Englishness and Post-imperial Space Milton Sarkar, 2016-02-08 Englishness and Post imperial Space The Poetry of Philip Larkin and Ted Hughes probes into the English mindset immediately after the British withdrawal from the colonies and examines how the loss of power and global prestige affected contemporary poetry particularly that of Philip Larkin and Ted Hughes Frustration and disillusionment even anger characterised the era and many of the literary works the period produced Most writers became insular and were obsessed with the English elements in their writing The great international and cosmopolitan themes of Eliot for instance were replaced by those of narrow domestic importance It is in such a context this book argues that Larkin and Hughes returned to the old England most notably to the themes of gradually vanishing pristine landscape and national myths and legends to the archetypal English customs and conventions It examines their poetry mainly from the perspective of Englishness a burgeoning area of academic interest Intricately connected with the values emanating from England as a geographical and socio cultural space Englishness as a concept is intrinsic to the identity of a people who gradually became globally powerful The loss of empire dealt a severe blow to this sense of the self This book explores the dynamics of the representation of this sense of loss and the frustration it produced in the poems of Larkin and Hughes

Shamanic Elements in the Poetry of Ted Hughes Ewa Panecka, 2018-04-18 This study on religious experience in modern poetry features innovatory and accessible close readings of some of the most beloved authors of English verse In today s seemingly secular age religion still remains a highly

contested subject The selection of texts analysed here is representative of a wide spectrum of attitudes including a sharply critical refusal to acknowledge Christianity as the basis of civilization Some poets see national religion as a framework for cultural identity while others worship nature as the omnipotent Force of Life trying to create their own gods Rather than reducing poetry to a background for philosophical analysis or theological deliberation this book presents diverse modes of the poetic endeavor to capture and convey the divine The chapters provide a range of perspectives on individual experience rendered into poetry as a subtle relationship between faith perception and language The text will be of interest to anyone looking for new ways of reading poetry as a spiritual guest

A Reader's Guide to the Narrative and Lyric Poetry of Thomas Lovell Beddoes Rodney Edgecombe, 2015-10-05 Beddoes poses a peculiar problem for critics and scholars who wish to redress the marginal position that he occupies in the Romantic canon a problem seemingly unique to him and created in part by his misconception of his own strengths as a writer An extremely good poet who had things turned out differently might have functioned as a missing link between Keats and Tennyson he fatally divided his attention between verse and medicine a discipline that by his own admission made in the poem composed for Zo King served to wither his creative gift This fission of energy was bad enough but more damaging still was his misconception of metier for whatever mental resources remained to Beddoes after gruelling days in the classroom he invested in writing an unstageable drama instead of in his primary gift for lyric verse Whereas the Beddoes revival that has been gathering momentum in recent years has centred on Death's Jest Book the play onto which the poet directed some might say misdirected so much of his creative energy this study focuses wholly on

his lyric and narrative verse much of which has received short critical shrift It follows the sequence of poems set out in the Donner edition and focuses on their verbal richness and inventiveness as they unspool upon the page **Heal into time and other people** Dorothea Kupferschmidt-Neugeborn,1995 Contemporary Poets Tracy Chevalier,1991 Contains biographical entries a list of separately published books and an essay on each poet
