Privy Council,1878      Said and Rubiyah - A Tale of War, Ambition & Love in Javanese History A.N. Satrio,2023-04-04 This is the epic story of a man who defied all odds and rose to become the founder of the mighty Mangkunegaran dynasty a kingdom whose power rivaled that of the largest kingdoms in all of Java Raden Mas Said was a boy born into political intrigue as an outcast in the Palace of Kartosuro in 1728 But he was not one to be held down by his circumstances With the unwavering support of his grandmother and uncle he fought to carry on his father s legacy and prove to the world that he was destined for greatness However greatness would not come easily With his small force of army Said had to face three archenemies at once the powerful kingdoms of Yogyakarta and Surakarta as well as the formidable Dutch trading company VOC With each victory his might more undeniable that his enemy named him pangeran samber nyawa the prince of soul snatcher And then there was the matter of Rubiyah the wife who held the light to Said s path to become the king of Java Their union was anything but simple Twisted between lust and political interests he made her entangled in a battle for his love and attention where she had to go against the Javanese woman expected to be This historical novel draws on the transcription of the Babad Lelampahan written by Raden Mas Said as well as the insights of influential Javanese historians to vividly bring to life the epic story of this legendary figure      Cabala, Sive Scrinia Sacra: Mysteries of State and Government, in Letters of Illustrious Persons, and Great Ministers of State, as Well Foreign as Domestick in the Reigns of King Henry the Eighth, Queen Elizabeth ... On the Trail of the Yellow Tiger Kenneth Swope, 2018-01-01 The Manchu Qing victory over the Chinese Ming Dynasty in the mid seventeenth century was one of the most surprising and traumatic developments in China's long history In the last year of the Ming the southwest region of China became the base of operations for the notorious leader Zhang Xianzhong 1605-47 a peasant rebel known as the Yellow Tiger Zhang's systematic reign of terror allegedly resulted in the deaths of at least one sixth of the population of the entire Sichuan province in just two years The rich surviving source record however indicates that much of the destruction took place well after Zhang's death in 1647 and can be attributed to independent warlords marauding bandits the various Ming and Qing armies vying for control of the empire and natural disasters On the Trail of the Yellow Tiger is the first Western study to examine in detail the aftermath of the Qing conquest by focusing on the social and demographic effects of the Ming Qing transition By integrating the modern techniques of trauma and memory studies into the military and social history of the transition Kenneth M Swope adds a crucial piece to the broader puzzle of dynastic collapse and reconstruction He also considers the Ming Qing transition in light of contemporary conflicts around the globe offering a comparative military history that engages with the universal connections between war and society
