How should I know? Kathleen T. Nolan, 2019-02-18 Elementary preservice teachers school experiences of mathematics and science have shaped their images of knowing including what counts as knowledge and what it means to know in mathematics and science In this book preservice teachers voices challenge the hegemony of official everyday narratives relating to these images The book is written as a parody of a physical science textbook on the topic of light presenting a kaleidoscope of elementary preservice teachers narratives of knowing in mathematics and science These narratives are tied together by the metaphorical thread of the properties of light but also held apart by the tensions and contradictions with in such a critical epistemological exploration Through a postmodern lens the only grand narrative that could be imagined for this text is one in which the personal lived experience narratives of the participants mingle and interweave to create a sort of kaleidoscope of narratives With each turn of a kaleidoscope light s reflection engenders new patterns and emergent designs The narratives of this research text highlight patterns of exclusion gendered messages binary oppositions and the particle nature and shadowy texture of knowing in mathematics and science The presentation format of the book emphasizes the reflexive and polyphonic nature of the research

design illustrated through layers of spoken text with in performative text with in metaphorical text The metaphor of a kaleidoscope is an empowering possibility for a critical narrative written to both engage and provoke the reader into imagining a critical journey toward possibilities for a different knowing by heart in mathematics and science and for appreciating lived experience narratives with in teacher education

Fighting Shadows in Vietnam Michael P. Moynihan, Jr., 2014-02-10 In this memoir set as deeply in his mind as in the Southeast Asian jungle a young American soldier embarks on a journey to a war that for him will never be over The world was a playground for Mickey a naive Irish American kid bored with his life His father served in World War II his brother was a Marine in Vietnam now it was his turn His 365 days in the hell that was Vietnam builds in torment until an attack on a bunker complex in Cambodia Wounded his friend captured he becomes a tormented survivor knowing he is always just a heartbeat from death His adventure turned nightmare brings a visceral understanding of the words penned by Thoreau the very same words Mickey s father spoke throughout Mickey s youth The mass of men lead lives of quiet desperation especially those at war This memoir chronicles the key perspective shaping experiences of a U S Army grunt fighting in Vietnam

Blackhorse Tales Don Snedeker, 2021-08-16 The war stories and combat narratives of the 11th Armored Cavalry Regiment during five and a half years of combat in Vietnam When the U S Army went to war in South Vietnam in 1965 the general consensus was that counterinsurgency was an infantryman s war if there were any role at all for armored forces it would be strictly to support the infantry However from the time the 11th Armored Cavalry Regiment arrived in the country in September 1966 troopers of the Blackhorse Regiment demonstrated the fallacy of this assumption By the time of Tet 68 the Army s leadership began to understand that the Regiment s mobility firepower flexibility and leadership made a difference on the battlefield well beyond its numbers Over the course of the 11th Cavalry s five and a half years in combat in South Vietnam and Cambodia over 25 000 young men served in the Regiment Their stories and those of their families represent the Vietnam generation in graphic sometimes humorous often heart wrenching detail Collected by the author through hundreds of in person telephone and

electronic interviews over a period of twenty five plus years these war stories provide context for the companion volume *The Blackhorse in Vietnam* Amongst the stories of the Blackhorse troopers and their families are the tales of the wide variety of animals they encountered during their time in combat as well as the variable landscape from jungle to rice paddies and weather *Blackhorse Tales* concludes with a look at how the troopers dealt with their combat experiences since returning from Vietnam Without question Donald Snedeker has paid a fitting tribute to this superb unit its soldiers and their families
