Brigitte Granville,2021-04-01 As evidenced by the yellow vests protest movement that began in France in 2018 the state of the French nation inspires gloom among many of its citizens Brigitte Granville views this malaise as a peculiarly French symptom of the difficulties experienced by many advanced industrial democracies in the face of globalization technology and mass immigration Granville brings trenchant criticism to bear in this wide ranging survey of the political economy of contemporary France building her case for the prosecution on the self reinforcing rigidity produced by a narrow Parisian oligarchy that is both entitled and intellectually hidebound What Ails France applies an economist s vision to the monetary

and fiscal pathologies flowing from this ideologically motivated technocratic rule reflected in Europe's flawed monetary union runaway indebtedness and chronically high structural unemployment The author marshals academic research from a wide range of disciplines to fuel a provocative and at times contentious analysis proposing various treatments for French ailments that would reinvigorate the republican value of liberty with a new local slant A refreshing ideologically freewheeling discussion What Ails France provides a positive take on the innovations of our digital age exploring their potential to bring about a more representative democracy and a fairer society [Variety's Complete Home Video Directory](#) ,1989 **The Anime Encyclopedia, 3rd Revised Edition** Jonathan Clements,Helen McCarthy,2015-02-09 Impressive exhaustive labyrinthine and obsessive The Anime Encyclopedia is an astonishing piece of work Neil Gaiman Over one thousand new entries over four thousand updates over one million words This third edition of the landmark reference work has six additional years of information on Japanese animation its practitioners and products plus incisive thematic entries on anime history and culture With credits links cross references and content advisories for parents and libraries Jonathan Clements has been an editor of Manga Max and a contributing editor of Newtype USA Helen McCarthy was founding editor of Anime UK and editor of Manga Mania [Ordoliberalism and European Economic Policy](#) Malte Dold,Tim Krieger,2019-09-18 This volume takes a broad perspective on the recent debate on the role of German ordoliberalism in shaping European economic policy before and after the eurozone crisis It shows how ordoliberal scholars explain the institutional origins of the eurozone crisis and presents creative policy proposals for the future of the European economy Ordoliberal discourse both attempts to offer political solutions to socioeconomic challenges and to find an ideal market order that fosters individual freedom and social cohesion This tension between realpolitik and economic utopia reflects the wider debate on how far economic theory shapes and is shaped by historical contingencies and institutions The volume will be of interest to policymakers as well as research scholars and graduate students from various disciplines ranging from economics to political science history and philosophy [Principles for Governance](#) Alfredo Pereira Jr,Francisco Sousa,2023-10-27 This edited volume provides strategies for reducing inequality and promoting human development through the use of innovative digital technology and the adoption of new bioethical principles for governance The book is structured around a series of practical proposals which can be adapted to different circumstances countries and political systems Written by an interdisciplinary panel of international researchers and professionals each chapter details a proposal for a policy new social technology Green Deals robust social assistance that will move society forward towards a sustainable digital and equitable future Researchers across multiple disciplines public administration cognitive technology E learning finance philosophy of economy agronomics forest engineering bioethics and education will find this volume a useful reference [Voyageur Story](#) Pierre Schnebelen,2023-11-10 Princess Xiaohu ruled a community on the Silk Road in Northern China 4 000 years ago before being in charge of life on the planet As Moses wife Sephora she imposed the Ten Commandments to the Jewish Nation after they
