Sidney Court Maxims

Jonathan Scott

Sidney Court Maxims:

Sidney: Court Maxims Algernon Sidney, 1996-02-23 This remarkable expression of radical republican thought has never before been published Algernon Sidney was among the most unrelenting partisans of the parliamentary party during the Commonwealth and died on the scaffold in 1683 for his opposition to Charles II Sidney's voluminous *Discourses Concerning Government* was published after his death but the earlier and more vivid *Court Maxims* was only recently rediscovered in a manuscript in Warwick Castle Written during Sidney's continental exile *Court Maxims* is of the greatest importance for the study of the international ramifications of seventeenth century republican thought Its dialogue structure presents a lively discussion about the principles of government and the practice of politics articulating a vital tradition of republicanism in an age of absolutism These characteristics make *Court Maxims* a unique text essential reading for anyone interested in republicanism or early modern political thought

Sidney: Court Maxims Algernon Sidney, 1996-03-07 This remarkable expression of republican thought has never before been published Algernon Sidney was among the most unrelenting republican partisans of the seventeenth century and was executed for his opposition to Charles II Written during Sidney's continental exile the vivid *Court Maxims* was only recently rediscovered The work presents a lively discussion about the principles of government and the practice of politics articulating a vital tradition of republicanism in an absolutist age

Algernon Sidney's 'Court Maxims' Ronald Janse, Erasmus Universiteit. Faculteit der Wijsbegeerte, 1991

Commonwealth Principles Jonathan Scott, 2004-11-18 The republican writing of the English revolution has attracted a major scholarly literature Yet there has been no single treatment of the subject as a whole nor has it been adequately related to the larger upheaval from which it emerged or to the larger body of radical thought of which it became the most influential component *Commonwealth Principles* addresses these needs and Jonathan Scott goes beyond existing accounts organized around a single key concept whether constitutional linguistic or moral or author usually James Harrington to analyse this body of writing in full context Linking various social political and intellectual agendas Professor Scott explains why when classical republicanism came to England it did so in the moral service of an explicitly religious revolution The resulting ideology hinged not upon political language or constitutional form but Christian humanist moral philosophy applied in the practical context of an attempted radical reformation of manners

The English Republican Exiles in Europe during the Restoration Gaby Mahlberg, 2020-10-01 The Restoration of the Stuart monarchy in 1660 changed the lives of English republicans for good Despite the Declaration of Breda where Charles II promised to forgive those who had acted against his father and the monarchy during the Civil War and Interregnum opponents of the Stuart regime felt unsafe and many were actively persecuted Nevertheless their ideas lived on in the political underground of England and in the exile networks they created abroad While much of the historiography of English republicanism has focused on the British Isles and the legacy of the English Revolution in the American colonies this study traces the lives ideas and networks of three seventeenth century

English republicans who left England for the European continent after the Restoration Based on sources from a range of English and continental European archives Gaby Mahlberg explores the lived experiences of these three exiles Edmund Ludlow in Switzerland Henry Neville in Italy and Algernon Sidney for a truly transnational perspective on early modern English republicanism *Toward Democracy* James T. Kloppenberg, 2016-05-06 James T. Kloppenberg presents the history of democracy from the perspective of those who established its principles offering a fresh look at how ideas about representative government suffrage and the principles of self rule and ideals have shifted over time and place **How the Old World Ended** Jonathan Scott, 2020-01-07 A magisterial account of how the cultural and maritime relationships between the British Dutch and American territories changed the existing world order and made the Industrial Revolution possible Between 1500 and 1800 the North Sea region overtook the Mediterranean as the most dynamic part of the world At its core the Anglo Dutch relationship intertwined close alliance and fierce antagonism to intense creative effect But a precondition for the Industrial Revolution was also the establishment in British North America of a unique type of colony for the settlement of people and culture rather than the extraction of things England's republican revolution of 1649-53 was a spectacular attempt to change social political and moral life in the direction pioneered by the Dutch In this wide angled and arresting book Jonathan Scott argues that it was also a turning point in world history In the revolution's wake competition with the Dutch transformed the military fiscal and naval resources of the state One result was a navally protected Anglo American trading monopoly Within this context more than a century later the Industrial Revolution would be triggered by the alchemical power of American shopping *John Locke's Political Philosophy and the Hebrew Bible* Yechiel J. M. Leiter, 2018-06-28 John Locke's treatises on government make frequent reference to the Hebrew Bible while references to the New Testament are almost completely absent To date scholarship has not addressed this surprising characteristic of the treatises In this book Yechiel Leiter offers a Hebraic reading of Locke's fundamental political text In doing so he formulates a new school of thought in Lockean political interpretation and challenges existing ones He shows how a grasp of the Hebraic underpinnings of Locke's political theory resolves many of the problems as well as scholarly debates that are inherent in reading Locke More than a book about the political theory of John Locke this volume is about the foundational ideas of western civilization While focused on Locke's Hebraism it demonstrates the persistent relevance of the biblical political narrative to modernity It will generate interest among students of Locke and political theory philosophy and early modern history and within Bible study communities *Democracy and Anti-Democracy in Early Modern England 1603-1689* Cesare Cuttica, Markku Peltonen, 2019-07-18 Listen to the podcast here This cross disciplinary collection of essays examines for the first time and in detail the variegated notions of democracy put forward in seventeenth century England It thus shows that democracy was widely explored and debated at the time that anti democratic currents and themes have a long history that the seventeenth century is the first period in English history where we nonetheless find positive views of democracy and that

whether early modern writers criticised or advocated it these discussions were important for the subsequent development of the concept and practice democracy By offering a new historical account of such development the book provides an innovative exploration of an important but overlooked topic whose relevance is all the more considerable in today's political debates civic conversation academic arguments and media talk Contributors include Camilla Boisen Alan Cromartie Cesare Cuttica Hannah Dawson Martin Dzelzainis Rachel Foxley Matthew Growhoski Rachel Hammersley Peter Lake Gaby Mahlberg Markku Peltonen Edward Vallance and John West

The Culture of Equity in Restoration and Eighteenth-Century Britain and America Mark Fortier, 2016-03-16 Drawing on politics religion law literature and philosophy this interdisciplinary study is a sequel to Mark Fortier's book *The Culture of Equity in Early Modern England* Ashgate 2006 The earlier volume traced the meanings and usage of equity in broad cultural terms including but not limited to law to position equity as a keyword of valuation persuasion and understanding the present volume carries that work through the Restoration and eighteenth century in Britain and America Fortier argues that equity continued to be a keyword used and contested in many of the major social and political events of the period Further he argues that equity needs to be seen in this period largely outside the Aristotelian parameters that have generally been assumed in scholarship on equity

Culture and Society in the Stuart Restoration Gerald M. MacLean, 1995-04-27 Literary and cultural changes reflecting new commercial and imperial interests of Restoration Britain

Republicanism: Volume 1, Republicanism and Constitutionalism in Early Modern Europe Martin van Gelderen, Quentin Skinner, 2002-11-21 These volumes are the fruits of a major European Science Foundation project and offer the first comprehensive study of republicanism as a shared European heritage Whilst previous research has mainly focused on Atlantic traditions of republicanism Professors Skinner and van Gelderen have assembled an internationally distinguished set of contributors whose studies highlight the richness and diversity of European traditions Volume I focuses on the importance of anti monarchism in Europe and analyses the relationship between citizenship and civic humanism concluding with studies of the relationship between constitutionalism and republicanism in the period between 1500 and 1800 Volume II first published in 2002 is devoted to the study of key republican values such as liberty virtue politeness and toleration This volume also addresses the role of women in European republican traditions and contains a number of in depth studies of the relationship between republicanism and the rise of a commercial society in early modern Europe

Republicanism Martin van Gelderen, Quentin Skinner, 2002 These volumes offer the first comprehensive study of republicanism as a shared European heritage Professors Skinner and van Gelderen have assembled an internationally distinguished set of contributors whose studies highlight the richness and diversity of European republican traditions Volume I looks at anti monarchism in Europe humanist theories of citizenship and the constitutional nature of the republic Volume II is devoted to the study of key republican values liberty virtue politeness and toleration It also addresses the role of women and relationship between republicanism and the rise of a commercial society Amazon com

Anti-Catholicism in Britain and

Ireland, 1600–2000 Claire Gheeraert-Graffeuille, Geraldine Vaughan, 2020-08-24 This edited collection brings together varying angles and approaches to tackle the multi dimensional issue of anti Catholicism since the Protestant Reformation in Britain and Ireland It is of course difficult to infer from such geographically and historically diverse studies one single contention but what the book as a whole suggests is that there can be no teleological narration of anti Catholicism its manifestations were episodic more or less rooted in common worldviews and its history does not end today **Hugo**

Grotius and the Century of Revolution, 1613-1718 Marco Barducci, 2017-04-28 Hugo Grotius and the Century of Revolution 1613 1718 is a reconstruction of the way Hugo Grotius 1583 1645 was read and used by English political and religious writers in the seventeenth and early eighteenth centuries Engaging with the reception of all of Grotius s key works and a wide range of topics the volume has much to say about the search for peace in an age of religious conflict and about the cultural roots of the Enlightenment Most of all Marco Barducci aims to deepen our understanding of the connections that made English political thought part of the history of European thought To this end it brings together a succinct account of Grotius s own thinking on key topics mapping these accounts within English debates to show why his ideas were seen to be relevant at key moments shows awareness of the possibilities for the misappropriation inherent in reception and adds something new to our understanding of why seventeenth century Englishmen argued in the ways that they did

Machiavelli, 2023-07-10 *Liberty, Authority, Formality* John Morrow, 2012-03-26 The essays in this volume are all inspired by the historical scholarship of J C Davis During a prolific career Davis has transformed our understanding of early modern utopian literature and its contexts and compelled students of seventeenth century English to re evaluate the significance of movements and individuals who have had a prominent place in the historiography of the English Revolution Davis s analyses of groups like the Levellers and individuals like Gerrard Winstanley and Oliver Cromwell has reoriented the inquiry around the contemporary moral themes of liberty authority and formality around which concepts this volume engages

Protestantism and Patriotism Steven C. A. Pincus, 2002-05-09 A detailed study of the first two Anglo Dutch Wars and the ideological contexts in which they were fought England's Troubles Jonathan Scott, 2000-05-25 In this path breaking study first published in 2000 Jonathan Scott argues that seventeenth century English history was shaped by three processes The first was destructive that experience of political instability which contemporaries called our troubles The second was creative its spectacular intellectual consequence in the English revolution The third was reconstructive the long restoration voyage toward safe haven from these terrifying storms Driving the troubles were fears and passions animated by European religious and political developments The result registered the impact upon fragile institutions of powerful beliefs One feature of this analysis is its relationship of the history of events to that of ideas Another is its consideration of these processes across the century as a whole The most important is its restoration of this extraordinary English experience to its European context *Literature and Politics in Cromwellian England* Blair Worden, 2007-12-06 In this book the pre eminent historian of

Cromwellian England takes a fresh approach to the literary biography of the two great poets of the Puritan Revolution John Milton and Andrew Marvell Blair Worden reconstructs the political contexts within which Milton and Marvell wrote and reassesses their writings against the background of volatile and dramatic changes of public mood and circumstance Two figures are shown to have been prominent in their minds First there is Oliver Cromwell on whose character and decisions the future of the Puritan Revolution and of the nation rested and whose ascent the two writers traced and assessed in both cases with an acute ambivalence The second is Marchamont Nedham the pioneering journalist of the civil wars a close friend of Milton and a man whose writings prove to be intimately linked to Marvell s The high achievements of Milton and Marvell are shown to belong to world of pressing political debate which Nedham s ephemeral publications helped to shape The book follows Marvell s transition from royalism to Cromwellianism In Milton s case we explore the profound effect on his outlook brought by the execution of King Charles I in 1649 his difficult and disillusioning relationship with the successive regimes of the Interregnum and his attempt to come to terms in his immortal poetry of the Restoration with the failure of Puritan rule

Thank you extremely much for downloading **Sidney Court Maxims**. Most likely you have knowledge that, people have look numerous times for their favorite books gone this Sidney Court Maxims, but end up in harmful downloads.

Rather than enjoying a fine ebook taking into consideration a cup of coffee in the afternoon, on the other hand they juggled once some harmful virus inside their computer. **Sidney Court Maxims** is reachable in our digital library an online admission to it is set as public fittingly you can download it instantly. Our digital library saves in combined countries, allowing you to acquire the most less latency time to download any of our books considering this one. Merely said, the Sidney Court Maxims is universally compatible following any devices to read.
