## **Lytton Strachey By Himself:**

**Lytton Strachey by Himself** Lytton Strachey, 1971     Lytton Strachey by himself: a self-portrait, ed Lytton Strachey, Lytton Strachey Michael Holroyd, 1994 Lytton Strachey genius wit iconoclast biographer pacifist and homosexual campaigner was at the nexus of the literary and artistic life of Bloomsbury In the 1960s he was seen as a progenitor of the hippy cult In the 1990s he appears as a far more subversive and challenging figure He revolutionized the writing of biography and smuggled deviant sexual behaviour into our history in his reassessment of Elizabethan and Victorian times unpublished material unavailable in the 1960s when his biography of Strachey first appeared In many of Bloomsbury's three cornered relationships he had only two sides of the triangle Now he has all three and in a new social and political climate can tell the full story of this world He has cut 100 000 words revised much of the text and added new material about Strachey himself about Maynard Keynes Duncan Grant Rupert Brooke and about the tragic life of Strachey's companion Dora Carrington     **The Rise of Gay Rights and the Fall of the British Empire** David A. J. Richards, 2013-04-22 This book argues that there is an important connection between ethical resistance to British imperialism and the ethical discovery of gay rights By closely examining the roots of liberal resistance in Britain and resistance to patriarchy in the United States this book shows that fighting the demands of patriarchal manhood and womanhood plays an important role in countering imperialism Advocates of feminism and gay rights in particular the Bloomsbury Group in Britain play an important public function in the criticism of imperialism because they resist the gender binary's role in rationalizing sexism and homophobia in both public and private life The connection between the rise of gay rights and the fall of empire illuminates larger questions of the meaning of democracy and of universal human rights as shared human values that have appeared since World War II The book also casts doubt on the thesis that arguments for gay rights must be extrinsic to democracy and that they must reflect Western as opposed to African or Asian values To the contrary gay rights arise from within liberal democracy and its critics polemically use such opposition to cover and rationalize their own failures of democracy     *New Makers of Modern Culture* Justin Wintle, 2016-04-22 *New Makers of Modern Culture* is the successor to the classic reference works *Makers of Modern Culture* and *Makers of Nineteenth Century Culture* published by Routledge in the early 1980s The set was extremely successful and continues to be used to this day due to the high quality of the writing the distinguished contributors and the cultural sensitivity shown in the selection of those individuals included *New Makers of Modern Culture* takes into full account the rise and fall of reputation and influence over the last twenty five years and the epochal changes that have occurred the demise of Marxism and the collapse of the Soviet Union the rise and fall of postmodernism the eruption of Islamic fundamentalism the triumph of the Internet Containing over eight hundred essay style entries and covering the period from 1850 to the present *New Makers of Modern Culture* includes artists writers dramatists architects philosophers anthropologists scientists sociologists major political figures composers film makers and many other culturally

significant individuals and is thoroughly international in its purview Next to Karl Marx is Bob Marley next to John Ruskin is Salman Rushdie alongside Darwin is Luigi Dallapiccola Deng Xiaoping runs shoulders with Jacques Derrida as do Julia Kristeva and Kropotkin Once again Wintle has enlisted the services of many distinguished writers and leading academics such as Sam Beer Bernard Crick Edward Seidensticker and Paul Preston In a few cases for example Michael Holroyd and Philip Larkin contributors are themselves the subject of entries With its global reach *New Makers of Modern Culture* provides a multi voiced witness of the contemporary thinking world The entries carry short bibliographies and there is thorough cross referencing There is an index of names and key terms

*Bloomsbury and France* Mary Ann Caws, Sarah Bird Wright, 1999-12-02 Bloomsbury on the Mediterranean is how Vanessa Bell described France in a letter to her sister Virginia Woolf Remarking on the vivifying effect of Cassis Woolf herself said I will take my mind out of its iron cage and let it swim Complete heaven I think it Yet until now there has never been a book that focused on the profound influence of France on the Bloomsbury group In *Bloomsbury and France Art and Friends* Mary Ann Caws and Sarah Bird Wright reveal the crucial importance of the Bloomsbury group s frequent sojourns to France the artists and writers they met there and the liberating effect of the country itself Drawing upon many previously unpublished letters memoirs and photographs the book illuminates the artistic development of Virginia and Leonard Woolf Clive Bell David Garnett E M Forster Lytton Strachey Dora Carrington and others The authors cover all aspects of the Bloomsbury experience in France from the specific influence of French painting on the work of Roger Fry Duncan Grant and Vanessa Bell to the heady atmosphere of the medieval Cistercian Abbaye de Pontigny the celebrated meeting place of French intellectuals where Lytton Strachey Julian Bell and Charles Maugham mingled with writers and critics to the relationships between the Bloomsbury group and Henri Matisse Pablo Picasso Gertrude Stein Andre Gide Jean Marchand and many others Caws and Wright argue that Bloomsbury would have been very different without France that France was their anti England a culture in which their eccentricities and aesthetic experiments could flower This remarkable study offers a rich new perspective on perhaps the most creative group of artists and friends in the 20th century

*The Autobiography of Alice B. Toklas* Gertrude Stein, 2020-10-16 A witty and beautifully written account of the lives of Gertrude Stein and her wife Alice B Toklas and a fascinating look into early 20th century Paris and the development of modernist culture Written in the voice of her life partner The Autobiography of Alice B Toklas is a remarkable literary achievement By turns experimental insightful and bitingly satirical Stein s great biography is both deeply personal and wide ranging in its ambition As she recounts her life from the fin de siecle up to the 1930s she tells the story of the Parisian art scene including modernist masters like C zanne Matisse and Picasso the impact of World War I on contemporary France and her encounters with brilliant literary figures like Ernest Hemingway and Sherwood Anderson

Julian Bell Peter Stansky, William Abrahams, 2012-01-11 Julian Bell explores the life of a younger member and sole poet of the Bloomsbury Group the most important community of British writers and intellectuals in the twentieth century which includes Virginia Woolf Julian s aunt E M Forster the economist John Maynard Keynes and the art critic Roger Fry This biography draws upon the expanding archives on Bloomsbury to present Julian s life more completely and more personally than has been done previously It is an intense and profound exploration of personal sexual intellectual political and literary life in England between the two world wars Through Julian the book provides important insights on Virginia Woolf his mother Vanessa Bell and other members of the Bloomsbury Group Taking us from London to China to Spain during its civil war the book is also the ultimately heartbreaking story of one young man s life

*The World As I Found It* Bruce Duffy, 2011-12-28 This wicked melancholy and astonishing novel reimagines the lives of three wildly different men adrift in the 20th century Ludwig Wittgenstein Bertrand Russell and G E Moore Newsday When Bruce Duffy s *The World As I Found It* was first published critics and readers were bowled over by its daring reimagining of the lives of three very different men the philosophers Bertrand Russell G E Moore and Ludwig Wittgenstein A brilliant group portrait with the vertiginous displacements of twentieth century life looming large in the background Duffy s novel depicts times and places as various as Vienna 1900 the trenches of World War I Bloomsbury and the colleges of Cambridge while the

complicated main characters appear not only in thought and dispute but in love and despair Wittgenstein a strange troubled and troubling man of gnawing contradictions is at the center of a novel that reminds us that the apparently abstract and formal questions that animate philosophy are nothing less than the intractable matters of life and death **Incest and Influence** Adam Kuper,2010-02-28 Like many gentlemen of his time Darwin married his first cousin In fact marriages between close relatives were commonplace in 19th century England and Kuper argues that they played a crucial role in the rise of the bourgeoisie This study brings out the connection between private lives public fortunes and the history of imperial Britain After Ancient Biography Robert Fraser,2020-08-25 Marrying life writing with classical reception this book examines ancient biography and its impact on subsequent ages Close readings of ancient texts are framed by an assessment of their influence on the age of the French Revolution and Napoleon and on the nineteenth twentieth and twenty first centuries of responses to ancient biography of modern critics and of its visible legacy in art and film Crucially it asks what modern biographers can learn from their ancient predecessors Are the challenges involved in life writing still the same Have working methods changed and in what ways What in the context of biographical writing is truth and how are its interests best served How is it possible now as then honestly to convey a life **The International Interpreter** ,1922 **The Concise New Makers of Modern Culture** Justin Wintle,2008-11-28 A Who's Who of Western culture from Woody Allen to Emile Zola Containing four hundred essay style entries and covering the period from 1850 to the present The Concise New Makers of Modern Culture includes artists writers dramatists architects philosophers anthropologists scientists sociologists major political figures composers film makers and many other culturally significant individuals and is thoroughly international in its purview Next to Karl Marx is Bob Marley with John Ruskin is Salman Rushdie alongside Darwin is Luigi Dallapiccola Deng Xiaoping rubs shoulders with Jacques Derrida as do Julia Kristeva and Kropotkin With its global reach The Concise New Makers of Modern Culture provides a multi voiced witness of the contemporary thinking world The entries carry short bibliographies and there is thorough cross referencing as well as an index of names and key terms
