Regime Politics Governing Atlanta 1946 1988

Christopher Silver, John V. Moeser

Regime Politics Governing Atlanta 1946 1988:

Regime Politics Clarence Nathan Stone, 1989 From the end of Georgia's white primary in 1946 to the present Atlanta has been a community of growing black electoral strength and stable white economic power Yet the ballot box and investment money never became opposing weapons in a battle for domination Instead Atlanta experienced the emergence and evolution of a biracial coalition Although beset by changing conditions and significant cost pressures this coalition has remained intact At critical junctures forces of cooperation overcame antagonisms of race and ideology While retaining a critical distance from rational choice theory author Clarence Stone finds the problem of collective action to be centrally important The urban condition in America is one of weak and diffuse authority and this situation favors any group that can act cohesively and control a substantial body of resources Those endowed with a capacity to promote cooperation can attract allies and overcome oppositional forces On the negative side of the political ledger Atlanta's style of civic cooperation is achieved at a cost Despite an ambitious program of physical redevelopment the city is second only to Newark New Jersey in the poverty rate Social problems conflict of interest issues and inattention to the production potential of a large lower class bespeak a regime unable to address a wide range of human needs No simple matter of elite domination it is a matter of governing arrangements built out of selective incentives and inside deal making such arrangements can serve only limited purposes The capacity of urban regimes to bring about elaborate forms of physical redevelopment should not blind us to their incapacity to address deeply rooted social problems Stone takes the historical approach seriously The flow of events enables us to see how some groups deploy their resource advantages to fashion governing arrangements to their liking But no one enjoys a completely free hand some arrangements are more workable than others Stone's theory minded analysis of key events enables us to ask why and what else might be done Regime Politics offers readers a political history of postwar Atlanta and an elegant innovative and incisive conceptual framework destined to influence the way urban politics is studied

Mayors in the Middle Jeffrey R. Henig, Wilbur C. Rich, 2004 Desperate to jump start the reform process in America's urban schools politicians scholars and school advocates are looking increasingly to mayors for leadership But does a stronger mayoral role represent bold institutional change with real potential to improve big city schools or just the latest in the copycat world of school reform du jour Is it democratic Why have efforts to put mayors in charge so often generated resistance along racial dividing lines Public debate and scholarly analysis have shied away from confronting such issues head on Mayors in the Middle brings together for students of education policy and urban politics as well as scholars and school advocates the most thoughtful and original analyses of the promise and limitations of mayoral takeovers of schools Reflecting on the experience of six cities Baltimore Boston Chicago Detroit Cleveland and Washington D C ten of the nation's leading experts on education politics tackle the question of whether putting mayors in charge is a step in the right direction Through the case studies and the wide ranging essays that follow and build upon them the contributors Stefanie Chambers Jeffrey R

Henig Kenneth J Meier Jeffrey Mirel Marion Orr John Portz Wilbur C Rich Dorothy Shipps and Clarence N Stone begin the process of answering questions critical to the future of inner city children the prospects for urban revitalization and the shape of American education in the years to come Regime Politics Clarence Nathan Stone,1989 From the end of Georgia's white primary in 1946 to the present Atlanta has been a community of growing black electoral strength and stable white economic power Yet the ballot box and investment money never became opposing weapons in a battle for domination Instead Atlanta experienced the emergence and evolution of a biracial coalition Although beset by changing conditions and significant cost pressures this coalition has remained intact At critical junctures forces of cooperation overcame antagonisms of race and ideology While retaining a critical distance from rational choice theory author Clarence Stone finds the problem of collective action to be centrally important The urban condition in America is one of weak and diffuse authority and this situation favors any group that can act cohesively and control a substantial body of resources Those endowed with a capacity to promote cooperation can attract allies and overcome oppositional forces On the negative side of the political ledger Atlanta's style of civic cooperation is achieved at a cost Despite an ambitious program of physical redevelopment the city is second only to Newark New Jersey in the poverty rate Social problems conflict of interest issues and inattention to the production potential of a large lower class bespeak a regime unable to address a wide range of human needs No simple matter of elite domination it is a matter of governing arrangements built out of selective incentives and inside deal making such arrangements can serve only limited purposes The capacity of urban regimes to bring about elaborate forms of physical redevelopment should not blind us to their incapacity to address deeply rooted social problems Stone takes the historical approach seriously The flow of events enables us to see how some groups deploy their resource advantages to fashion governing arrangements to their liking But no one enjoys a completely free hand some arrangements are more workable than others Stone's theory minded analysis of key events enables us to ask why and what else might be done Regime Politics offers readers a political history of postwar Atlanta and an elegant innovative and incisive conceptual framework destined to influence the way urban politics is studied **State and Local Politics** David Berman,1999-09-28 Politics at the state and local level has never been more interesting than in our devolutionary age This popular text is the most concise readable and current introduction to the field Now in its ninth edition the book keeps its focus on the varied and changing political and economic environments in which state and local governments function and their strengths and weaknesses in key areas of public policy The text is enlivened by boxed sections that relate individual experiences or highlight particular issues and developments Topics covered in this edition include the drive toward devolution in the federal system taxation and budgeting the death penalty tort reform and changing approaches to welfare education land use and waste management **Workers on Arrival** Joe William Trotter,2021-01-19 An eloquent and essential correction to contemporary discussions of the American working class The Nation From the ongoing issues of poverty health housing and employment to the recent upsurge of lethal

police community relations the black working class stands at the center of perceptions of social and racial conflict today Journalists and public policy analysts often discuss the black poor as consumers rather than producers as takers rather than givers and as liabilities instead of assets In his engrossing history *Workers on Arrival* Joe William Trotter Jr refutes these perceptions by charting the black working class's vast contributions to the making of America Covering the last four hundred years since Africans were first brought to Virginia in 1619 Trotter traces the complicated journey of black workers from the transatlantic slave trade to the demise of the industrial order in the twenty first century At the center of this compelling fast paced narrative are the actual experiences of these African American men and women A dynamic and vital history of remarkable contributions despite repeated setbacks *Workers on Arrival* expands our understanding of America's economic and industrial growth its cities ideas and institutions and the real challenges confronting black urban communities today

Community, Culture, and Economic Development, Second Edition Meredith Ramsay, 2013-12-01 Newly updated comparative study of economic development policy and its relationship with local power structures and cultural and social relations in two Maryland towns Community economic development is conventionally explained using one of two models a market model that assumes individuals always attempt to maximize their wealth or a growth model that assumes land use is controlled by real estate developers who invariably pursue outside investment as a way of increasing land values and creating jobs and opportunities In the first edition of *Community Culture and Economic Development* Meredith Ramsay's close study of two small towns on Maryland's Lower Shore demonstrated that neither model can explain why these communities alike in so many ways responded so differently to economic decline or why archaic hierarchies of race class and gender remain deeply embedded and poverty seems nearly intractable Ramsay showed how the lack of economic progress in Somerset Maryland's poorest county can best be explained by factoring history culture and social relations into the investigator's research In this second edition she discusses changes that have taken place in the county since the early 1990s including the dramatic legal victory of the Somerset Six and the Maryland ACLU which ultimately paved the way for the election of an African American to a top county position for the first time in history Praise for the First Edition This is a fascinating and sophisticated account of rural politics that is much more than anecdotal The book is unique in applying theories developed in the study of urban policy market growth machine regime to the politics of rural places The analysis rings true it is both theoretically interesting and factually revealing It may be the best account of small town politics since the classic *Small Town in Mass Society* Alvin D Sokolow University of California Davis On rare occasions a book has such depth of insight and freshness of presentation that it breaks down conventional distinctions among facts values and theory Meredith Ramsay's account of two rural communities is such a study It incorporates all three in a seamless account This is a book about everyday people engaged in real struggles and it never loses sight of the context in which they operate Ramsay makes social and historical embeddedness come alive and inform in a way that few authors can Clarence Stone University of

Maryland American Urban Politics in a Global Age Paul Kantor, Dennis R. Judd, 2015-10-05 Bringing together a selection of readings that represent some of the most important trends and topics in urban scholarship today *American Urban Politics* provides historical context and contemporary commentaries on the economy politics culture and identity of American cities This seventh edition examines the ability of highly autonomous local governments to grapple with the serious challenges of recent years challenges such as the stresses of the lingering economic crisis and a series of recent natural disasters Features Each chapter is introduced by an editor's essay that places the readings into context and highlights their central ideas and findings Division into three historical periods emphasizes both the changes and continuities in American urban politics over time The reader is the perfect complement for Judd Swannstrom's *City Politics The Political Economy of Urban America* 7 e also available in a new edition ISBN 0 205 03246 X Politics in Georgia Arnold Fleischmann, Carol Pierannunzi, 2010-01-25 In keeping with the state's major demographic upheavals of recent decades Georgia politics is an interesting and sometimes volatile mix of tradition and change In contrast to the state's rural past most Georgians now live in cities or suburbs and more than 40 percent of the population was born outside the state However religion and race remain issues that politicians ignore at great peril and the state still fares poorly in measures of poverty education and voter turnout *Politics in Georgia* uses a comparative framework to examine four major topics the foundations of contemporary Georgia politics political participation major political institutions and selected public policies Material new to this edition includes analysis of 2006 state elections coverage of trends and events since the book first appeared in 1997 an examination of the Republican Party's rise in Georgia an entirely new chapter on public opinion significantly expanded treatment of public policy on such issues as the environment social welfare education transportation economic development and public safety discussions of major federal court cases that deal with Georgia and that have set important precedents for the nation Throughout *Politics in Georgia* compares the state with the federal government and the other forty nine states as well as with earlier periods of Georgia's political development The result is a thorough up to date resource on Georgia's dynamic political system Gay Politics, Urban Politics Robert C. Bailey, 1999-01-05 Drawing from surveys of political attitudes and voting patterns among gays lesbians and bisexuals Bailey's study is a revealing window into how sexual identity has fostered political alliances The book investigates mayoral voting patterns in America's three largest cities New York Los Angeles and Chicago The New South, 1945-1980 Numan V. Bartley, 1995 First published in 1955 to wide acclaim T. Harry Williams P. G. T. Beauregard is universally regarded as the first authoritative portrait of the Confederacy's always dramatic often perplexing general Chicago Tribune Chivalric arrogant and of exotic Creole Louisiana origin Beauregard participated in every phase of the Civil War from its beginning to its end He rigidly adhered to principles of war derived from his studies of Jomini and Napoleon and yet many of his battle plans were rejected by his superiors who regarded him as excitable unreliable and contentious After the war Beauregard was almost the only prominent Confederate general who adapted successfully to the New South running

railroads and later supervising the notorious Louisiana Lottery This paradox of a man who fought gallantly to defend the Old South and then helped industrialize it is the fascinating subject of Williams superb biography **African-American Mayors** David R. Colburn, Jeffrey S. Adler, 2001 On November 7 1967 the voters of Cleveland Ohio and Gary Indiana elected the nation's first African American mayors to govern their cities Ten years later more than two hundred black mayors held office and by 1993 sixty seven major urban centers most with majority white populations were headed by African Americans Once in office African American mayors faced vexing challenges In large and small cities from the Sunbelt to the Rustbelt black mayors assumed office during economic downturns and confronted the intractable problems of decaying inner cities white flight a dwindling tax base violent crime and diminishing federal support for social programs Many encountered hostility from their own parties city councils and police departments others worked against long established power structures dominated by local business owners or politicians Still others while trying to respond to multiple demands from a diverse constituency were viewed as traitors by blacks expecting special attention from a leader of their own race All struggled with the contradictory mandate of meeting the increasing needs of poor inner city residents while keeping white businesses from fleeing to the suburbs This is the first comprehensive treatment of the complex phenomenon of African American mayors in the nation's major urban centers Offering a diverse portrait of leadership conflict and almost insurmountable obstacles this volume assesses the political alliances that brought black mayors to office as well as their accomplishments notably increased minority hiring and funding for minority businesses and the challenges that marked their careers Mayors profiled include Carl B Stokes Cleveland Richard G Hatcher Gary Dutch Morial New Orleans Harold Washington Chicago Tom Bradley Los Angeles Marion Barry Washington D C David Dinkins New York City Coleman Young Detroit and a succession of black mayors in Atlanta Maynard Jackson Andrew Young and Bill Campbell Probing the elusive economic dimension of black power African American Mayors demonstrates how the same circumstances that set the stage for the victories of black mayors exaggerated the obstacles they faced *The Separate City* Christopher Silver, John V. Moeser, 2014-07-15 A ground breaking collaborative study merging perspectives from history political science and urban planning The Separate City is a trenchant analysis of the development of the African American community in the urban South While similar in some respects to the racially defined ghettos of the North the districts in which southern blacks lived from the pre World War II era to the mid 1960s differed markedly from those of their northern counterparts The African American community in the South was and to some extent still is a physically expansive distinct and socially heterogeneous zone within the larger metropolis It found itself functioning both politically and economically as a separate city a city set apart from its predominantly white counterpart Within the separate city itself internal conflicts reflected a structural divide between an empowered black middle class and a larger group comprising the working class and the disadvantaged Even with these conflicts the South's new black leadership gained political control in many cities but it could not overcome the economic forces shaping the metropolis The

persistence of a separate city admitted to the profound ineffectiveness of decades of struggle to eliminate the racial barriers with which southern urban leaders indeed all urban America continue to grapple today **Cities, Politics, and Policy** John P. Pelissero, 2002-10-01 Just because Milwaukee isn't Manhattan doesn't mean that those urban centers face completely unique challenges Through effective comparative analysis of key issues in urban studies how city managers share power with mayors how spending policies affect economic development and how school politics impact education policy students can clearly see how scholars discern patterns and formulate conclusions to offer theoretical and practical insights from which all cities can benefit Pelissero brings together an impressive team of contributors to explore variation among cities through case studies and cross sectional analyses Each author synthesizes the field's seminal literature while explaining how urban leaders and their constituents grapple with everything from city council politics to conflict and cooperation among minority groups Authors identify both key trends and gaps in the scholarship and help set the research agenda for the years to come Lively case material will hook your students while the accessible presentation of empirical evidence make this reader the comprehensive and sophisticated text you demand **The Political Economy of the Living Wage: A Study of Four Cities** Oren M. Levin-Waldman, 2016-07-22 This book examines the movement for living wages at the local level and what it tells us about urban politics Oren M Levin Waldman studies the role that living wage campaigns may have had in recent years in altering the political landscape in four cities where they have been adopted Los Angeles Detroit Baltimore and New Orleans It is the author's belief that the living wage movements are a result of policy failure at the local level They are the by product of the failure to adequately address the changes that were occurring mainly the changing urban economic base and growing income inequality The author undertakes a scholarly analysis of the issue through the disciplinary lenses of political science while also employing some of the economists tools Problems and Methods in the Study of Politics Ian Shapiro, Rogers M. Smith, Tarek E. Masoud, 2004-09-09 The study of politics seems endlessly beset by debates about method At the core of these debates is a single unifying concern should political scientists view themselves primarily as scientists developing ever more sophisticated tools and studying only those phenomena to which such tools may fruitfully be applied Or should they instead try to illuminate the large complicated untidy problems thrown up in the world even if the chance to offer definitive explanations is low Is there necessarily a tension between these two endeavours Are some domains of political inquiry more amenable to the building up of reliable scientific knowledge than others and if so how should we deploy our efforts In this book some of the world's most prominent students of politics offer original discussions of these pressing questions eschewing narrow methodological diatribes to explore what political science is and how political scientists should aspire to do their work The Politics of Place Gregory J. Crowley, 2005-11-04 In urban America large scale redevelopment is a frequent news item Many proposals for such redevelopment are challenged sometimes successfully and other times to no avail The Politics of Place considers the reasons for these outcomes by examining five cases of contentious redevelopment in

Pittsburgh Pennsylvania between 1949 and 2000 In four of these cases the challengers to redevelopment failed to create the conditions necessary for strong democratic participation In the fifth case the proposed reconstruction of Pittsburgh s downtown retail district 1997 2000 challengers succeeded and Crowley describes the crucial role of independent nonprofit organizations in bringing about this result At the heart of Crowley s discussion are questions central to any urban redevelopment debate Who participates in urban redevelopment what motivates them to do so and what structures in the political process open or close a democratic dialogue among the stakeholders Through his astute analysis Crowley answers these questions and posits a framework through which to view future contention in urban redevelopment

The CQ Press Guide to Urban Politics and Policy in the United States Christine Kelleher Palus, Richardson Dilworth, 2016-02-11 The CQ Press Guide to Urban Politics and Policy in the United States will bring the CQ Press reference guide approach to topics in urban politics and policy in the United States If the old adage that all politics is local is even partially true then cities are important centers for political activity and for the delivery of public goods and services U S cities are diverse in terms of their political and economic development demographic makeup governance structures and public policies Yet there are some durable patterns across American cities too Despite differences in governance and or geographic size most cities face similar challenges in the management of public finances the administration of public safety and education And all U S cities have a similar legal status within the federal system This reference guide will help students understand how American cities from old to new have developed over time Part I how the various city governance structures allocate power across city officials and agencies Part II how civic and social forces interact with the organs of city government and organize to win control over these organs and or their policy outputs Part III and what patterns of public goods and services cities produce for their residents Part IV The thematic and narrative structure allows students to dip into a topic in urban politics for deeper historical and comparative context than would be possible in either an A to Z encyclopedia entry or in an urban studies course text

FEATURES Approximately 40 chapters organized in major thematic parts in one volume available in both print and electronic formats Front matter includes an Introduction by the Editors along with biographical backgrounds about the Editors and the Contributing Authors Back matter includes a compilation of relevant topical data or tabular presentation of major historical developments population growth size of city budgets etc or historical figures e g mayors a bibliographic essay and a detailed index Sidebars are provided throughout and chapters conclude with References Further Readings and Cross References to related chapters as links in the e version This Guide is a valuable reference on the topics in urban politics and policy in the United States The thematic and narrative structure allows researchers to dip into a topic in urban politics for a deeper historical and comparative context than would be possible in either an A to Z encyclopedia entry or in an urban studies course text

Understanding Urban Politics Timothy B. Krebs, Arnold Fleischmann, 2020-02-17 In *Understanding Urban Politics* Institutions Representation and Policies Timothy B Krebs and Arnold Fleischmann introduce a framework that

focuses on the role of institutions in establishing the political rules of the game the representativeness of city government the influence of participation in local democracy and how each of these features influences the adoption and implementation of public policies Part 1 lays the groundwork for the rest of the book by exploring the many meanings of urban analyzing what local governments do and providing a history of American urban development Part 2 examines the organizations and procedures that are central to urban politics and policy making intergovernmental relations local legislatures and the local executive branch Part 3 looks at elections and voting local campaigns and non voting forms of participation The four chapters in Part 4 focus on the policy process and the delivery of local services local government finances Building the City economic development land use and housing and policies affecting the quality of life public safety the environment morality issues and urban amenities Krebs and Fleischmann bolster students learning and skills with guiding questions at the start of each chapter which ends with key terms a summary discussion questions and research exercises The appendix and website aid these efforts as does a website for instructors

Subordination or Empowerment? Richard A. Keiser, 1997-09-18 Why have Blacks won political empowerment in some cities and in others remained subordinated or had their achievements rolled back Why do some cities have many Black leaders with multi racial appeal while other cities have none Subordination or Empowerment answers these questions through detailed historical examinations of the Black struggle for political power in Chicago Gary Philadelphia and Atlanta Keiser argues that electoral competition among White factions has created opportunities for Black leaders to win genuine political empowerment and avoid subordination When electoral competition among Whites does not exist Black votes lose their electoral leverage leading to the rise of extra electoral strategies Keiser's dynamic theory of leadership formation explains the current appeal of Black separatism and messianism at the local and national levels and the consequent rise of leaders such as Louis Farakhan and offers a rejoinder to Cornel West's critique of Black leadership in *Race Matters*

Power in the City Marion Orr, Valerie C. Johnson, 2008 A collection of thirteen essays considered classics in the field of urban politics from leading scholar Clarence Stone with new essays by the editors and by Stone himself that contextualize the impact of his previous works and suggest new directions for researchers

Regime Politics Governing Atlanta 1946 1988 Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Regime Politics Governing Atlanta 1946 1988 PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to

focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Regime Politics Governing Atlanta 1946 1988 PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Regime Politics Governing Atlanta 1946 1988 free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Regime Politics Governing Atlanta 1946 1988 Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Regime Politics Governing Atlanta 1946 1988 is one of the best book in our library for free trial. We provide copy of Regime Politics Governing Atlanta 1946 1988 in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Regime Politics Governing Atlanta 1946 1988. Where to download Regime Politics Governing Atlanta 1946 1988 online for free?
