Transfiguration Dorothy Lee, 2004-11-18 Dorothy Lee argues passionately for restoring the study of The Transfiguration

to the centre of the theological stage and she succeeds triumphantly Whereas a theology of transfiguration has long been an essential part of the Eastern theological tradition it has often seemed strange to our Western rational minds The book argues that the transfiguration functions as an epiphany revealing Jesus true identity and also an apocalyptic vision depicting God's transforming future A chapter is devoted to each of the four New Testament narratives of the transfiguration setting the story within the wider literary and theological framework of the text Traces of the transfiguration are examined in other parts of the New Testament particularly in The Gospel of John where the symbolism is close to that of the transfiguration Finally the author draws out the symbolism and theological implications of the transfiguration for an understanding of Christ God's radical future and the transformation of all creation drawing on the icons of Eastern Christianity and Western theologies of beauty This book is a small masterpiece and a model of clarity and lucid exposition **The One Year**

critical use of authenticity criteria and contributions in ancient and current historical cultural studies this work challenges the idea that justification is a Pauline innovation and also affirms the intrinsic authenticity of the Lukan parable Jesus and YHWH-Texts in the Synoptic Gospels Scott Brazil,2024-02-21 Scott Brazil examines the frequent practice of applying Old Testament YHWH texts to Jesus in the Synoptic Gospels He argues that this YHWH text phenomenon evidences a high Christology in the primitive church that traces back to Jesus himself He thus finds in this Synoptic practice a stinging contradiction against the modern critical theory that a high Christology took many decades to develop in the early church and exists only in John among the canonical Gospels Brazil surveys the Synoptic Gospels in canonical order exegeting dozens of passages in which OT texts originally referring to YHWH are either clearly or most probably applied to Jesus He observes the frequency diversity and ubiquity of the practice as well as its wide range of OT source material and its parallel to the NT practice of applying OT messianic texts to Jesus And from the data he offers several ramifications including the early deliberate employment of YHWH texts to Jesus the likelihood that Jesus is the source of the practice the high Christology of the Synoptics and the redemptive historical metanarrative that Jesus is the divine interpreter and central figure of the Jewish Scriptures Ultimately Brazil argues that understanding the prolific application of OT YHWH texts to Jesus in the Synoptic Gospels cannot be neglected without truncating genuine NT Christology **The Holy Bible, Containing the Old and New Testaments** ,1827 *Living Church Quarterly* ,1895
