

Magister Regis Studies In Honor Of Robert Earl Kaske

Rebecca Davis

Magister Regis Studies In Honor Of Robert Earl Kaske:

Magister Regis Emerson Brown,1996 Magister Regis ,1986 **Magister Regis** Arthur Groos,Emerson Brown,1986
Dante Encyclopedia Richard Lansing,2010-09-13 Available for the first time in paperback this essential resource presents a systematic introduction to Dante s life and works his cultural context and intellectual legacy The only such work available in English this Encyclopedia brings together contemporary theories on Dante summarizing them in clear and vivid prose provides in depth discussions of the Divine Comedy looking at title and form moral structure allegory and realism manuscript tradition and also taking account of the various editions of the work over the centuries contains numerous entries on Dante s other important writings and on the major subjects covered within them addresses connections between Dante and philosophy theology poetics art psychology science and music as well as critical perspective across the ages from Dante s first critics to the present **Scyld and Scef** Alexander M. Bruce,2014-02-25 First published in 2002 Routledge is an imprint of Taylor Francis an informa company **Songes of Rechelesnesse** Lawrence M. Clopper,1997 Sketches Piers Plowman s reformist agenda for the Franciscan friars The Literature of Misogyny in Medieval Spain Michael Solomon,1997-11-13 An examination of two fifteenth century misogynist Iberian works **Ovid in the Age of Cervantes** Frederick A. De Armas,2010-01-01 The Roman poet Ovid author of the famous Metamorphoses is widely considered one of the canonical poets of Latin antiquity Vastly popular in Europe during the Renaissance and Early Modern periods Ovid s writings influenced the literature art and culture in Spain s Golden Age The book begins with examinations of the translation and utilization of Ovid s texts from the Middle Ages to the Age of Cervantes The work includes a section devoted to the influence of Ovid on Cervantes arguing that Don Quixote is a deeply Ovidian text drawing upon many classical myths and themes The contributors then turn to specific myths in Ovid as they were absorbed and transformed by different writers including that of Echo and Narcissus in Garcilaso de la Vega and Hermaphroditus in Covarrubias and Moya The final section of the book centers on questions of poetic fame and self fashioning Ovid in the Age of Cervantes is an important and comprehensive re evaluation of Ovid s impact on Renaissance and Early Modern Spain Piers Plowman and the Books of Nature Rebecca Davis,2016-09-15 Piers Plowman and the Books of Nature explores the relationship of divine creativity poetry and ethics in William Langland s fourteenth century dream vision These concerns converge in the poem s rich vocabulary of kynde the familiar Middle English word for nature broadly construed But in a remarkable coinage Langland also uses kynde to name nature s creator who appears as a character in Piers Plowman The stakes of this representation could not be greater by depicting God as Kynde that is under the guise of creation itself Langland explores the capacity of nature and of language to bear the plenitude of the divine In doing so he advances a daring claim for the spiritual value of literary art including his own searching form of theological poetry This claim challenges recent critical attention to the poem s discourses of disability and failure and reveals the poem s place in a long and diverse tradition of medieval humanism that

originates in the twelfth century and indeed points forward to celebrations of nature and natural capacity in later periods By contextualizing Langland's poetics of kynde within contemporary literary philosophical legal and theological discourses Rebecca Davis offers a new literary history for *Piers Plowman* that opens up many of the poem's most perplexing interpretative problems *Beowulf and the Dragon* Christine Rauer, 2000 The analogues discussed are presented with facing translations and detailed bibliographies **BOOK JACKET** **Gower's Confessio Amantis** Peter Nicholson, 1991 Eleven essays by influential scholars from C S Lewis to A J Minnis provide an introduction for students to Gower's *Confessio Amantis* and its important criticism *Romancing the Grail* Arthur Groos, 1995 Taking as his starting point the assertion by the Russian narrative theorist Mikhail Bakhtin that *Parzival* achieved a pluralism of novelistic discourse generally associated with more recent works Groos traces several strands of narrative especially Arthurian and Grail He focuses on crucial episodes in the hero's quest ranging from his discovery of knighthood to the healing of the Fisher King and shows how Wolfram transposes the clerical French perspective of Chretien de Troyes's *Li Contes del Graal* into the context of chivalric German culture Examining the variety of language registers and genres incorporated in *Parzival* Groos demonstrates that the interaction of chivalric romance hagiography dynastic chronicle and scientific and medical treatise produces a decentered fictional universe in which various religious and secular viewpoints enter into dialogue Medieval Venuses and Cupids Theresa Tinkle, 1996-06-01 *Medieval Venuses and Cupids* analyses the transformations of the love deities in later Middle English Chaucerian poetry academic Latin discourses on classical myth including astrology natural philosophy and commentaries on classical Roman literature and French conventions that associate Venus and Cupid with Ovidian arts of love Whereas existing studies of Venus and Cupid contend that they always and everywhere represent two loves good and evil the author argues that medieval discourses actually promulgate diverse multiple and often contradictory meanings for the deities The book establishes the range of meanings bestowed on the deities through the later Middle Ages and draws on feminist and cultural theories to offer new models for interpreting both academic Latin discourses and vernacular poetry *Andreas Capellanus, Scholasticism, and the Courtly Tradition* Don A. Monson, 2005-11 This book the first study in English devoted entirely to Andreas Capellanus's *De Amore* presents a comprehensive inquiry into the influence of scholasticism on the structure and organization of the work applying methods of medieval philosophy and intellectual history to an important problem in medieval literary studies **Following Chaucer** Lynn Staley, 2020-04-21 *Following Chaucer* *Offices of the Active Life* explores three representative figures the royal woman the poet and the merchant in relation to the concept of office which Cicero linked to the health of the republic but Chaucer to that of the common good Not usually conjoined to the term office these three figures situated in the active life were not firmly mapped onto the body politic which was used to figure a relational and ordered social body ruled by the king the head These figures are points of entry into a set of questions rooted in Chaucer's understanding of his cultural and historical past and in his keen appraisal of the social dynamics of his own time

that also reverberate in the centuries after Chaucer's death Following Chaucer does not trace influence but uses Chaucer's likely reading circumstances and literary and social affiliations as guides to understanding his poetry within the context of late medieval English culture and the reshaping of the concept of these particular offices that suited the needs of a future whose dynamics he anticipated His understanding of the importance of the Ciceronian concept of office within the active life his profound cultural awareness and his probing of the foundations of social change provide him with a keen sense of the persistent tensions and inconsistencies that are fundamental to his poetry

Rhetoric, Hermeneutics, and Translation in the Middle Ages Rita Copeland, 1995-03-16 This book has a twofold purpose First it seeks to define the place of vernacular translation within the systems of rhetoric and hermeneutics in the Middle Ages Secondly it examines the way that rhetoric and hermeneutics in the Middle Ages define their status in relation to each other as critical practices introduced

Medieval Misogyny and the Invention of Western Romantic Love R. Howard Bloch, 2009-02-15 Until now the advent of Western romantic love has been seen as a liberation from or antidote to ten centuries of misogyny In this major contribution to gender studies R Howard Bloch demonstrates how similar the ubiquitous antifeminism of medieval times and the romantic idealization of woman actually are Through analyses of a broad range of patristic and medieval texts Bloch explores the Christian construction of gender in which the flesh is feminized the feminine is aestheticized and aesthetics are condemned in theological terms Tracing the underlying theme of virginity from the Church Fathers to the courtly poets Bloch establishes the continuity between early Christian antifeminism and the idealization of woman that emerged in the twelfth and thirteenth centuries In conclusion he explains the likely social economic and legal causes for the seeming inversion of the terms of misogyny into those of an idealizing tradition of love that exists alongside its earlier avatar until the current era This startling study will be of great value to students of medieval literature as well as to historians of culture and gender

Beards and Texts Sebastian Coxon, 2021-09-08 *Beards and Texts* explores the literary portrayal of beards in medieval German texts from the mid twelfth to the early sixteenth centuries It argues that as the pre eminent symbol for masculinity the beard played a distinctive role throughout the Middle Ages in literary discussions of such major themes as majesty and humanity At the same time beards served as an important point of reference in didactic poetry concerned with wisdom teaching and learning and in comedic texts that were designed to make their audiences laugh not least by submitting various figure types to the indignity of having their beards manhandled Four main chapters each offer a reading of a work or poetic tradition of particular significance Pfaffe Konrad's *Rolandslied* Wolfram von Eschenbach's *Willehalm Sangspruchdichtung* Heinrich Wittenwiler's *Ring* before examining cognate material of various kinds including sources or later versions of the same story manuscript variants and miniatures and further relevant beard motifs from the same period The book concludes by reviewing the portrayal of Jesus in vernacular German literature which represents a special test case in the literary history of beards As the first study of its kind in medieval German studies this investigation submits beard motifs to sustained and detailed

analysis in order to shed light both on medieval poetic techniques and the normative construction of masculinity in a wide range of literary genres **Drakon** Daniel Ogden, 2013-02-28 This volume explores the dragon or the supernatural serpent in Graeco Roman myth and religion It incorporates analyses with comprehensive accounts of the rich literary and iconographic sources for the principal dragons of myth and discusses matters of cult and the paradoxical association of dragons and serpents with the most benign of deities **Celestina's Brood** Roberto González Echevarría, 1993 Published in 1499 and centered on the figure of a bawd and witch Fernando de Rojas dark and disturbing Celestina was destined to become the most suppressed classic in Spanish literary history Routinely ignored in Spanish letters the book nonetheless echoes through contemporary Spanish and Latin American literature This is the phenomenon that Celestina's Brood explores Roberto González Echevarría one of the most eminent and influential critics of Hispanic literature writing today uses Rojas text as his starting point to offer an exploration of modernity in the Hispanic literary tradition and of the Baroque as an expression of the modern His analysis of Celestina reveals the relentless probing of the limits of language and morality that mark the work as the beginning of literary modernity in Spanish and the start of a tradition distinguished by a penchant for the excesses of the Baroque González Echevarría pursues this tradition and its meaning through the works of major figures such as Cervantes Lope de Vega Calderón de la Barca Alejo Carpentier Carlos Fuentes Gabriel García Márquez Nicolás Guillén and Severo Sarduy as well as through the works of lesser known authors By revealing continuities of the Baroque Celestina's Brood cuts across conventional distinctions between Spanish and Latin American literary traditions to show their profound and previously unimagined affinity

Immerse yourself in heartwarming tales of love and emotion with Explore Love with is touching creation, Experience Loveis Journey in **Magister Regis Studies In Honor Of Robert Earl Kaske** .
