Carolina Bruce Orr,2011-09-20 Berkeley County just like its sister county of Charleston is steeped in history and rich in legend and lore With Native American beginnings and later infused with colonial and Gullah cultures Berkeley has seen many people come to reside And with each of these diverse cultures came the eerie tales of ghosts ghouls and goblins Now for the first time Berkeley County ghost stories have been collected in a single volume bound to frighten and chill even the bravest of readers Join local author and investigator Bruce Orr as he recounts the spine tingling stories behind these apparitions including the spirits of early colonists that still linger in the pines the feared Cymbee water spirits of the Gullah culture and the dreaded Cherokee witch Spear Finger who craves the livers of unsuspecting victims *History of the Town of Milford,*

Subject Cataloging Division,Library of Congress. Office for Subject Cataloging Policy,2013 **Legends and Lore of South Carolina** Sherman Carmichael,2012-07-31 This new collection of eighty strange and unusual South Carolina legends is rooted in the state s deep history Some originated centuries ago such as the Agnes of Glasgow story in Camden and that of the ghostly dwarf jester Gauche said to haunt a Beaufort mansion Certain places hold secrets from different eras including White Wolf Road in Blacksburg and the state s numerous historic cemeteries like the one at Salem Black River Church in Mayesville These pages also contain simple explanations for local lore like the Gullah tradition behind blue bottle trees that still decorate Carolina gardens today These and many more crowd pleasing yarns can be found in this volume from the desk of master storyteller author and researcher Sherman Carmichael *History of Penobscot County, Maine* ,1882 *On the Rim of the Caribbean* Paul M.

Pressly,2013-03-01 How did colonial Georgia an economic backwater in its early days make its way into the burgeoning Caribbean and Atlantic economies where trade spilled over national boundaries merchants operated in multiple markets and the transport of enslaved Africans bound together four continents In *On the Rim of the Caribbean* Paul M Pressly interprets Georgia s place in the Atlantic world in light of recent work in transnational and economic history He considers how a tiny

elite of newly arrived merchants adapting to local culture but loyal to a larger vision of the British empire led the colony into overseas trade From this perspective Pressly examines the ways in which Georgia came to share many of the characteristics of the sugar islands how Savannah developed as a Caribbean town the dynamics of an emerging slave market and the role of merchant planters as leaders in forging a highly adaptive economic culture open to innovation The colony's rapid growth holds a larger story how a frontier where Carolinians played so large a role earned its own distinctive character Georgia's slowness in responding to the revolutionary movement Pressly maintains had a larger context During the colonial era the lowcountry remained oriented to the West Indies and Atlantic and failed to develop close ties to the North American mainland as had South Carolina He suggests that the American Revolution initiated the process of bringing the lowcountry into the orbit of the mainland a process that would extend well beyond the Revolution

Dogs Brandi Bethke, Amanda Burt, 2024-04-02 While previous studies of dogs in human history have focused on how people have changed the species through domestication this volume offers a rich archaeological portrait of the human canine bond Contributors investigate the ways people have viewed and valued dogs in different cultures around the world and across the ages

Medway Virginia Christian Beach, 1999 Situated on the Back River a tributary of South Carolina's historic Cooper River Medway Plantation remains much as it was three centuries ago Through photographs interviews letters plantation records and diaries this book offers a rare and intimate look at life on a private plantation The one voice that permeates Medway's story more than any other is that of Gertrude Sanford Legendre Her attachment to the land and animals and her passion for improving society have been the most powerful force behind Medway's preservation culminating in her 1991 donation of permanent conservation easements on the plantation a final act of stability in a century of precipitous change

Hunting and Fishing in the New South Scott E. Giltner, 2008-12-01 This innovative study re-examines the dynamics of race relations in the post Civil War South from an altogether fresh perspective field sports In the late nineteenth and early twentieth centuries wealthy white men from Southern cities and the industrial North traveled to the hunting and fishing lodges of the old Confederacy escaping from the office to socialize among like minded peers These sportsmen depended on local black guides who knew the land and fishing holes and could ensure a successful outing For whites the ability to hunt and fish freely and employ black laborers became a conspicuous display of their wealth and social standing But hunting and fishing had been a way of life for all Southerners blacks included since colonial times After the war African Americans used their mastery of these sports to enter into market activities normally denied people of color thereby becoming more economically independent from their white employers Whites came to view black participation in hunting and fishing as a serious threat to the South's labor system Scott E Giltner shows how African American freedom developed in this racially tense environment how blacks sense of competence and authority flourished in a Jim Crow setting Giltner's thorough research using slave narratives sportsmen's recollections records of fish and game clubs and sporting periodicals offers a unique perspective on the African American

struggle for independence from the end of the Civil War to the 1920s Maine, Resources, Attractions, and Its People
Harrie Badger Coe, 1928 *A Guidebook to South Carolina Historical Markers*, 2021-02-19 The South Carolina Historical
Marker Program established in 1936 has approved the installation of more than 1 700 interpretive plaques each highlighting
how places both grand and unassuming have played important roles in the history of the Palmetto State These roadside
markers identify and interpret places valuable for understanding South Carolina s past including sites of consequential
events and buildings structures or other resources significant for their design or their association with institutions or
individuals prominent in local state or national history This volume includes a concise history of the South Carolina Historical
Marker Program and an overview of the marker application process For those interested in specific historic periods or
themes the volume features condensed lists of markers associated with broader topics such as the American Revolution
African American history women s history the Civil War and Reconstruction While the program is administered by the South
Carolina Department of Archives and History most markers are proposed by local organizations that serve as a marker s
official sponsor paying its cost and assuming responsibility for its upkeep In that sense this inventory is a record not just of
places and subjects that the state has deemed worthy of acknowledgment but of those that South Carolinians themselves
have worked to enshrine
