## **Regionalism In Europe:**

**Drivers of Integration and Regionalism in Europe and Asia** Louis Brennan, Philomena Murray, 2015-05-22 This book examines the drivers of regionalism and integration in both Europe and Asia and seeks to forge comparative perspectives between the two regions Comprising contributions from scholars analysts and policymakers this volume explores and debates how and why regional bodies such as the European Union EU and the Association of Southeast Asian Nations ASEAN are formed and sustained Furthermore it examines the drivers of and impediments to regionalism and integration The debates regarding what and who constitute drivers are presented in a fresh thematic and comprehensive manner Leadership and core states are also critically examined whilst material ideational and normative factors are all assessed comparatively Significantly in light of the global financial crisis the book considers the role of crisis as a driver of regionalism and integration This book will be of interest to students scholars and policymakers interested in Asian and European politics and comparative politics

**Regions and Regionalism in Europe** Michael Keating, 2004 The last half century has seen the rise across Europe of a new intermediate level of government and politics usually referred to as a region However the term region means many different things and can be approached from many different angles geographical historical cultural social economic and political Although it is in Europe that regionalism as a multiform phenomenon has developed furthest the European experience resonates in other parts of the world where some of these elements also exist In this volume Michael Keating has selected some of the most significant previously published articles which provide a comprehensive overview of past and current thinking on this subject

**European Union and New Regionalism** Mario Telò, 2017-12-08 This title was first published in 2001 This is a collection of papers that look at the structure of the global economy and its changing paradigms over the years The contributors look at how the classic concept of state autonomous sovereign and freed of all constraint never really reflected the reality of the international scene despite the role it has played in realist and neo realist theory for many decades Instead they consider that the political social and economic characteristics originally attributed to states seem increasingly to be expressed through regional constructs The papers in this volume show that even within regionalism there are a variety of different models that exist and examine five of those models the European Union Mercosur Mercosur the North American Free Trade Area NAFTA the Association of South East Asian Nations ASEAN and the South African Development Community SADC

**The European Union and Europe's New Regionalism** Boyka M. Stefanova, 2017-10-24 This book presents a new approach to studying the European Union's regional and global relevance It recasts into a dynamic perspective the three most significant systemic processes that define the EU as a regionalist project its enlargement neighborhood and mega regional policies The book argues that these processes collectively demonstrate a dynamic shift of the core tenets of European regionalism from an inward looking process of region building to an open selective system of global interactions

**Regionalism in Europe** Jürgen von Hagen, Mika Widgren, 2012-12-06 Over the

past 40 years the European Union has been a great force of attraction for new members At the same time it has entered a host of bilateral and multilateral regional agreements with non member countries The result of these developments is a rather unique form of regionalism in Europe consisting of deep integration within the European Union and a network of sometimes overlapping arrangements involving the Union Regionalism in Europe Geometries and Strategies After 2000 brings together a collection of studies of the nature and the implications of this unique regionalism in Europe written by a group of renowned economists from various countries The issues discussed in this book range from theoretical and institutional aspects to empirical studies of the EU s regional policy the regional implications of European Monetary Union and empirical studies of the trade and welfare effects of regional arrangements between the EU and other countries

**Europe, Regions and European Regionalism** Roger Scully,Richard Wyn Jones,2010-10-13 Europe Regions and European Regionalism examines the political role of regions and regionalism within contemporary Europe Offering an up to date analysis of regionalism with a broad empirical scope this book explores regions and regionalism in the period after the substantial enlargements of the European Union Regionalism in Europe Peter Wagstaff,1994 This volume examines the relationship between state and region centre and periphery and capital and province within member states of the European Community The text analyzes each regional identity in a historical context and traces the growth of regional development and the dynamics of region state and inter regional competition and co operation Finally the work considers the momentum towards new transitional relationships and alliances and the prospects of the nation state faced with the growth of regions and the influence of Brussels **New Regionalism and the European Union** Alex Warleigh-Lack,Nick Robinson,Ben Rosamond,2011-06 This book explores regionalism in the European Union in comparative context with Latin American African Asian North American regionalism It also investigates the links between the EU and other regional organisations and assesses the implications for the study of contemporary regionalism both inside and beyond Europe **Drivers of Integration and Regionalism in Europe and Asia** Louis Brennan,Philomena Murray,2015-05-22 This book examines the drivers of regionalism and integration in both Europe and Asia and seeks to forge comparative perspectives between the two regions Comprising contributions from scholars analysts and policymakers this volume explores and debates how and why regional bodies such as the European Union EU and the Association of Southeast Asian Nations ASEAN are formed and sustained Furthermore it examines the drivers of and impediments to regionalism and integration The debates regarding what and who constitute drivers are presented in a fresh thematic and comprehensive manner Leadership and core states are also critically examined whilst material ideational and normative factors are all assessed comparatively Significantly in light of the global financial crisis the book considers the role of crisis as a driver of regionalism and integration This book will be of interest to students scholars and policymakers interested in Asian and European politics and comparative politics

The Rise of Regional Europe Christopher Harvie,2005-06-28 In this challenging study Harvie alters the ways in which we

have traditionally surveyed the European past by setting the positive and negative aspects of the present European situation in their historical context      *Regionalism Under Stress* Detlef Nolte, Brigitte Weiffen, 2020-06-08 Regionalism is under stress The European Union has been challenged by the Eurozone crisis refugee flows terrorist attacks Euroscepticism and Brexit In Latin America regional cooperation has been stagnating Studying Europe and Latin America within a broader comparative perspective this volume provides an analytical framework to assess stress factors facing regionalism The contributors explore how economic and financial crises security challenges identity questions raised by immigration and refugee flows the rise of populism and shifting regional and global power dynamics have had an impact on regionalism whether the EU crisis has had repercussions for regionalisms in other parts of the world and to what extent the impact of stress factors is mediated by characteristics of the region that may provide elements of resilience Written by specialists from Europe and Latin America with a shared interest in the new field of comparative regionalism this book will be an invaluable resource for students scholars and policy specialists in regional integration European politics EU studies Latin American studies and international relations and international law more generally      **The EU and World Regionalism** Philippe de Lombaerde, Michael Schulz, 2009 This comparative book investigates the impact that the EU has on regionalization elsewhere through its inter regional relations Covering agriculture trade ASEAN NAFTA MERCOSUR and Commonwealth amongst other topics it investigates whether the EU contributes directly as well as indirectly to increased regional integration in different parts of the world      **The New Regionalism in Western Europe** Michael Keating, 1998 In the 1990s the states of Western Europe faced twin challenges from above in the shape of globalization and European integration and from below in the form of new regionalist movements In this authoritative book Michael Keating traces the historical origins of regionalism showing that territorial politics has always been a feature of the West European state Then he analyses the post war model of territorial management in the Keynesian welfare state and shows how current trends are re shaping the meaning of political space and encouraging new forms of political mobilization and action This new regionalism is no longer contained within the nation state so that regions must face the global market and an integrating Europe directly Professor Keating argues that regionalism is a complex phenomenon spanning culture economics politics and policy It takes different forms in different settings shaped by the imperatives of economic competition in a global age as well as by political forces within the regions themselves There is a discussion of regionalism as a strategy for economic development of the emergence of a regional level of government and of regions with the European Union The New Regionalism in Western Europe will be essential reading for academics and students interested in European politics future integration within the European Union and European political history      Regionalism and Global Economic Integration William Donald Coleman, Geoffrey R. D. Underhill, 1998 This scholarly and interdisciplinary volume sheds much needed light on the relationship between national policies regional integration patterns and the wider global setting It covers regional patterns in Europe Asia and the Americas Individual

chapters focus on topics ranging from industrial or financial policies to social welfare regimes as well as broader assessments and comparisons of regional arrangements in a global context The chapters point to the diversity of regional patterns in the world economy and the continuing importance of national regulatory structures yet they also point to the common pressures of globalisation felt by all especially in the domain of capital markets With broad coverage and clear but sophisticated analysis this new book will be vital reading to all those seeking to clarify their understanding of the contemporary regional global paradox     The Politics of Territorial Identity Stein Rokkan,Derek W. Urwin,1982     **Comparative Regional**

**Integration** Finn Laursen,2010 This volume features up to date studies of regional integration efforts particularly those made in North America South America and East Asia Comparisons are drawn between these efforts and those made in the EU where integration has progressed much further The book asks what explains the variation in achievements What kind of agreements are needed to produce regional integration Is pooling and delegation of sovereignty necessary How important is regional leadership     *The Rise of Regionalism* Rune Dahl Fitjar,2009-09-10 This book examines why regional identities are stronger in some regions than in others and discusses the underlying causes of the mobilization of sub state regions in Western Europe over the past fifty years     European Union and New Regionalism Mario Telò,2018-02-06 This title was first published in 2001 This is a collection of papers that look at the structure of the global economy and its changing paradigms over the years The contributors look at how the classic concept of state autonomous sovereign and freed of all constraint never really reflected the reality of the international scene despite the role it has played in realist and neo realist theory for many decades Instead they consider that the political social and economic characteristics originally attributed to states seem increasingly to be expressed through regional constructs The papers in this volume show that even within regionalism there are a variety of different models that exist and examine five of those models the European Union Mercosul Mercosur the North American Free Trade Area NAFTA the Association of South East Asian Nations ASEAN and the South African Development Community SADC     *Regionalism, Globalisation and International Order* Jens-Uwe Wunderlich,2016-03-23 New regionalism and globalization have been prominent themes in academic and political debates since the beginning of the 1990s Despite the considerable amount of scholarly attention that the new regionalism has received in recent years its full empirical and theoretical potential has yet to be fully investigated This illuminating study provides an overview of new avenues in theorizing regionalism and proposes a consolidated framework for analysis and comparison Offering a comparative historical perspective of European and Southeast Asian regionalism it presents new and imaginative insights into the theory and practice of regionalism and the links between regional developments globalization and international order     *Power Relations and Comparative Regionalism* Min-hyung Kim,James A. Caporaso,2021-07-29 Three trends have dominated the political economy of integration during the last two decades globalization economic nationalism and regionalization This book explores comparative regional integration focusing on both intra regional integration and relations

among regions in the context of power The most common focus of integration studies has been on the logic of cooperation but there is another logic of integration power The relevance of power today is represented by the relations within the Eurozone especially between creditors and debtors By the same line of reasoning integration in Asia cannot ignore the respective roles of China Japan and Korea nor the unresolved disputes about Taiwan Hong Kong and the islands in the South China Sea This edited volume addresses the role of power in regional integration in three contexts 1 the role of hegemonic external actors the US and China in regional integration 2 the role of core states within regions Germany China Japan and Brazil and 3 the role of noncore states smaller and middle range powers Italy and Greece in Europe South Korea and Malaysia in Asia and Argentina Colombia Uruguay and Paraguay in Latin America This book will benefit students and scholars of international relations and comparative political economy especially those with an interest in integration studies and comparative regionalism
