comparison* Philip Gilbert Hamerton embarks on an illuminating exploration of the linguistic cultural and artistic interplay between the two nations Written with Hamerton s signature clarity and insight the book employs a comparative framework that examines not only the structural differences between the French and English languages but also the myriad ways in which these differences reflect broader cultural values and historical contexts Hamerton s literary style combines rigorous analysis with anecdotal observations rendering complex concepts accessible to the reader while situating the discussion within the broader European intellectual discourse of the late 19th century Philip Gilbert Hamerton was a British painter printmaker and writer whose deep seated interest in aesthetics and languages characterized much of his work Hamerton s experiences in France and his engagement with its art and literature informed his understanding of the subtle nuances of both languages providing a unique perspective that blends personal reflection with scholarly rigor His background in the arts enriches his analytical style making his observations resonate with depth and immediacy *French English A Comparison* is an essential read for linguists literary scholars and cultural enthusiasts alike Hamerton s insightful examination encourages readers to contemplate the broader implications of language as a reflection of cultural identity The book serves not only as a scholarly resource but also as a compelling narrative that bridges two rich traditions inviting readers to engage with the complexities of cross cultural communication *Appendix to the Journals of the House of Representatives of New Zealand* New Zealand.
