Library, William Maclure**

Maclure Collection Of French Revolutiona:

The Maclure Collection of French Revolutionary Materials James D. Hardy, Jr., John H. Jensen, Martin Wolfe, 2018-01-15 Complete catalogue and index of one of the largest collections of its kind of French Revolutionary and Napoleonic newspapers pamphlets and official publications covering the years 1789 1815 Over 20 000 listings are preceded by an introduction giving a history of the collection a survey of other notable French Revolution collections and a biographical essay on William S Maclure William S Maclure 1763 1840 was a wealthy Philadelphia merchant a radical social reformer and our first scientific geologist His huge collection of French Revolutionary publications is one of the greatest libraries of its kind to be formed during the period of the Revolution Maclure bestowed the collection on the Philadelphia Academy of the Natural Sciences in 1821 and the Academy in turn gave the collection to the Historical Society of Philadelphia In 1949 it was acquired by the University of Pennsylvania *The Maclure Collection of French Revolutionary Materials* William Maclure, 1966 **The Maclure Collection of French Revolutionary Materials** University of Pennsylvania. Library, William Maclure, 1964 [Living the French Revolution, 1789-1799](#) P. McPhee, 2006-10-10 What did it mean to live through the French Revolution This volume provides a coherent and expansive portrait of revolutionary life by exploring the lived experience of the people of France s villages and country towns revealing how The Revolution had a dramatic impact on daily life from family relations to religious practices *The French Revolution and Napoleon Collection at Florida State University* Donald D. Horward, 1973 **Reform, Revolution and French Global Policy, 1787-1791** Jeremy J. Whiteman, 2017-09-19 The period following the American War of Independence was for the France of Louis XVI the high water mark of its diplomatic prestige With France s arch rival Britain humbled by the loss of her main north American colonies and deprived of any significant continental alliances Louis felt confident that France could at last re assume its natural role as the economic political and military leader of Europe That this did not happen and if anything France s international prestige sunk even lower was a bitter pill for its rulers and one that was to have important ramifications beyond the sphere of foreign policy Indeed continued frustration at France s impotence on the world stage became a pressing domestic issue with radically opposing solutions being put forward to bring about a national regeneration This work focuses on the policy responses of the National Constituent Assembly to the issues of global competition especially in the maritime colonial and economic sphere and with particular reference to Anglo French rivalry These responses are contrasted to the policies of the reforming royal government of the Pre Revolution of 1787 1789 From this analysis of the Old and New Regimes respective global policies it is shown how French responses to the demands of international competition played a role in both fostering and shaping the Revolution of 1789 Moreover Whiteman argues that in spite of profound ideological differences in material terms there was a significant degree of continuity between the policies of the Constituent deputies and the Old Regime royal government **The Era of the French Revolution** Ronald J. Caldwell, 1985 **The Oxford**

Handbook of the French Revolution David Andress, 2015 The Oxford Handbook of the French Revolution brings together a sweeping range of expert and innovative contributions to offer engaging and thought provoking insights into the history and historiography of this epochal event Each chapter presents the foremost summations of academic thinking on key topics along with stimulating and provocative interpretations and suggestions for future research directions Placing core dimensions of the history of the French Revolution in their transnational and global contexts the contributors demonstrate that revolutionary times demand close analysis of sometimes tiny groups of key political actors whether the king and his ministers or the besieged leaders of the Jacobin republic and attention to the deeply local politics of both rural and urban populations Identities of class gender and ethnicity are interrogated but so too are conceptions and practices linked to citizenship community order security and freedom each in their way just as central to revolutionary experiences and equally amenable to critical analysis and reflection This Handbook covers the structural and political contexts that build up to give new views on the classic question of the origins of revolution the different dimensions of personal and social experience that illuminate the political moment of 1789 itself the goals and dilemmas of the period of constitutional monarchy the processes of destabilisation and ongoing conflict that ended that experiment the key issues surrounding the emergence and experience of terror and the short and long term legacies for both good and ill of the revolutionary trauma for France and for global politics

Patriots, Royalists, and Terrorists in the West Indies William S. Cormack, 2019-01-01 Patriots Royalists and Terrorists in the West Indies examines the complex revolutionary struggle in Martinique and Guadeloupe from 1789 to 1802 The arrival of tricolour cockades badges showing support for the French Revolution and news from Paris in 1789 undermined the royal governors authority unleashed bitter conflict between white factions and encouraged the aspirations of free people of colour to equality and black slaves to freedom This book provides a detailed narrative of the shifting political developments and analyses the roles of planter resentment of metropolitan control social and racial tensions and the ambiguity of revolutionary principles in a colonial setting Recent scholarship has tended to over emphasize the colonies agency and to accentuate the conflict between masters and slaves while downplaying metropolitan influences In contrast this study seeks to restore the importance of destabilizing political struggles between white factions It argues that metropolitan news ideas language and political culture the revolutionary script from France played a key role in shaping the revolution in the colonies

Léonard Bourdon Michael J. Sydenham, 2006-01-01 Léonard Bourdon The Career of a Revolutionary 1754 1807 illustrates the ways in which one individual was affected by and influenced the long and turbulent course of the French Revolution It also rescues an active intelligent and interesting man from a prolonged period of scholarly neglect and redeems his reputation from being perceived as a particularly cruel revolutionary terrorist Sydenham follows Bourdon's political career from the final days of the old monarchy through Bourdon's active participation in the Revolution Bourdon was always aware that political development must be accompanied by educational change and his lifelong interest in education is an integral

part of his story Bourdon left remarkably few personal papers During the painstaking exploration for details of his life several critical as well as unfamiliar events of the period have been illuminated suggesting that similar misrepresentations of many other relatively unknown French revolutionaries have distorted current understanding of this period crucial to the growth and development of modern democracy **Rockdale** ,2005-01-01 A celebrated triumph of historiography Rockdale tells the story of the Industrial Revolution as it was experienced by the men women and children of the cotton manufacturing town of Rockdale Pennsylvania The lives of workers managers inventors owners and entrepreneurs are brilliantly illuminated by Anthony F C Wallace who also describes the complex technology that governed all of Rockdale s townspeople Wallace examines the new relationships between employer and employee as work and workers moved out of the fields into the closed in world of the spinning mule the power loom and the mill office He brings to light the impassioned battle for the soul of the mill worker a struggle between the exponents of the Enlightenment and Utopian Socialism on the one hand and on the other the ultimately triumphant champions of evangelical Christianity **Gouverneur Morris** James J. Kirschke,2005-11-29 An ever present figure in the early days of the nation Gouverneur Morris left an indelible mark on the country s future development While in the New York State legislature he was part of the committee that wrote the state s constitution He went on to write some of the most critical documents of the Second Continental Congress gaining the enduring admiration of George Washington who later appointed him minister to France At the Office of Finance he helped to develop the basic plan for the coinage system that remains in use today and in private business he was instrumental in the planning and establishment of the Bank of North America **Special Collections in Libraries in the United States** William Dawson Johnston,Isadore Gilbert Mudge,1912 **Philadelphia and Its Environs** ,1896 **Family Romance of the French Revolution** Lynn Hunt,2013-07-04 This latest work from an author known for her contributions to the new cultural history is a daring multidisciplinary investigation of the imaginative foundations of modern politics Hunt uses the term Family Romance coined by Freud to describe the fantasy of being freed from one s family and belonging to one of higher social standing in a broader sense to describe the images of the familial order that structured the collective political unconscious In a wide ranging account that uses novels engravings paintings speeches newspaper editorials pornographic writing and revolutionary legislation about the family Hunt shows that the politics of the French Revolution were experienced through the network of the family romance **Walford's Guide to Reference Material** Albert John Walford,Marilyn Mullan,Priscilla Schlicke,1994 Volume 2 of this guide contains descriptions of 8300 plus critically evaluated recommended reference resources available in all formats Organized by Universal Dewey Classification the topics covered are those usually found in the 100s Philosophy Psychology 200s Religion 300s Social Sciences the 900s Geography Biography History This volume particularly reflects the proliferation of travel tourist guides reference works on Eastern Europe Central Asia following the collapse of communism Over the last few years an enormous expansion has also been noted of reference works

in both religion philosophy Volume 1 covers Science Technology Volume 3 covers Generalia Languages Literature the Arts
Recommended in Choice Reference Reviews American Reference Books Annual **Statistics of Land-grant Colleges and
