contemporary society digital images have become increasingly mobile They are networked shared on social media and circulated across small and portable screens Accordingly the discourses of spreadability and circulation have come to supersede the focus on production indexicality and manipulability which had dominated early conceptions of digital photography and film However the mobility of images is neither technologically nor conceptually limited to the realm of the digital The edited volume re examines the historical aesthetical and theoretical relevance of image mobility The contributors provide a materialist account of images on the move ranging from wired photography to postcards to streaming media

Bajac-Carter, Norma Jones, Bob Batchelor, 2014-03-14 Despite the growing importance of heroines across literary culture and sales figures that demonstrate both young adult and adult females are reading about heroines in droves particularly in graphic novels comic books and YA literature few scholarly collections have examined the complex relationships between the representations of heroines and the changing societal roles for both women and men In *Heroines of Comic Books and Literature Portrayals in Popular Culture* editors Maja Bajac Carter Norma Jones and Bob Batchelor have selected essays by award winning contributors that offer a variety of perspectives on the representations of heroines in today's society Focused on printed media this collection looks at heroic women depicted in literature graphic novels manga and comic books Addressing heroines from such sources as the Marvel and DC comic universes manga and the Twilight novels contributors go beyond the account of women as mothers wives warriors goddesses and damsels in distress These engaging and important essays situate heroines within culture revealing them as tough and self sufficient females who often break the bounds of gender expectations in places readers may not expect Analyzing how women are and have been represented in print this companion volume to *Heroines of Film and Television* will appeal to scholars of literature rhetoric and media as well as to broader audiences that are interested in portrayals of women in popular culture

Female Celebrity and Ageing Deborah Jermyn, 2016-04-29 *Female Celebrity and Ageing* Back in the Spotlight interrogates the myriad ways in which celebrity culture constructs highly visible ideologies of femininity and ageing and how ageing female celebrities have negotiated the media in a variety of industrial historical and national contexts In the era when the baby boomers have started drawing their pensions the boundaries of what constitutes old age have never seemed more fluid and ageing has never been presented by advertisers and marketers in a more dynamic fashion However the fact remains that ageing is still widely feared and growing old is an inherently gendered process in which ageing women are paradoxically both rendered invisible and subjected to damning scrutiny Nowhere is this conflicting state of affairs more evident than in celebrity culture where ageing female stars are praised for growing old gracefully one moment and condemned for letting themselves go the next when they fail to age appropriately Examining a variety of themes and ageing women in the spotlight from Barbara Stanwyck to Madonna to Charlotte Rampling the essays collected here forge new critical and conceptual insights into how women grow older in the media and the implications of this for what Susan Sontag memorably called the double standard of ageing This book is based on a special issue of *Celebrity Studies*
