Magic Medicine: Rx for Creativity, *The House with the Magic Cellar* Garza, 2006-08 Twelve year old Angela and thirteen year old Tony are neighbors and best of friends who have a penchant for getting into trouble While playing in Angela's creepy basement one day they discover a secret portal that leads them to a magical world beyond their wildest imaginings In this new and exciting realm they train to become wizards meeting an eclectic cast of characters along the way But even in this place Angela and Tony become embroiled in mischief After all what kid wouldn't want the power to transform into a beastly dragon or the ability to command any inanimate object to fly across the room As the two become enveloped in the realm of mysterious creatures and beings they must face a cruel and evil wizard who plans to overtake the magical world Can Angela and Tony defeat him before the wizard destroys everything they've come to love *The Anthropology of Magic* Susan Greenwood, 2020-05-28 Magic is arguably the least understood subject in anthropology today Exotic and fascinating it offers us a glimpse into another world but it also threatens to undermine the foundations of anthropology due to its supposed irrational and non scientific nature Magic has thus often been explained away by social or psychological reduction The Anthropology of Magic redresses the balance and brings magic as an aspect of consciousness into focus through the use of classic texts and cutting edge research Suitable for student and scholar alike The Anthropology of Magic updates a classical anthropological debate concerning the nature of human experience A key theme is that human beings everywhere have the potential for magical consciousness Taking a new approach to some perennial topics in anthropology such as shamanism mythology witchcraft and healing the book raises crucial theoretical and methodological issues to provide the reader with an engaging and critical understanding of the dynamics of magic Join the live discussion on Facebook **Totem Magic** Yasmine Galenorn, 2022-05-03 Inside of each of us an animal lies in wait ready to be revealed and explored As humans we share the earth with many magnificent creatures and through Pagan magic we can connect with the animal kingdom and with our individual animal spirits or totems In TOTEM MAGICK New York Times bestselling author Yasmine Galenorn shows you how to uncover and connect with the animal spirits who guide and guard you in your life Drawing on Pagan shamanism she offers guidelines spellwork and rituals for connecting with your totems for strength protection and empowerment Through the ancient mystical practice of totem magic you can discover your animal within while exploring new exciting paths in your spiritual development Keywords Nonfiction metaphysical magick tarot totems spells paganism pagan Wicca witchcraft the Craft occult magickal protection prosperity love spells meditation guided meditation oracle runes ogham Celtic Norse mythology Greek Finnish gods goddesses priestess priest Ukko Rauni Mielikki Tapio Brighid Cerridwen Cernunnos Herne Taliesin Thor Odin Freya Frigga Heimdall Tir Rhiannon Epona faerie fairy Fae mythology Invoking Animal Magic Hearth Moon Rising, 2013-07-26 Invoking Animal Magic explores the power and wisdom of animal allies More than a compilation of interesting facts stories folklore and animal behavior are integrated in a modern pagan perspective

Illustrations based on cave paintings and artifacts add a visual component to the text while thought provoking questions and fun activities help ground the material in personal experience Invoking Animal Magic offers an in depth study of nine animals each with an important place in Euro paganism their myths and legends historical context and magical themes Rituals and spells are also included in each section Deep Refrains Michael Gallope,2017-11-16 We often say that music is ineffable that it does not refer to anything outside of itself But if music in all its sensuous flux does not mean anything in particular might it still have a special kind of philosophical significance In Deep Refrains Michael Gallope draws together the writings of Arthur Schopenhauer Friedrich Nietzsche Ernst Bloch Theodor Adorno Vladimir Jank l vitch Gilles Deleuze and F lix Guattari in order to revisit the age old question of music s ineffability from a modern perspective For these nineteenth and twentieth century European philosophers music s ineffability is a complex phenomenon that engenders an intellectually productive sense of perplexity Through careful examination of their historical contexts and philosophical orientations close attention to their use of language and new interpretations of musical compositions that proved influential for their work Deep Refrains forges the first panoptic view of their writings on music Gallope concludes that music s ineffability is neither a conservative phenomenon nor a pious call to silence Instead these philosophers ask us to think through the ways in which music s stunning force might address in an ethical fashion intricate philosophical questions specific to the modern world
