Beat Movement Paul Varner, 2012-06-21 The Beat Movement was one of the most radical and innovative literary and arts movements of the 20th century and the history of the Beat Movement is still being written in the early years of the 21st century Unlike other kinds of literary and artistic movements the Beat Movement is self-perpetuating After the 1950s generation headlined by Jack Kerouac Allen Ginsberg and William S Burroughs a new generation arose in the 1960s led by writers such as Diane Wakoski Anne Waldman and poets from the East Side Scene In the 1970s and 1980s writers from the Poetry Project at St Mark's Church and contributors to World magazine continued the movement The 1980s and 1990s Language Movement saw itself as an outgrowth and progression of previous Beat aesthetics Today poets and writers in San Francisco still gather at City Lights Bookstore and in Boulder at the Jack Kerouac School of Disembodied Poetics and continue the movement It is now a postmodern movement and probably would be unrecognizable to the earliest Beats It may even be in the process of finally shedding the name Beat But the Movement continues The Historical Dictionary of the Beat Movement covers the movement's history through a chronology an introductory essay and an extensive bibliography The dictionary section has over 700 cross-referenced entries on significant people themes critical issues and the most significant novels poems and volumes of poetry and prose that have formed the Beat canon This book is an excellent access point for students researchers and anyone wanting to know more about the Beat Movement

The Work of Art in the Age of Deindustrialization Jasper Bernes, 2017-05-16 A novel account of the relationship between postindustrial capitalism and postmodern culture this book looks at American poetry and art of the last fifty years in light of the massive changes in people's working lives Over the last few decades we have seen the shift from an economy based on the production of goods to one based on the provision of services the entry of large numbers of women into the workforce and the emergence of new digital technologies that have transformed the way people work The Work of Art in the Age of Deindustrialization argues that art and literature not only reflected the transformation of the workplace but anticipated and may have contributed to it as well providing some of the terms through which resistance to labor was expressed As firms continue to tout creativity and to reorganize in response to this resistance they increasingly rely on models of labor that derive from values and ideas found in the experimental poetry and conceptual art of decades past
