Madame Bovary Blues:

The Madame Bovary Blues Stirling Haig, 1987-01-01 The Madame Bovary Blues Stirling Haig, The Poetry of **Raymond Carver** Sandra Lee Kleppe, 2016-02-24 Best known as one of the great short story writers of the twentieth century Raymond Carver also published several volumes of poetry and considered himself as much a poet as a fiction writer Sandra Lee Kleppe combines comparative analysis with an in depth examination of Carver's poems making a case for the quality of Carver's poetic output and showing the central role Carver's pursuit of poetry played in his career as a writer Carver constructed his own organic literary system of autopoetics a concept connected to a paradigm shift in our understanding of the inter relatedness of biological and cultural systems This idea is seen as informing Carver's entire production and a distinguishing feature of Kleppe's book is its contextualization of Carver's poetry within the complex literary and scientific systems that influenced his development as a writer Kleppe addresses the common themes and intertextual links between Carver's poetry and short story careers situates Carver's poetry within the love poem tradition explores the connections between neurology and poetic memories and examines Carver's use of the elegy genre within the context of his terminal illness Tellingly Carver's poetry which has aroused slight interest among literary scholars is frequently taught to medical students This testimony to the interdisciplinary implications of Carver's work suggests the appropriateness of Kleppe's culminating discussion of Carver's work as a bridge between the fields of literature and medicine **Madame Bovary** The French Face of Joseph Conrad Yves Hervouet, 1990-11-30 A large scale account of Conrad s Gustave Flaubert, 1902 extensive involvement with the French literary tradition Yves Hervouet's book is a milestone in our understanding of his work It will have a major impact on Conrad scholarship and as a study of cross cultural influence it will be of interest to all students of comparative literature in the period <u>Desire</u> Per Bjørnar Grande,2020-07-01 Desire can take many forms Hegel related desire to acceptance Nietzsche to power and Freud to the erotic In novels and plays by Gustave Flaubert Marcel Proust F Scott Fitzgerald and Arthur Miller and music by Lana Del Rey desire operates in a complex slippery way that eludes philosophical and psychoanalytic attempts to pin it down These and other great works of literature corroborate Ren Girard s understanding of desire as taking shape according to the other's desire. The mimetic approach frees desire from the preconceptions of both subject and object oriented psychologies and puts literary criticism in touch with the concrete substance of fictional narratives Drawing on both modern masterpieces and iconic works of contemporary pop culture Per Bj rnar Grande sketches a Girardian phenomenology of desire one that sheds new light on the frustrating and repetitive nature of human relations in a world of vanishing taboos Objects of Desire Beryl Schlossman, 1999 Through an innovative use of style her literary examples articulate an art of seduction and an aesthetic that transforms suspends or erases identity individual gender social and cultural BOOK JACKET Madame Bovary, done into Engl. by H. Blanchamp Gustave Flaubert, 1905 Fashioning Spaces Heidi Brevik-Zender, 2015-01-01 In Fashioning Spaces Heidi Brevik Zender argues that

in the years between 1870 and 1900 the chroniclers of Parisian modernity depicted the urban landscape not just in public settings such as boulevards and parks but also in dislocations spaces where the public and the intimate overlapped in provocative and subversive ways Stairwells theatre fovers dressmakers studios and dressing rooms were in between places that have long been overlooked but were actually marked as indisputably modern through their connections with high fashion Fashioning Spaces engages with and thinks beyond the work of critics Charles Baudelaire and Walter Benjamin to arrive at new readings of the French capital Examining literature by Zola Maupassant Rachilde and others as well as paintings architecture and the fashionable garments worn by both men and women Brevik Zender crafts a compelling and innovative account of how fashion was appropriated as a way of writing about the complexities of modernity in fin de si cle The Cambridge Companion to Flaubert Timothy Unwin, 2004-11-18 This volume brings together a series of essays by acknowledged experts on Flaubert It offers a coherent overview of the writer s work and critical legacy and provides insights into the very latest scholarly thinking While a central place is given to Flaubert's most widely read texts attention is also paid to key areas of the corpus that have tended to be overlooked Close textual analyses are accompanied by discussion of broader theoretical issues and by a consideration of Flaubert's place in the wider traditions that he both inherited and influenced These essays provide not only a robust critical framework for readers of Flaubert but also a fuller understanding of why he continues to exert such a powerful influence on literature and literary studies today A concluding essay by the prize winning author Mario Vargas Llosa examines Flaubert's legacy from the point of view of the modern novelist

Economies of Change Michal Peled Ginsburg, 1996 The analysis of each novel centers around the notion of transformation or the economy of change as it informs the text and our understanding of it arguing that transformation is not only a basic category of narrative structure but also the key to the link between literary form and cultural context Throughout the book addresses topical issues in current literary theory and cultural studies such as the cultural significance of narrative and its historical dimension in a distinctly practical manner showing how in a number of determinate cases narrative actually works *Encyclopedia of the Novel* Paul Schellinger, 2014-04-08 The Encyclopedia of the Novel is the first reference book that focuses on the development of the novel throughout the world Entries on individual writers assess the place of that writer within the development of the novel form explaining why and in exactly what ways that writer is importnant Similarly an entry on an individual novel discusses the importance of that novel not only form analyzing the particular innovations that novel has introduced and the ways in which it has influenced the subsequent course of the genre A wide range of topic entries explore the history criticism theory production dissemination and reception of the novel A very important component of the Encyclopedia of the Novel is its long surveys of development of the novel in various regions of the world Flaubert's Straight and Suspect Saints Aimée Israel-Pelletier, 1991-01-01 This study of the fictional themes and techniques of Michel Tournier reveals his profound radicalism as a social critic and novelist despite the seeming
