Middlebrow Modernism Melinda J. Cooper, 2022-10-01 Eleanor Dark 1901-85 is one of Australia's most innovative 20th century writers Her extensive oeuvre includes ten novels published from the early 1930s to the late 1950s and represents a significant engagement with global modernity from a unique position within settler culture Yet Dark's contribution to 20th century literature has been undervalued in the fields of both Australian literary studies and world literature Although two biographies have been written about her life there has been no book-length critical study of her writing published since 1976 Middlebrow Modernism counters this neglect by providing the first full-length critical survey of Eleanor Dark's writing to be published in over four decades Focusing on the fiction that Dark produced during the interwar years and reading this in the context of her larger body of work this book positions Dark's writing as important to the study of Australian literature and global modernism Melinda Cooper argues that Dark's fiction exhibits a distinctive aesthetic of middlebrow modernism which blends attributes of literary modernism with popular fiction It seeks to mediate and reconcile apparent binaries modernism and mass culture liberal humanism and experimental aesthetics settler society and international modernity The term middlebrow modernism also captures the way Dark negotiated cosmopolitan commitments with more place-based attachments to nation and local community within the mid 20th century Middlebrow Modernism posits that Dark's fiction and the broader phenomenon of Australian modernism offer essential case studies for larger debates operating within global modernist and world literature studies providing perspectives these fields might otherwise miss *The Cambridge Guide to Women's Writing in English* Lorna Sage, 1999-09-30 This Guide aims to consolidate and epitomise the re-reading of women's writing that has gone on in the last twenty-five years This is an opportunity for stock-taking a timely project when so much writing has been rediscovered reclaimed and republished There are entries on writers on individual texts and on general terms genres and movements all printed in a single alphabetical sequence The earliest written documents in medieval English the visionary writings of Julian of Norwich and Margery Kempe are covered in an historical and geographical sweep that takes us up to the present day The book reflects the spread of literacy the history of colonisation and the development of

have taken the time to read right through this review then it certainly belongs on your bookshelf Wayne Orchiston Journal of Astronomical History and Heritage March 2010 The Intimate Archive Maryanne Dever, Ann Vickery, Sally Newman, 2009 The Intimate Archive examines the issues involved in using archival material to research the personal lives of public people in this case of Australian writers Marjorie Barnard 1897 1987 Aileen Palmer 1915 1988 and Lesbia Harford 1891 1927 The book provides an insight into the romantic experiences of the three women based on their private letters diaries and notebooks held in public institutions Maryanne Dever Ann Vickery and Sally Newman consider the ethical dilemmas that they faced while researching private material in particular of making conclusions based on material that was possibly never intended by its subjects to be consumed publically In this sense the book is both an introverted contemplation of private affairs and an extroverted meditation on the right to acquire and assume intimate knowledge **Women Coauthors** Holly A. Laird, 2000 Until recently collaborative authorship has barely been considered by scholars when it has the focus has been on discovering who contributed what and who dominated whom in the relationship and in the writing In Women Coauthors Holly Laird reads coauthored texts as the realization of new kinds of relationship Through close scrutiny of literary collaborations in which women writers have played central roles Women Coauthors shows how partnerships in writing between two women or between a woman and a man provide a paradigm of literary creativity that complicates traditional views of both author and text and makes us revise old habits of thinking about writing Focusing on the social dynamics of literary production including the conversations that precede and surround collaborative writing Women Coauthors treats its coauthored texts as representations as well as acts of collaboration Holly A Laird discusses a wide array of partial and full coauthorships to reveal how these texts blur or remap often uncanny boundaries of self status race reason and culture that of the Delany sisters and Amy Hill Hearsh on Having Our Say lesbian couples whose lives and writings were intertwined including Katherine Bradley and Edith Cooper Michael Field and Gertrude Stein and Alice B Toklas and the Native American wife and husband authors Louise Erdrich and Michael Dorris Framed in time by the feminist and abolitionist movements of the mid nineteenth century and the ongoing social struggles surrounding gender race and sexuality in the late twentieth century the partnerships and texts observed in Women Coauthors explore collaboration as a path toward equity both socioliterary and erotic For the authors here who collaborate most fully with each other two are much better than one

The Burning Library Geordie Williamson, 2012-10-24 Alarmed by the increasingly marginal status of Australian literature in the academy Williamson has set out to reintroduce us to those key writers whose works we may have forgotten or missed altogether His focus is on fiction that gives pleasure and he is ardent in defence of books that for whatever reason sit uneasily in the present moment **The Censor's Library** Nicole Moore, 2012 An absorbing exposé of the books we couldn't read didn't read didn't know about and the reasons why When Nicole Moore discovered the secret censor's library in the National Archives 793 boxes of books prohibited from the 1920s to the 1980s so began a journey that resulted in this the first

comprehensive examination of Australian book censorship For much of the twentieth century Australia banned more books and more serious books than most other English speaking or Western countries from the Kama Sutra through to Huxley s Brave New World and Joyce s Ulysses Federal publications censorship was a largely secret affair and deliberately kept from the knowledge of the Australian public until the scandals and protests of late last century Censorship continues to attract heated debate from the Henson affair to the national internet feed Combining rigorous scholarship with the narrative tension of a thriller The Censors Library is a provocative account of this scandalous history Book jacket *The Cambridge Companion to Australian Literature* Elizabeth Webby, 2000-08-21 An indispensable reference for the study of Australian literature
