Gillette,2010-07-09 Head Start Job Corps Foster Grandparents College Work Study VISTA Community Action and the Legal Services Corporation are familiar programs but their tumultuous beginning has been largely forgotten Conceived amid the daring idealism of the 1960s these programs originated as weapons in Lyndon Johnson s War on Poverty an offensive spearheaded by a controversial new government agency Within months the Office of Economic Opportunity created an array of unconventional initiatives that empowered the poor challenged the established order and ultimately transformed the nation s attitudes toward poverty In Launching the War on Poverty historian Michael L Gillette weaves together oral history interviews with the architects of the Great Society s boldest experiment Forty nine former poverty warriors including Sargent Shriver Adam Yarmolinsky and Lawrence F O Brien recount this inside story of unprecedented governmental innovation The interviews capture the excitement and heady optimism of Americans in the 1960s along with their conflicts and disillusionment This new edition of Launching the War on Poverty adds the voice of Lyndon Johnson to the story with excerpts from his recently released White House telephone conversations In these colorful and brutally candid conversations LBJ exercises his full arsenal of presidential powers political leverage and legendary persuasiveness to win one of his most difficult legislative battles The second edition also documents how the OEO s offspring survived their volatile origins to become broadly supported features of domestic policy

was helpful to the Johnson administration in obtaining passage of the Economic Opportunity Act of 1964 but that each choice invited redefinition or reinterpretation of a symbol in a way that threatened the program *The Most Dangerous Area in the World* Stephen G. Rabe, 2014-06-30 In March 1961 President John F Kennedy announced the formation of the Alliance for Progress a program dedicated to creating prosperous socially just democratic societies throughout Latin America Over the next few years the United States spent nearly 20 billion in pursuit of the Alliance's goals but Latin American economies barely grew Latin American societies remained inequitable and sixteen extraconstitutional changes of government rocked the region In this close critical analysis Stephen Rabe explains why Kennedy's grand plan for Latin America proved such a signal policy failure Drawing on recently declassified materials Rabe investigates the nature of Kennedy's intense anti Communist crusade and explores the convictions that drove him to fight the Cold War throughout the Caribbean and Latin America a region he repeatedly referred to as the most dangerous area in the world As Rabe acknowledges Kennedy remains popular in the United States and Latin America in part for the noble purposes behind the Alliance for Progress But an unwavering determination to wage Cold War led Kennedy to compromise even mutilate those grand goals **The Spacelab Story** Ben Evans, 2024-04-24 Between 1983 and 1998 Spacelab provided NASA with a vital short term laboratory in space Across more than a dozen missions Spacelab's pressurized research modules and science pallets supported hundreds of experiments from the life to microgravity sciences from Earth science to astrophysics and from materials processing to fluid dynamics For the first time *The Spacelab Story* sheds light on all the Spacelab missions that served as pathfinders for the eventual International Space Station along with all the flights that never came to be The book chronicles over two decades of service and international partnership with Germany Japan Canada Russia the member states of the European Space Agency and others The very same international co operation that led to Spacelab's genesis also conspired to create its end Science writer Ben Evans chronicles this tumultuous history showing how as tensions between the superpowers cooled in the 1990s and the Shuttle came to be increasingly used to fly joint missions to Mir many Spacelab missions were delayed and eventually cancelled This book is a must read for anybody interested in the science conducted aboard the Shuttle the experimental precursors of the ISS and the international politics surrounding NASA's pioneering space endeavors **Public Papers of the Presidents of the United States: Lyndon B. Johnson, 1968-1969** Johnson, Lyndon B., 1970-01-01 *Public Papers of the Presidents of the United States* **Monthly Catalogue, United States Public Documents**, 1993-11 *Management*, 1988
