Macmillan Writer Rhetoric Reader And Handbook:

The Macmillan Writer Judith Nadell, Linda McMeniman, 2000 *The Macmillan Writer* Judith Nadell, Linda McMeniman, John Langan, 1994 **The Macmillan Writer** Judith Nadell, Linda McMeniman, John Langan, 1996-07 WPA, Writing Program Administration , 1993 *Subject Guide to Children's Books in Print 1997* Bowker Editorial Staff, R R Bowker Publishing, 1996-09 The Longman Writer Judith Nadell, Linda McMeniman, John Langan, 2002-08 Designed for instructors who prefer to teach composition with a separate handbook or some other combination of texts this brief edition of The Longman Writer Fifth Edition contains everything from the very popular full edition except the Handbook Students get a rhetoric reader and research guide as well as plentiful exercises all in a shorter and more economical volume Created by the authors of the best selling The Macmillan Reader the text draws on more than 60 years of combined teaching experience to integrate the best of the product and process approaches to writing Its particular strengths include an emphasis on the reading writing connection a focus on invention and revision more attention to the fact that patterns blend in actual writing and an abundance of class tested activities and assignments more than 300 in all **American Book Publishing Record** , 2003 Reader's Guide to Literature in English Mark Hawkins-Dady, 2012-12-06 Reader s Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study A Reader's Guide to Contemporary Literature William Swan Sonnenschein, 1896 *Applied Journalism Handbook* , 1965 **Использование электронных технологий в процессе обучения иностранному языку в вузе** Губина Г. Г., 2014-05-16 *Perspectives on Plagiarism and Intellectual Property in a Postmodern World* Lise Buranen, Alice M. Roy, 1999-04-23 This book offers a wealth of thinking about the complex and often contradictory definitions surrounding the concepts of plagiarism and intellectual property The authors show that plagiarism is not nearly as simple and clear cut a phenomenon as we may think Contributors offer many definitions and facets of plagiarism and intellectual property demonstrating that if defining a supposedly simple concept is difficult then applying multiple definitions is even harder creating practical problems in many realms This volume exposes the range and breadth of these overlapping and complex issues reflecting a postmodern sensibility of fragmentation and clarifies some of the confusion not by reducing plagiarism to ever simpler definitions and providing new or better rules to apply but by complicating the issue examining what plagiarism and intellectual property are and are not in our more or less postmodern world This book offers and explains various definitions of plagiarism Issues covered include copyright law and plagiarism imitation and originality in classical rhetoric sociohistorical perspectives and late nineteenth and early twentieth century notions of authorship in student publications and textbooks The authors also offer different applications of these plagiarism definitions in specific arenas including university writing centers administrative settings peer writing

groups textbook publishing and the wider marketplace Teaching and Researching Writing Ken Hyland, 2021-09-23 The new edition of Ken Hyland's text provides an authoritative guide to writing theory research and teaching. Emphasising the dynamic relationship between scholarship and pedagogy, it shows how research feeds into teaching practice. Teaching and Researching Writing introduces readers to key conceptual issues in the field today and reinforces their understanding with detailed cases, then offers tools for further investigating areas of interest. This is the essential resource for students of applied linguistics and language education to acquire and operationalise writing research theories, methods, findings and practices as well as for scholars and practitioners looking to learn more about writing and literacy. New to the fourth edition: Added or expanded coverage of important topics such as translingualism, digital literacies and technologies, multimodal and social media writing, action research, teacher reflection, curriculum design, teaching young learners and discipline-specific and profession-specific writing. Updated throughout, including revision to case studies and classroom practices and discussion of Rhetorical Genre Studies, intercultural rhetoric and expertise. Reorganised References and Resources section for ease of use for students, researchers and teachers. *Books in Print*, 1991 Perceptions of Discourse: The Revolution in Assumptions Dorothy Naor, 2014-12-12 This book was ready to go except for the final editing nearly 14 years ago when suddenly other events entered my life that took all my energy and time. Apparently no one else in the interim has touched on the subject. Because I was loathe to let 15 or so years of research go to waste and because I think that the history might be interesting and perhaps also useful to others and also because I suddenly realized that I am now in my 80s and would not be around forever, I have finally taken time off to publish. As for my sources which extend from about the 16th century till the late 1980s, I have decided against updating them. Those included in these pages serve the purpose of this study which is about a revolution in assumptions about discourse that began in the USA in the 1920s and became the institution in the 1980s in schools, universities and in our perceptions of discourse in general. The tale in these pages also covers the more important consequences of the revolution. Research in Basic Writing Martin Jacobi, Michael G. Moran, 1990-02-15 This reference handbook surveys research on the central issue associated with the teaching of unprepared writers. Though basic writing has only been recognized as a distinct area of teaching and research since 1975, the existing bibliographic texts already seem limited due to their age or lack of annotation. This volume provides current and extensive bibliographic essays and will help to define this new field of study for teachers and researchers. Following an introduction that summarizes the origins and significant texts in basic writing, the book is divided into three sections: Social Science Perspectives, Linguistic Perspectives and Pedagogical Perspectives. The first section, which contains three essays, views the field through the lens of social, psychological and political issues. The second section, also containing three essays, examines contributions made from studies of grammar, dialects and second language acquisition. The third section, in its four essays, focuses on the design, development, administration and evaluation of basic writing courses, the use of computers in basic writing classrooms, the role of the

writing lab and the preparation of basic writing teachers An appendix that reviews current textbooks for basic writing courses is also included as well as an index This book will be a valuable resource for teachers of basic writing in education courses and workshops that train teachers and tutors and in fields such as linguistics technical writing and Teaching English as a Second Language It will also be an important addition to public and university libraries and many education programs
