Philip Alston John Norton Pomeroy Professor NYU Law School Thus far the burgeoning literature on the judicial enforcement of socio economic rights has failed to engage in a sustained systemic manner with this topic from the perspective of children and the complexity of their status as citizens within contemporary democracies This book fills this gap and makes a major contribution to the literature in the three interrelated areas of the judicial review of socio economic rights claims children s rights and democratic theory Nolan navigates skilfully through the dense but rich literature in these areas as well as relevant international and comparative law In so doing she illuminates both the pitfalls and potential of resorting to courts in a partial response to the multifaceted and deeply entrenched global phenomenon of child poverty Professor Sandra Liebenberg HF Oppenheimer Professor of Human Rights Law University of Stellenbosch Law Faculty Winner of the Kevin Boyle Book Prize 2012 awarded by the Irish Association of Law Teachers to a book that is deemed to have made an outstanding contribution to the understanding of law **Choice** ,1975 New York Times Saturday Review of Books and Art ,1952 **Medicina intensiva.
