On Nietzsche:

On Nietzsche Georges Bataille,2015-09-23 A poetic philosophical and political account of Nietzsche s importance to Bataille and of Bataille s experience in Nazi occupied France Georges Bataille wrote On Nietzsche in the final months of the Nazi occupation of France in order to cleanse the German philosopher of the stain of Nazism More than merely a treatise on Nietzsche the book is as much a work of ethics in which thought is put to the test of experience and experience pushed to its limits At once personal and political it was written as an act of war its publication contingent upon the German retreat The result is a poetic and philosophical and occasionally harrowing record of life during wartime Following Inner Experience and Guilty On Nietzsche is the third volume of Bataille s Summa Atheologica Haunted by the recognition that existence cannot be at once autonomous and viable herein the author yearns for community from the depths of personal isolation and transforms Nietzsche s will to power into his own will to chance This new translation includes Memorandum a selection of 280 passages from Nietzsche s works edited and introduced by Bataille Originally published separately Bataille planned to include the text in future editions of On Nietzsche This edition also features the full notes and annotations from the French edition of Bataille s Oeuvres Compl tes as well as an incisive introductory essay by Stuart Kendall that situates the work historically biographically and philosophically **Leo Strauss on Nietzsche's Thus Spoke Zarathustra** Leo Strauss,2022-12-22 Although Leo Strauss published little on Nietzsche his lectures and correspondence demonstrate a deep critical engagement with Nietzsche s thought One of the richest contributions is a seminar on Nietzsche s Thus Spoke Zarathustra taught in 1959 during Strauss s tenure at the University of Chicago In the lectures Strauss draws important parallels between Nietzsche s most important project and his own ongoing efforts to restore classical political philosophy With Leo Strauss on Nietzsche s Thus Spoke Zarathustra eminent Strauss scholar Richard L Velkley presents Strauss s lectures on Zarathustra with superb annotations that bring context and clarity to the critical role played by Nietzsche in shaping Strauss s thought In addition to the broad relationship between Nietzsche and political philosophy Strauss adeptly guides readers through Heidegger s confrontations with Nietzsche laying out Heidegger s critique of Nietzsche s will to power while also showing how Heidegger can be read as a foil for his own reading of Nietzsche The lectures also shed light on the relationship between Heidegger and Strauss as both philosophers saw Nietzsche as a central figure for understanding the crisis of philosophy and Western civilization Strauss s reading of Nietzsche is one of the important yet little appreciated philosophical inquiries of the past century both an original interpretation of Nietzsche s thought and a deep engagement with the core problems that modernity posed for political philosophy It will be welcomed by anyone interested in the work of either philosopher *Jung's Seminar on Nietzsche's Zarathustra* James L. Jarrett,2020-06-16 Nietzsche s infamous work Thus Spake Zarathustra is filled with a strange sense of religiosity that seems to run counter to the philosopher s usual polemics against religious faith For some scholars this book marks little but a mental decline in the great philosopher for C G Jung Zarathustra was an invaluable

demonstration of the unconscious at work one that illuminated both Nietzsche s psychology and spirituality and that of the modern world in general The original two volume edition of Jung s lively seminar on Nietzsche s Zarathustra has been an important source for specialists in depth psychology This new abridged paperback edition allows interested readers to participate with Jung as he probes the underlying meaning of Nietzsche s great work *Agonal Perspectives on Nietzsche's Philosophy of Critical Transvaluation* Herman W. Siemens,2021-11-08 Nietzsche s strengths as a critic are widely acknowledged but his peculiar style of critique is usually ignored as rhetoric or dismissed as violent or simply incoherent In this book Nietzsche s concept of the agon or Wettkampf a measured and productive form of conflict inspired by ancient Greek culture is advanced as the dynamic and organising principle of his philosophical practice enabling us to make sense of his critical confrontations and the much disputed concept of transvaluation or Umwertung Agonal perspectives are cast on number of key problems in his thought across a broad range of texts Topics and problems treated include critical history and the need for a limit in the negation of the past Nietzsche contra Socrates and the problem of closure Nietzsche contra humanism and the problem of humanity Nietzsche contra Kant on genius and legislation the problem of self legislation in relation to life and temporality Nietzsche s sense of community in its articulation with law and the normativity of taste ressentiment and the question of therapy in Nietzsche and Freud and the problem of total affirmation in relation to critique These studies have a broad appeal from MA level to advanced Nietzsche research Nietzsche, Genealogy, Morality Richard Schacht,2023-04-28 Written at the height of the philosopher s intellectual powers Friedrich Nietzsche s On the Genealogy of Morals has become one of the key texts of recent Western philosophy Its essayistic style affords a unique opportunity to observe many of Nietzsche s persisting concerns coming together in an illuminating constellation A profound influence on psychoanalysis antihistoricism and poststructuralism and an abiding challenge to ethical theory Nietzsche s book addresses many of the major philosophical problems and possibilities of modernity In this unique collection focusing on the Genealogy twenty five notable philosophers offer diverse discussions of the book s central themes and concepts They explore such notions as ressentiment asceticism slave and master moralities and what Nietzsche calls genealogy and its relation to other forms of inquiry in his work The book presents a cross section of contemporary Nietzsche scholarship and philosophical investigation that is certain to interest philosophers intellectual and cultural historians and anyone concerned with one of the master thinkers of the modern age This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1994 Written at the height of the philosopher s intellectual powers Friedrich Nietzsche s On the Genealogy of Morals has become one of the key texts of recent Western philosophy Its essayistic style affords a unique opportunity to observe many of Niet *Nietzsche* Richard

The Complete Works of Friedrich Nietzsche: On the future of our educational institutions; Homer and classical philology; tr. by J.M. Kennedy. 1909 Friedrich Wilhelm Nietzsche,1909 The Complete Works of Friedrich Nietzsche Friedrich Wilhelm Nietzsche,1909 **Nietzsche's On the Genealogy of Morals** Christa Davis Acampora,2006-09-08 In this astonishingly rich volume experts in ethics epistemology philosophy of mind political theory aesthetics history critical theory and hermeneutics bring to light the best philosophical scholarship on what is arguably Nietzsche s most rewarding but most challengin The Flesh of Being David Ross,2008-12-18 The text is a conversation between the author and himself mediated by the text of Friedrich Nietzsche s Thus Spoke Zarathustra The text is a pre text a reading both before and after that frames the art work What is that Let us say in the spirit of inquiry that of knowing thyself What then of this strange hyphenation The present text is a pre text because it is before the Text the text which the author is always writing but which manifests itself in sporadic impulsive bursts in the form of actual works The book is the pre text because it is an excuse a rationale a piece of pretension The book is not about Nietzsche but what it is for someone to read Nietzsche s text a book for everyone and no one How then does one read a book meant for oneself if oneself is everyone and not at all for oneself if oneself is none Or is it that the real task of reading is for the reader to read what reading is Then again need one distinguish between book and text Perhaps it is impossible to read a book such as Thus Spoke Zarathustra without invoking the text or even sub text that continually slips away If one can read a book one cannot the text for this reason the text is what the reader has to write through the reading This has been my experience with Nietzsche s text an experience I share with my readers The very possibility of reading invokes the need to re write the text Only in the space between reading and writing can the reader re writer hope to stand and understand the discursive grounds Is that the play which this couplet performs There does not the reader enters upon the playground Read then and play The author s thanks go to Mr Andrew Fuyarchuk for the fine editing job that he did His contribution allowed further clarifications of the argument
