100 Essential Silent Film Comedies James Roots, 2017-05-11 From the moment films were first produced comedy has been a key feature of cinema From just before the turn of the twentieth century until the early 1930s audiences celebrated the brilliant humor of cinematic clowns who left their marks forever We still remember and laugh at the hilarious antics of Laurel and Hardy Buster Keaton Harold Lloyd and many others In 100 Essential Silent Film Comedies James Roots identifies the major comedic motion pictures produced in the first few decades of the twentieth century With a lucid and lively style Roots takes a look at more than 400 silent comedies and narrows the list to 100 that viewers should consider Each entry includes cast and crew information a synopsis critical evaluation and additional commentary all to demonstrate why that particular film is essential viewing The films range from 70 seconds to full length features and even include some of the earliest produced films starting in 1894 In addition to citing Hollywood s finest the book profiles comedies from around the world including selections from the United Kingdom France Japan and Russia More

than seventy silent comedians from Charlie Chaplin to Max Linder are represented in these selections and the book celebrates such established classics as *The General* and *Safety Last* as well as relatively obscure one reelers. Including information about DVD availability, *100 Essential Silent Film Comedies* is an invaluable resource that provides both scholars and general film fans a list of entertaining films to explore. [The 100 Greatest Silent Film Comedians](#) James Roots, 2014-10-23 The silent film era featured some of the most revered names of on screen comic performance from Charlie Chaplin and Buster Keaton to Harold Lloyd Douglas Fairbanks and Laurel Hardy. Besides these giants of cinema however there are other silent era performers both leading actors and supporting players who left an enduring legacy of laughter. In *The 100 Greatest Silent Film Comedians* James Roots ranks the greatest performers based on a scorecard that measures each comic's humor, timelessness, originality and teamwork. Far more than just a listing, this is an idiosyncratic and entertaining review of the men and women who created the golden age of comedy. As a critic and deaf viewer, Roots brings a truly unique perspective to the evaluation of these performers and their work. He has viewed thousands of silent comedies and offers some assessments that run contrary to the standard list of performers. While many obvious names are placed in the top echelon, the author also champions performers who have been neglected in part because their work has not been as visible. Each entry includes a filmography, a scorecard, and an evaluation of the artist's overall work. An assessment of representative films. DVD availability. With the increased availability of films on DVD as well as Internet access, more and more silent performers are being discovered by film fans. Supplemented by an appendix of comedians who missed the cut as well as an annotated bibliography, *The 100 Greatest Silent Film Comedians* will be an invaluable resource to anyone wanting to know more about the brilliant entertainers of the silent era. **The American Blacksmith**, 1918 **American Blacksmith, Auto and Tractor Shop**, 1918 *Exhibitors Daily Review*, 1926 **Nickelodeon**, 1915 **The National Cyclopaedia of American Biography ...
