**Volume 5, Tome II: Kierkegaard and the Renaissance and Modern Traditions - Theology** Jon Stewart, 2016-12-05

The long period from the Renaissance to the nineteenth century supplied numerous sources for Kierkegaard's thought in any number of different fields The present rather heterogeneous volume covers the long period from the birth of Savonarola in 1452 through the beginning of the nineteenth century and into Kierkegaard's own time The Danish thinker read authors representing vastly different traditions and time periods Moreover he also read a diverse range of genres His interests concerned not just philosophy theology and literature but also drama and music The present volume consists of three tomes that are intended to cover Kierkegaard's sources in these different fields of thought Tome II is dedicated to the wealth of theological and religious sources from the beginning of the Reformation to Kierkegaard's own day It examines Kierkegaard's relations to some of the key figures of the Reformation period from the Lutheran Reformed and Catholic traditions It thus explores Kierkegaard's reception of theologians and spiritual authors of various denominations most of whom are known to history primarily for their exposition of practical spirituality rather than theological doctrine Several of the figures investigated here are connected to the Protestant tradition of Pietism that Kierkegaard was familiar with from a very early stage The main figures in this context include the forefather of Pietism Johann Arndt the Reformed writer Gerhard Tersteegen and the Danish author Hans Adolph Brorson With regard to Catholicism Kierkegaard was familiar with several popular figures of Catholic humanism Post Tridentine theology and Baroque spirituality such as Francis de Sales, Ignace de Loyola, and others Bloisius and Abraham a Sancta Clara He was also able to find inspiration in highly controversial and original figures of the Renaissance and the early Modern period such as Girolamo Savonarola or Jacob Boehme the latter of whom was at the time an

Thompson,2014-02-05 Life is not fair What does this reality imply about the nature of God and the destiny of human beings In this engaging book Thompson asserts that fairness is not an expectation of the faithful within the Judeo Christian Scriptures Biblical narrative discloses the mystery of a paradoxical deity that indwells with the suffering of creation and thereby provides a mercy that exceeds the evasive goal of fairness The process of healing and redemption of this cracked creation occurs through the tears and suffering of the biblical God whose authentic power is revealed within divine vulnerability and weakness The Jesus of history truly manifested the fullness of this paradoxical God for he disclosed the richness of the divine Being by emptying himself and taking the form of a redemptive servant When the church grasps for power and control avoids compassionate and costly ministries among the poor and powerless and renders primary focus upon gaining heavenly rewards it rejects its Christ centered mission relinquishes its paradoxical purpose and ceases to strive toward becoming an extension of the incarnation Thompson explores various paradoxical facets of each person of the Trinity and richly illustrates with stories from his vast experience as a parish theologian *The Oxford Encyclopedia of the Books of the Bible* Michael D. Coogan,2011-12-08 This is the first in this series of specialised reference works each addressing a specific subfield within biblical studies Books of the Bible is in depth with articles on all of the canonical books major apocryphal books of the New and Old Testaments important noncanonical texts and some thematic essays **The Global Edwards** Rhys S. Bezzant,2017-10-20 In a globalized world networks are key whether they are networks of people ideas or interests In this volume of essays on the texts and teachings of Jonathan Edwards contributors from each continent ask questions about how the world of Edwards explains or illuminates the world of today whether in the area of systematics missions historiography politics church planting or biblical studies Such diverse discourses enrich the networks of scholarship that the contributors represent and provide a global snapshot of contemporary research in Edwards studies These papers were presented in August 2015 at the Jonathan Edwards Congress held at Ridley College in Melbourne Australia where personal engagement with the topics at hand made the worldwide network of Edwards aficionados and scholars not merely a virtual aspiration but an experience in time and space This book will not only inform its readers but surprise them as well as they track the power of eighteenth century theological ideas in the late modern world Setting Words On Fire Paul Scott Wilson,2016-04-25 A comprehensive introduction to preaching emphasizing the encounter with God's grace as the goal and heart of the sermon
