Eudora Welty and Politics Harriet Pollack, Suzanne Marrs, 2001-03-01 This collection of complementary and interrelated essays by ten well known Welty critics brings welcome clarification to the controversial subject of Eudora Welty and the political a topic once presumed to be closed tight As the essays prove Welty has been inaccurately assessed by critics from Diana Trilling in the Nation 1943 to Claudia Roth Pierpont in the New Yorker 1998 as a writer who avoids political historical or cultural engagement in her fiction The better question these essayists explore is not whether but how Welty's work is to be understood as political Harriet Pollack Suzanne Marrs Peggy Prenshaw Noel Polk Suzan Harrison Ann Romines Rebecca Mark Barbara Ladd Sharon Baris and Dani le Pitavy Souques place Welty's seeming rejection of the political in her 1961 essay Must the Novelist Crusade into the cultural and historical context of 1940 1960 when individualism was a code word for political and personal freedom and was defined in contrast to totalitarianism as represented by Mussolini Hitler and Stalin Welty they show though she repudiated the concept of fiction as editorial wrote stories that were inherently and unavoidably political The essayists look closely at how surprisingly often Welty's fiction criticism and photographs are oblique responses to public political issues political corruption racial apartheid poverty McCarthyism and the Rosenberg trials violent resistance to the civil rights movement integration of schools and filial piety and southern reverence for identities of the cultural past The deceptive opposition of the terms private and political may be most at fault for misreading Welty As the only living author to be reedited by the Library of America Eudora Welty deserves a sound appreciation of her complex oeuvre *Eudora Welty and Politics* provides just that approaching Welty's work from an all new point of view to reveal how the writer repeatedly registered a political vision in her work

Remembering Medgar Evers Minrose Gwin, 2013-02-25

As the first NAACP field secretary for Mississippi Medgar Wiley Evers put his life on the line to investigate racial crimes including Emmett Till's murder and to organize boycotts and voter registration drives. On June 12, 1963, he was shot in the back by white supremacist Byron De La Beckwith as the civil rights leader unloaded a stack of Jim Crow Must Go T-shirts in his own driveway. His was the first assassination of a high-ranking public figure in the civil rights movement. While Evers's death ushered in a decade of political assassinations and ignited a powder keg of racial unrest nationwide, his life of service and courage has largely been consigned to the periphery of U.S. and civil rights history. In her compelling study of collective memory and artistic production *Remembering Medgar Evers*, Minrose Gwin engages the powerful body of work that has emerged in response to Evers's life and death: fiction, poetry, memoir, drama, and songs from James Baldwin, Margaret Walker, Eudora Welty, Lucille Clifton, Bob Dylan, and Willie Morris, among others. Gwin examines local news accounts about Evers, 1960s gospel and protest music, as well as contemporary hip-hop, the haunting poems of Frank X Walker, and contemporary fiction such as *The Help* and Gwin's own novel *The Queen of Palmyra*. In this study, Evers springs to life as a leader of plural singularity who modeled for southern African Americans a new form of cultural identity that both drew from the past and broke from it, to quote Gwendolyn Brooks: "He leaned across tomorrow. Fifty years after his untimely death, Evers still casts a long shadow." In her examination of the body of work he has inspired, Gwin probes wide-ranging questions about collective memory and art as instruments of social justice. *Remembered*, Evers's life's legacy, pivots to the future she writes, linking us to other human rights struggles, both local and global. Mary Carol Miller, 2007. **A Daring Life**. Carolyn J. Brown, 2012-07-18. Mississippi author Eudora Welty, the first living writer to be published in the Library of America series, mentored many of today's greatest fiction writers and is a fascinating woman having lived the majority of the twentieth century (1909-2001). Her life reflects a century of change and is closely entwined with many events that mark our recent history. This biography follows this twentieth-century path while telling Welty's story, beginning with her parents and their important influence on her reading and writing life. The chapters that follow focus on her education and her most important teachers, her life during the Depression and how her career just getting started is interrupted by World War II and how she shows independence and courage through her writing during the turbulent civil rights period of the 1950s and 1960s. After years of caregiving and the deaths of all her immediate family members, Welty persevered and won the Pulitzer Prize in 1973 for *The Optimist's Daughter*. Her popularity soared in the 1980s after she delivered the three William E. Massey Lectures to standing-room-only crowds at Harvard, and the lectures

were later published as *One Writer's Beginnings* and became a New York Times bestseller. This biography intends to introduce readers to one of the most significant women writers of the past century, a prolific author who transcends her Mississippi roots and has written short stories, novels, and nonfiction that will endure for all time. **The Burning House** Anders Walker, 2022-06-24. A startling and gripping reexamination of the Jim Crow era as seen through the eyes of some of the most important American writers. Walker has opened up a fresh way of thinking about the intellectual history of the South during the civil rights movement. Robert Greene, *The Nation*. In this dramatic reexamination of the Jim Crow South, Anders Walker demonstrates that racial segregation fostered not simply terror and violence but also diversity, one of our most celebrated ideals. He investigates how prominent intellectuals like Robert Penn Warren, James Baldwin, Eudora Welty, Ralph Ellison, Flannery O'Connor, and Zora Neale Hurston found pluralism in Jim Crow, a legal system that created two worlds, each with its own institutions, traditions, even cultures. The intellectuals discussed in this book all agreed that black culture was resilient, creative, and profound, brutally honest in its assessment of American history. By contrast, James Baldwin likened white culture to a burning house, a frightening place that endorsed racism and violence to maintain dominance. Why should black Americans exchange their experience for that of Southern whites, meanwhile saw themselves preserving a rich cultural landscape against the onslaught of mass culture and federal power, a project carried to the highest levels of American law by Supreme Court justice and Virginia native Lewis F. Powell Jr. Anders Walker shows how a generation of scholars and judges has misinterpreted Powell's definition of diversity in the landmark case *Regents v. Bakke*, forgetting its Southern origins and weakening it in the process. By resituating the decision in the context of Southern intellectual history, Walker places diversity on a new footing, independent of affirmative action but also free from the constraints currently placed on it by the Supreme Court. With great clarity and insight, he offers a new lens through which to understand the history of civil rights in the United States. **Southern Literature, Cold War Culture, and the Making of Modern America** Jordan J. Dominy, 2020-01-27. During the Cold War, national discourse strove for unity through patriotism and political moderation to face a common enemy. Some authors and intellectuals supported that narrative by casting America's complicated history with race and poverty as moral rather than merely political problems. *Southern Literature, Cold War Culture, and the Making of Modern America* examines southern literature and the culture within the United States from the period just before the Cold War through the civil rights movement to show how this literature won a significant place in Cold War culture and shaped the nation through the time of *Hillbilly Elegy*. Tackling cultural issues in the country through subtext and metaphor, the works of authors like William Faulkner, Lillian Smith, Robert Penn Warren, Eudora Welty, Ralph Ellison, Alice Walker, and Walker Percy redefined the South as much more than a geographical identity within an empire. The South has become a racially coded sociopolitical and cultural identity associated with white populist conservatism that breaks geographical boundaries and as it has in the past, continues to have a disproportionate influence on the nation's future and values. Robert Penn Warren's Circus Aesthetic

and the Southern Renaissance Patricia L. Bradley, 2004 Robert Penn Warren's *Circus Aesthetic and the Southern Renaissance* aligns Warren's work with that of other authors of the Southern Renaissance and examines intertextuality among them. Further, it establishes *The Circus in the Attic*, a short teachable Warren piece, as central to his canon. Finally, this book reveals the expressive role of the circus in southern history and culture in the first half of the twentieth century. **BOOK JACKET**

Tracing Southern Storytelling in Black and White Sarah Gilbreath Ford, 2014-10-15 Explores how both black and white southern writers such as Joel Chandler Harris, Charles Chesnutt, Zora Neale Hurston, William Faulkner, Eudora Welty, Ralph Ellison, Ellen Douglas, and Ernest Gaines have employed oral storytelling in literature. *Tracing Southern Storytelling in Black and White* is a study of the historical use of oral storytelling by southern writers in written works. In each chapter, Sarah Gilbreath Ford pairs a white and an African American writer to highlight points of confluence in black and white southern oral traditions. She argues that the connections between white and African American southern writers run deeper than critics have yet explored and she uses textual comparisons to examine the racial mixing of oral culture. On porches, in kitchens, and on the pages of their work, black and white southerners exchanged not just stories but strategies for telling stories. As a boy, Joel Chandler Harris listened to the stories of African American slaves and he devised a framework to turn the oral stories into written ones. Harris's use of the frame structure influenced how Charles Chesnutt recorded oral stories, but it led Alice Walker to complain that her heritage had been stolen. Mark Twain listened to African American storytellers as a child. His use of oral dialects then impacts how Ralph Ellison and William Faulkner employ oral storytelling and how Toni Morrison later writes in response to Faulkner. The interactions are not linear, not a chain of influence, but a network of interactions, borrowings, and revisions. Ford's pairings lead to new readings that reveal how the writers employ similar strategies in their narratives due in part to shared historical context. While Zora Neale Hurston and William Faulkner, for example, use oral storytelling in the 1930s to examine the fear of racial mixing, Ellen Douglas and Ernest Gaines use it in the 1970s to build bridges between the races. Exploring the cultural crossing that occurs in the use of oral storytelling, Ford offers a different view of this common strategy in southern narrative and a new perspective on how culture is shared.

Daily Rituals: Women at Work Mason Currey, 2019-03-05 More of Mason Currey's irresistible *Daily Rituals*, this time exploring the daily obstacles and rituals of women who are artists, painters, composers, sculptors, scientists, filmmakers, and performers. We see how these brilliant minds get to work, the choices they have to make, rebuffing convention, stealing or secreting away time from the pull of husbands, wives, children, obligations, in order to create their creations. From those who are the masters of their craft, Eudora Welty, Lynn Fontanne, Penelope Fitzgerald, Marie Curie, to those who were recognized in a burst of acclaim, Lorraine Hansberry, Zadie Smith, from Clara Schumann and Shirley Jackson, carving out small amounts of time from family life, to Isadora Duncan and Agnes Martin, rejecting the demands of domesticity, Currey shows us the large and small and abiding choices these women made and continue to make for their art.
