Luminous Vision Six Medieval Mystics And Their Teachings:

The Luminous Vision Anne Bancroft,1982-01-01 The Luminous Vision Anne Bancroft,2025-05-08 Mystical understanding transfigured Christianity in the Middle Ages and led to some of its most sublime prose and poetry Originally published in 1982 this was the first book of its kind to bring together some of the medieval mystics and to relate the depths of their understanding to modern life and to world views The author a writer and broadcaster on modern mystics and on the mystical aspects of eastern religions particularly Zen has interpreted each of these very different medieval mystics afresh

Visions in Late Medieval England Gwenfair Walters Adams,2007-02-01 Visions were highly popular in the late Middle Ages whether preached as vivid stories from the pulpit illuminated in saint filled manuscripts or experienced during the breathless anticipation of a Mass or eerie darkness of a Yorkshire graveyard This volume is the first to map out the wide range of vision types in late medieval English lay piety Analyzing 1000 visionary accounts gathered from sermon and exempla collections religious devotional works saints legends and lay stories it explores five central dynamics of spirituality that visions shaped and sustained Transactions of Satisfaction visits to and from purgatory and hell Reciprocated Devotion visitations of the saints Spiritual Warfare attacks by demons Supra Sacramental Sight Mass and Passion sightings and Mediated Revelation prophetic visions Discovering the Art of Soul Friending Carolyn Gratton,2019-01-28 This friendly accessible book is about the age old hunger in human hearts to open and deepen and grow towards faithful intimacy with the Source of all that is This spiritual journey is radically personal but it is not meant to be entirely solitary It can be supported at crucial times by friendship with someone who has learned how to listen through a life of prayer for the guidance of God s Spirit in their own soul and in the soul of another Long ago in Celtic Christian Ireland such a person was called an anam cara a soul friend Every soul from time to time on its mysterious trek towards union with God needs a human friend for encouragement on the way In Discovering the Art of Soul Friending Carolyn Gratton invites us to say yes to the ability to share with another and to disclose something of oneself on each seeker s journey towards union with God Enriched by a lifetime of insights gained from educating groups around the world she guides aspiring spiritual companions to a discernment of their own level of spiritual maturity sensitivity in the art of spiritual guidance and to a seeker s desires the soil from which their truest love can spring a commitment to prayer and the transformation of consciousness it makes possible rootedness in their own faith tradition and throughout life an openness to the expanded perceptions possible in our multicultural world Carolyn completes each chapter with what she calls a Book Providence section an annotated bibliography of resources that can expand the discernment skills and contextual awareness of potential soul friends **The Complete Cloud of Unknowing** ,2014-03-01 Central to the Christian mystical tradition is the inspired work of the anonymous author of The Cloud of Unknowing Rich with insights and perceptions of the obscurity and unknowability of God this work reveals God as being on an entirely different plane of existence from human beings so different that time bound human language is

inadequate to describe God exhaustively or accurately Intellect and emotion both fail in seeking God who can only be encountered by rejecting all common earthly means in a cloud of forgetting and the discovery of Godself in the dark cloud of unknowing that can be pierced only with a lance of longing love Now we finally have a translation that captures all of this beauty and complexity without minimizing the nuances all of which are explained with extensive introductions and accompanying notes If I could keep with me only two books and a journal this book would be one of the books As far as I m concerned it s the most important book and among the most influential on Christian prayer in the last two millennia I m delighted to endorse this fine new translation and commentary The Rev Dr Chris Neufeld Erdman University Presbyterian Church Fresno CA author of Beyond Chaos Living the Christian Family in a World Like Ours and Returning to the Center Living Prayer in a Distracting World The Complete Cloud of Unknowing includes two classics of medieval Christian contemplative spirituality essential reading for anyone seeking to deepen their relationship with God through the practice of silent prayer They are rich texts full of nuanced wisdom that often gets lost in modern translations Father John Julian has captured the beauty humor and literary elegance of the original versions but also has supplemented his translation with detailed notes that convey the subtle spiritual insight that makes these works required reading I m excited about this book it s a title I will recommend both to beginners and to longstanding students of The Cloud Carl McColman author of Answering the Contemplative Call and The Lion the Mouse and the Dawn Treader *Encyclopedia of Women in the Middle Ages* Jennifer Lawler,2018-01-16 Most people have heard of Lady Godiva and her horseback tax protest in the 11th century and Joan of Arc who in the 15th century fought against the English for the French gaining sainthood in 1920 Many know of Eleanor of Aquitaine 12th century Queen of France and England and powerful manipulator and protector of kings Some know of Hildegard and Beatrice and Blanche and Clare There are many famous women of the Middle Ages whose lives and leadership brought important changes to history This encyclopedia contains several hundred entries on the culture history and circumstances of women in the Middle Ages from the years 500 to 1500 C E The geographical scope of this work is wide with entries on women from England France Germany Japan and other nations around the world There are entries on queens empresses and other women in positions of leadership as well as entries on topics such as work marriage and family households employment religion and various other aspects of women s lives in the Middle Ages Genealogies of queens and empresses accompany the text in an appendix The Contemplative Practitioner John P. Miller,2014-01-01 Describes how the experience of the whole through mindful contemplation can release energy and knowledge for practical use in the classroom and in the place of business Sunbathing in the Rain Gwyneth Lewis,2006-11-15 Sunbathing in the Rain is undoubtedly the best book I have ever read about one person s experience of depression Dorothy Rowe author of Breaking the Bonds This upbeat very readable and engaging view of depression as a temporary retrenchment a breathing space in which to adjust better to life makes encouraging reading Spectator Gwyneth Lewis writes with clarity beauty and

metaphorical precision She conveys the darkness the silence the selfishness the mental clutter of depression brilliantly Simon Hattenstone Guardian Welsh poet Gwyneth Lewis shares her personal story of wrestling with clinical depression and describes what she learned along the way about coping with the disease The text is aimed primarily at those who are currently depressed and are struggling to recover The emphasis throughout is on the healing power of self acceptance and truth telling This is a reprint of a book first published in London by Flamingo in 2002 www.booknews.com This might well be the Age of Depression More people than ever now experience the disease directly or see a friend or relative succumb to it Among their number is Gwyneth Lewis And she set about writing this book simply because she wished something like it had existed for her when she was in the middle of her depression Depression is assassination The depressive is both victim and detective charged with tracking down the perpetrator of his or her own murder By drawing on her own experience of struggling with the affliction by highlighting ways of coping ways of truth telling and ways of thriving in a straightforward robust fashion full of casual wisdom and easy wit Gwyneth re embarks on a journey that nearly killed her first time round and returns with this perhaps the first truly undogmatic undemanding downright useful book about depression **Going**

Beyond the Jesus Story Douglas Lockhart, 2011-09-16 Who am I Why am I Where am I headed and where have I been These are just some of the questions that concern the author of *Going Beyond the Jesus Story* a book that ranges freely across complex and intriguing subject areas such as the nature of religious belief contemplative and meditative experience lucid dreaming the role of feeling in our appreciation of reality the inherently spiritual nature of asking questions and our need to go beyond not only the Jesus story as it has come down to us but also the ingrained notion that self is an ongoing uninterrupted experience of the conscious mind that can be taken for granted Directing our attention to the nature of attention itself we are introduced step by carefully constructed step to the idea that consciousness is not what we have assumed it to be or conscious awareness quite as conscious as we like to think it is Delving into history theology and philosophy in an attempt to reach an integrated understanding of the religious and secular problems we face as human beings the author examines ideas that confront and challenge on just about every level ideas that carry us towards an appreciation of what it means to presence the self to the self as an experience in its own right At this point theory gives way to experiment to methodology to a knowing or seeing that makes this book a unique contribution to the study of human sentience and its evolved and evolving structures **Honey from Stone** Chet Raymo, 2005-08-25 What is the relevance of

traditional religion in the world described by contemporary science Is scientific knowledge a satisfactory ground for the religious experience Can the language of traditional religion constitute an appropriately modern language of praise from *Honey from Stone* Framing his meditations as a Book of Hours scientist Chet Raymo exercises the languages of theology and science to express the majesty of Ireland's remote Dingle Peninsula As he wanders the land year upon year Raymo gathers the revelations embedded in the geological and cultural history of this wild and ancient place When I called out for the

Absolute I was answered by the wind Raymo writes If it was God s voice in the wind then I heard it In poetic prose grounded in a mind trained to discover fact Honey from Stone enters the wonder of the material world in search of our deepest nature
